Carl E. Braaten

Either Or The Gospel Or Neopaganism:

Either/or Carl E. Braaten, Robert W. Jenson, 1995 The contributors to this volume argue forthrightly that neopaganism is not merely an objective threat from outside the walls of the church in fact gnostic forms of thought and spirituality permeate the church's inner life under such guises as pluralism multiculturalism feminism and hospitality Their essays are a direct attack on once Bible centered doctrine that is now being mingled with alternatives that are inherently hostile to the Christian faith Contributors Robert W Jenson Carl E Braaten Joseph Augustine DiNoia James R Crumley Robert L Wilken K Paul Wesche L Gregory Jones *Contemporary Druidry: A Historical and Ethnographic Study* Michael T. Cooper, 2010-08-21 Contemporary Druidry is one of the fastest growing religions in Western society This book addresses the attempt by practitioners to bring an ancient spirituality into the mainstream It examines ancient Druid beliefs and critiques the contemporary expression by comparing the two Relying on eight years of research and more than 200 interviews the book provides an outsider's look at this faith **Religion, Education and Post-Modernity** Andrew Wright, 2003-12-16 This book the first to explore religious education and post modernity in depth sets out to provide a much needed examination of the problems and possibilities post modernity raises for religious education At once a general introduction to this topic and a distinctive contribution to the debate in its own right Religion Education and Post modernity explores and illuminates the problems and possibilities opened up for religious education by postmodern thought and culture The book describes the emergence of post modernity considers the impact of post modernity on religion addresses its impact on the philosophy of religion and considers the nature of religious education in the post modern world Andrew Wright argues that although post modernity has much to offer the religious educator there are also many pitfalls and dangers to be avoided Steering clear of the extreme of post modern hyper realism he constructs a religious pedagogy sensitive to post modern concerns for alterity difference and the voice of the Other whilst insisting on the importance of reasons in cultivating religious literacy **Nine Marks of a Healthy Church** Mark Dever, 2013 A must read for church leaders and members alike this book outlines nine essential marks that distinguish a healthy biblical church This classic book is now revised with a new foreword a fresh cover and updated content illustrations and appendices Third edition **The Word of Christ and the World of Culture** Paul Louis Metzger, 2005-10-01 The theological revolution that Karl Barth inspired was by no means a dismissive reaction to modern culture but rather was a dynamic and carefully nuanced encounter with the concerns of his day This excellent new work by Paul Lewis Metzger provides an exposition and extension of Barth's engagement of culture in view of his doctrine of the Word Metzger demonstrates that Barth endeavored to relate Christ to culture in inseparable terms while maintaining a distinction between them Working from an intimate knowledge of all of Barth's writings Metzger shows how Barth's doctrine of the Word provides a sound basis on which to build a theological model of culture that guards against the two extremes of either the divinization or the secularization of culture while at the same time nurturing a healthy appreciation for the secular

domain The first part of the book analyzes Barth's formative theological period which is characterized by his engagement with culture and what is termed Culture Protestantism The second part of the book focuses on how Barth's answer a dialectical model of the Word enabled him to offer a constructive synthesis of Christ and culture The final section of the book traces the way Barth was able to frame culture within his theological model and yet continue to champion the secular domain The Word of Christ and the World of Culture is a superb volume that will benefit anyone studying Barth modern theology or the relation of Christianity and culture

The Gospel and Personal Evangelism (Foreword by C. J. Mahaney) Mark Dever, 2007-09-07 Evangelism is not only misunderstood it is often unpracticed Many Christians want to share the gospel with others but because those Christians don't grasp the fundamentals of witnessing they feel intimidated and incapable of sharing the truth of the gospel Yet those believers fail to recognize that God has already established who and how we are to evangelize In The Gospel and Personal Evangelism Dr Mark Dever seeks to answer the four basic questions about evangelism that many Christians ask Who should we evangelize How should we evangelize What is evangelism Why should we evangelize In his answers Dever draws on New Testament truths and helps believers apply those truths in practical ways As readers understand the fundamentals of evangelism they will begin to develop a culture of evangelism in their lives and their local churches

The Centrality of Christ in Contemporary Missions Mike Barnett, Michael Pocock, 2005

The Evangelical Dictionary of World Religions H. Wayne House, 2019-02-19 With all of the different religions sects denominations and belief systems out there it can be difficult to separate the facts from mere opinion especially if one is relying solely on online sources which may or may not be vetted and which often have an ideological or political slant to them How can we truly understand if we cannot even be sure we are getting the facts straight In this comprehensive resource more than 75 evangelical scholars offer a thoroughly researched guide to Christianity other world religions and alternative religious views including entries on movements theological terms and major historical figures Perfect for pastors students and anyone who wants ready access to information on today's religious landscape

