For Freedom The Biography Of John Nelson Armstrong:

For Freedom Lloyd Cline Sears, 1969 **Reviving the Ancient Faith** Richard T. Hughes, 2008-01-01 A history of the churches of Christ in America with emphasis on who they are and why Fourteen chapters with pictures of Restoration leaders from both the 19th and 20th centuries **The Greatest Work in the World** Elizabeth C. Parsons, 2015-02-05 This volume of correspondence contains exchanges written between Lloyd Cline Sears 1895 1986 and Pattie Hathaway Armstrong 1899 1977 two influential leaders in early educational efforts of the Churches of Christ Spanning the years 1915 to 1921 the letters document their writers romance but they are more than simply love letters They also express an educational philosophy and an understanding of Christian purpose as inspired by the Stone Campbell Movement and held in tension with the intellectual and social ferment of the times Posts from family members J N and Ida Woodson Harding Armstrong as well as from Pattie Cobb Harding wife of James A Harding augment those of the principle authors Their correspondence allows rare access to privately expressed thoughts of men and women attempting to live as Christian educators at the outset of an uncertain and rapidly changing twentieth century The letters also offer lessons for contemporary American Christians in these even more volatile times **The Churches of Christ** Richard T. Hughes, 2001-05-30 This volume tells the story of the Churches of Christ one of three major denominations that emerged in the United States from a religious movement led by Alexander Campbell and Barton W Stone in the early 19th century Beginning as an effort to provide a basis on which all Christians in America could unite the leaders of the movement relied on the faith and practice of the primitive church Ironically this unity movement eventually divided precisely along the lines of its original agenda as the Churches of Christ rallied around the restorationist banner while the Disciples of Christ gathered around the ecumenical cause Yet having begun as a countercultural sect the Churches of Christ emerged in the 20th century as a culture affirming denomination This brief history together with biographical sketches of major leaders provides a complete overview of the denomination in America The book begins with a concise yet detailed history of the denomination s beginnings in the early 19th century Tracing the influence of such leaders as Stone and Campbell the authors chronicle the triumphs and conflicts of the denomination through the 19th century and its reemergence and renewal in the 20th century The biographical dictionary of leaders in the Churches of Christ rounds out the second half of the book and a chronology of important events in the history of the denomination offers a quick reference guide A detailed bibliographic essay concludes the book and points readers to further readings about the Churches of Christ **Churches of Christ in Oklahoma** W. David Baird, 2020-01-23 In the 1950s and 1960s Churches of Christ were the fastest growing religious organization in the United States The churches flourished especially in southern and western states including Oklahoma In this compelling history historian W David Baird examines the key characteristics individuals and debates that have shaped the Churches of Christ in Oklahoma from the early nineteenth century to the beginning of the twenty first century Baird s narrative begins with an account of the Stone

Campbell movement which emerged along the American frontier in the early 1800s. Representatives of this movement in Oklahoma first came as missionaries to American Indians mainly to the Cherokees, Chickasaws, and Choctaws. Baird highlights the role of two prominent missionaries during this period and he next describes a second generation of missionaries who came along during the era of the Twin Territories prior to statehood. In 1906, as a result of disagreements regarding faith and practice, followers of the Stone-Campbell Movement divided into two organizations: Churches of Christ and Disciples of Christ. Baird then focuses solely on Churches of Christ in Oklahoma, all the while keeping a broader national context in view. Drawing on extensive research, Baird delves into theological and political debates and explores the role of the Churches of Christ during the two world wars. As Churches of Christ grew in number and size throughout the country during the mid-twentieth century, controversy loomed. Oklahoma's Churches of Christ argued over everything from Sunday schools and the support of orphan's homes to worship elements, gender roles in the church, and biblical interpretation. And nobody could agree on why church membership began to decline in the 1970s despite exciting new community outreach efforts. This history by an accomplished scholar provides solid background and new insight into the question of whether Churches of Christ locally and nationally will be able to reverse course and rebuild their membership in the twenty-first century.

Routledge Library Editions: Higher Education Various, 2021-03-29. The volumes in this set originally published between 1964 and 2002 draw together research by leading academics in the area of higher education and provide a rigorous examination of related key issues. The volume examines the concepts of learning, teaching, student experience, and administration in relation to the higher education through the areas of business, sociology, education reforms, government, educational policy, business, and religion, whilst also exploring the general principles and practices of higher education in various countries. This set will be of particular interest to students and practitioners of education, politics, and sociology. *A Distinct People* Robert E. Hooper, 1993. *American Book Publishing Record Cumulative, 1950-1977* R.R. Bowker Company. Department of Bibliography, 1978. *Religious Higher Education in the United States* Thomas Hunt, James Carper, 2018-10-11. Originally published in 1996, *Religious Higher Education in the United States* looks at the issue of higher education and a lack of a clearly articulated purpose, an issue particularly challenging to religiously affiliated institutions. This volume attempts to address the problems currently facing denomination-affiliated institutions of higher education, beginning with an introduction to government aid and the regulation of religious colleges and universities in the US. The greater part of the volume consists of 24 chapters, each of which begins with a historical essay followed by annotated bibliographical entries covering primary and secondary sources dating back to 1986 on various denomination-connected institutions.

Biographical Books, 1950-1980 R.R. Bowker Company. Department of Bibliography, 1980. ***Religious Colleges and Universities in America*** Thomas Hunt, James Carper, 2018-10-10. Originally published in 1988, *Religious Higher Education in the United States* is a selected bibliography of sources addressing how religion has changed and affected education in the
