Eine Todliche Liebe Petra Kelly Und Gert Bastian:

Eine tödliche Liebe: Petra Kelly und Gert Bastian Alice Schwarzer,2001 **Eine tödliche Liebe: Petra Kelly und Gert Bastian** ,2019 **Encyclopedia of Contemporary German Culture** John Sandford,2013-04-03 With more than 100 entries written by an international group of over 150 contributors the Encyclopedia of Contemporary German Culture brings together myriad strands of social political and cultural life in the post 1945 German speaking world With a unique structure and format an inclusive treatment of the concept of culture and coverage of East West and post unification Germany as well as Austria and Switzerland the Encyclopedia of Contemporary German Culture is the first reference work of its kind Containing longer overviews of up to 2 000 words as well as shorter factual entries cross referencing to other relevant articles useful further reading suggestions and extensive indexing this highly useable volume provides the scholar teacher student or non specialist with an astonishing breadth and depth of information **The Age of Ecology** Joachim Radkau,2014-04-03 This book is the first major study of the history of environmentalism from its origins in romanticism and the nature cults of the late 18th century to the global environmental movements of today Radkau shows that this is not a single story of the steady ascent of environmentalism but rather a multiplicity of stories each with its own dramatic tension between single issue movements and the challenges posed by the interconnection of environmental issues between charismatic leaders and bureaucratic organizations and between grassroots movements and global players While the history can be traced back several centuries environmentalism has flourished since the environmental revolution of 1970 spurred on by the Chernobyl nuclear disaster in 1986 and the growing concern about global warming While environmentalists often opposed the scientific mainstream they were also often led by scientific knowledge Environmentalism is the true Enlightenment of our time so much so that we can call our era the age of ecology This timely and comprehensive global history of environmentalism will be essential reading for anyone concerned with the most pressing global issues of our time

Realities and Fantasies of German Female Leadership Elisabeth Krimmer,2019 The Western tradition of excluding women from leadership and disparaging their ability to lead has persisted for centuries not least in Germany Even today resistance to women holding power is embedded in literary cultural and historical values that presume a fundamental opposition between the adjective female and the substantive leader Women who do achieve positions of leadership are faced with a panoply of prejudicial misconceptions either considered incapable of leadership conceived of as alpha male behavior or pigeonholed as suited only to particular forms of leadership nurturing cooperative egalitarian communicative etc Focusing on the German speaking countries this volume works to dismantle the prevailing disassociation of women and leadership across a range of disciplines Contributions discuss literary works involving women's political authority and cultivation of community from Maria Antonia of Saxony to Elfriede Jelinek women's social activism as embodied by figures from Hedwig Dohm to Rosa Luxemburg women in political film environmentalism neoliberalism and the media from Leni Riefenstahl to

Petra Kelly to Maren Ade and political leaders Hillary Clinton and Angela Merkel The essays achieve a deeper understanding of the historical roots and theoretical assumptions that inform ideas and realities of German female leadership

[Ecology or Catastrophe](#)

Janet Biehl,2015-09-01 Murray Bookchin was not only one of the most significant and influential environmental philosophers of the twentieth century; he was also one of the most prescient. From industrial agriculture to nuclear radiation, Bookchin has been at the forefront of every major ecological issue since the very beginning, often proposing a solution before most people even recognized there was a problem. *Ecology or Catastrophe: The Life of Murray Bookchin* is the first biography of this groundbreaking environmental and political thinker. Author Janet Biehl worked as his collaborator and copyeditor for 19 years, editing his every word. Thanks to her extensive personal history with Bookchin as well as her access to his papers and archival research, *Ecology or Catastrophe* offers unique insight into his personal and professional life. Founder of the social ecology movement, Bookchin first started raising environmental issues in 1952. He foresaw global warming in the 1960s and even then argued that we should look into renewable energy sources as an alternative to fossil fuels. Wary of pesticides and other chemicals used in industrial agriculture, he was also an early advocate of small-scale organic farming, which has developed into the present locavore movement and the revival of organic markets. Even Occupy can trace the origins of its leaderless structure and general assemblies to the nonhierarchical organizational form Bookchin developed as a libertarian socialist. Bookchin believed that social and ecological issues were deeply intertwined. Convinced that capitalism pushes businesses to maximize profits and ignore humanist concerns, he argued that eco crises could be resolved by a new social arrangement. His solution was Communalism, a new form of libertarian socialism that he developed. An optimist and utopian, Bookchin believed in the potentiality for human beings to use reason to solve all social and ecological problems.

Greening Democracy

Stephen Milder,2017-04-24 This book reveals how concerns about nuclear reactors made ordinary people into environmentalists and promoted democratic engagement in West Germany during the 1970s.