Reasons for Our Hope H. Wayne House, Dennis W. Jowers, 2011-10 A sophisticated yet accessible introductory guide to an articulate and well informed defense of the Christian faith

Because of Christ Carl E. Braaten, 2018-10-11 Carl Braaten's memoirs tell the story of his life as a theologian from his early years as a missionary kid in Madagascar to his years of study at the universities of Paris Harvard Heidelberg and Oxford to his decades of teaching Throughout the book he delves into the many theological movements controversies and personalities that shaped his thinking and writing Braaten's fight for the faith is reflected in his theological work spoken and written that tangles with the isms of the surrounding culture of American religion Because of Christ is more than simply a biography it is a chronicle of the chief theological conflicts of the twentieth century that put the integrity of the gospel to the test

Reclaiming the Bible for the Church Carl E. Braaten, 1995 These essays address the notorious gap between the historical critical approach to the study of the Bible and the church's liturgical and dogmatic transmission of biblical faith

and they suggest that the historical critical method does not suffice of itself apart from the gospel and apart from the church

Sacred Rhetoric Michael Pasquarello III, 2012-06-01 Modern approaches to preaching today are largely fixated on how to s how to make preaching more relevant more interesting more entertaining Michael Pasquarello suggests that this fixation may stem from a preaching imagination more beholden to technical scientific reason than theological wisdom Rather than devising new techniques or strategies for effective speaking Pasquarello offers something more salutary portraits of ten exemplary preachers from the Christian tradition Included in Pasquarello s gallery are Augustine of Hippo Gregory the Great Benedict Bernard of Clairvaux Bonaventure Thomas Aquinas Erasmus Hugh Latimer Martin Luther and John Calvin These excellent preachers conceived of Christian speech as a unique theological practice learned through prayerful attention to the Bible and aimed at communion with God Sacred Rhetoric invites readers to join an extended conversation with the past in order to become faithful preachers of the gospel in a post Christian society Preachers seminarians and students of Christian history will find much to learn from Pasquarello s fresh perspective and passion for the past Rhyming Hope and History

Russell Rook, 2011-10-26 The subject of culture has provided theologians with a whole new realm of exploration By the turn of the twentieth century and the beginning of this new millennium the subject of culture had presented itself to theologians and church leaders for vital consideration As one of the world s leading theologians Robert Jenson s eminent career has coincided with the pre eminence of culture in theological and churchly discussion Having described himself as a theologian of culture in his earliest works culture continually informs Jenson s systematic theology which in turn works its way out in countless cultural forms In Rhyming Hope and History we explore the philosophical and theological influences of Jenson s work and outline their vast and varied applications to the world of culture and the life of the church For Jenson the church is the cultural embodiment of the risen Christ in the fallen reality of our world In a series of conversations between Jenson and leading thinkers including G W F Hegel Jonathan Edwards Wittgenstein Richard H Niebuhr Kathryn Tanner Paul Tillich Nicholas Wolterstorff Augustine and Jeremy Begbie we explore this creative and courageous proposal The Freedom of God

God James Daryn Henry, 2018-05-30 The Freedom of God wrangles with the unfolding legacy of Christian theologian Robert Jenson and presents the first in depth study of his teaching on the Holy Spirit It is a specialist monograph that will entice those with interest in academic theology systematics and twentieth and twenty first century Christian thought especially the post Barthian historicist electionism and the post Rahnerian immanent and economic trinitarian project conversations Devoted readers of the works of Robert Jenson scholars of pneumatology third article theology or pentecostal renewal movements practitioners of liberation theology and supporters of ecumenical theology will all be particularly gripped by the analysis developed in this work As a text the Freedom of God could find a home in graduate seminars seminary classrooms and in classes for advanced undergraduates for those studying Jenson as a way into systematic theology and contemporary Christian thought or in any thematic doctrinal courses on the Holy Spirit or the Trinity **Kierkegaard for the Church**

Ronald F. Marshall, 2013-08-30 Most of what is written on Kierkegaard today is for the college classroom and academic conferences The guiding question of this book is that if Kierkegaard's words about Christianity are true how do they change the way we learn and practice the Christian faith today This book is an answer to that question It does not enter into an extended critical discussion over the truth of Kierkegaard's ideas Instead it just believes what Kierkegaard said and runs with it It does that by showing how his ideas change our understanding of Christian identity suffering and illness worship and preaching the Bible baptism prayer marriage and divorce criticism and the Christian minister Interspersed are many quotations from Martin Luther whose thought significantly shaped Kierkegaard's At the end of the book is a hefty collection of sermons to show how all of this can be preached in the church What Kierkegaard for the Church adds to our understanding of Kierkegaard is the place of the church in his thought Because of his criticisms of the Danish state church and his stress on the need for the single individual to appropriate Christian teachings it could be imagined that he rejected the church But that would be to throw the baby out with the bath The fact is that Kierkegaard remained a loyal son of the church even while he attacked it And he did this only so he could strengthen what he loved Following Jesus Phillip C.

Thraillkill, 2022-10-17 Two questions are braided together in Luke's Gospel Who is Jesus and what does it mean to be his student and apprentice The church has spent much of its intellectual energies on the first question but not so much on the second We are precise in our Christology and vague in our Discipleology my new word Of the four biographies that open the New Testament Luke is perhaps the best equipped to answer the question of what it means to follow Jesus along with others and what we can expect in the process Luke's Gospel is dense with story after story about Jesus's stumbling goofy persistent disciples And his second volume Acts continues the tale There is a deep continuity as Luke teaches between Jesus's original disciples and the ones who later declared their allegiance to him after his resurrection We walk in the footsteps of pioneers in this new way of living with a Jesus who is always near but just beyond sight The aim of this book is to plunder the fruits of New Testament scholarship especially the tools of rhetorical and narrative criticism to highlight what an incredible adventure came with the call to follow me **Retrieving the Natural Law** J. Daryl Charles, 2008-04-14 J Daryl Charles

argues that a traditional metaphysics of natural law lies at the heart of the present reconstructive project and that a revival in natural law thinking is of the highest priority for the Christian community as we contend in rather than abdicate the public square Nowhere is this more on display than in the realm of bioethics where the most basic moral questions human personhood human rights versus responsibilities the reality of moral evil the basis of civil society are being debated from publisher description **The One Creator God in Thomas Aquinas and Contemporary Theology** Michael J. Dodds, OP, 2020-08-21 This book provides a fundamental introduction to Aquinas's theology of the One Creator God Aimed at making that thought accessible to contemporary audiences it gives a basic explanation of his theology while showing its compatibility with contemporary science and its relevance to current theological issues Opening with a brief account of Aquinas's life it

then describes the purpose and nature of the Summa Theologica and gives a short review of current varieties of Thomism. Without neglecting other works it then focuses primarily on the discussion of the One God in the first part of the Summa Theologica. God's transcendence and immanence is a recurrent theme in that discussion. Evidence of God's immanent causality in the natural world grounds Aquinas's five arguments for the existence of God, the Five Ways, which then open onto God's transcendence. The subsequent discussion of the divine attributes builds on the modes of God's causality established in the Five Ways. It also shows the need for a language of analogy to preserve God's transcendence and prevent us from reducing God to the level of creatures even as qualities such as goodness and love, which we first know from creatures, are applied to God. The discussion of God's providence and governance establishes that the transcendent Creator God is most intimately present in creation. God acts in all creatures in a way that does not diminish their proper causality but is rather its source. As there is no contradiction between God's transcendence and immanence, so there is no competition between the primary causality of God and the secondary causality of creatures. Empirical science, which is limited by its method to the secondary causality of creatures, is shown to be compatible with the broader discipline of theology, which also embraces the primary causality of the Creator.

New Age, Neopagan, and New Religious Movements Hugh B. Urban, 2015-09-15. *New Age, Neopagan, and New Religious Movements* is a comprehensive and user-friendly book devoted to the study of alternative spiritual currents in modern America. The book covers a wide range of new religions from the mid-nineteenth century to the present, including the Native American Church, Mormonism, Spiritualism, Scientology, the Nation of Islam, Rastafari, ISKCON, Wicca, the Church of Satan, Peoples Temple, Branch Davidians, and the Raelians. Each chapter focuses on one key issue or debate that raises larger issues in the study of religion and American culture, more broadly, such as the legality of peyote in the Native American Church, the role of women and feminism in Wicca, the role of hip hop and reggae music in the spread of the Nation of Islam and Rastafari, and the debate over human cloning in the Raelian movement. The book also addresses key theoretical and methodological problems in the study of new religions. Why has there been such a tremendous proliferation of new spiritual forms in the past 150 years, even amid our increasingly rational, scientific, technological, and secular society? Why has the United States become the heartland for the explosion of new religious movements? How do we deal with complex legal debates, such as the use of peyote by the Native American Church, the use of marijuana by Rastafarians, or the practice of plural marriage by some Mormon communities? And how do we navigate issues of religious freedom and privacy in a new age of religious violence, terrorism, and government surveillance? Provided by publisher.

International Mission Bibliography Norman E. Thomas, 2003-10-16. This massive reference is the key to finding the most important works on missiology published from 1960-2000. Representing the research of more than 30 sub-editors in mission-related disciplines, including history, theology, social aspects, education, evangelism, spirituality, and political life, and includes sections on Africa, the Americas, Asia, Europe, and Oceania. Complete publication details and ISBNs are given for each entry.
