Orientalism and Identity in Latin America Erik Camayd-Freixas, 2013-03-14 Building on the pioneering work of Edward Said in fresh and useful ways contributors to this volume consider both historical contacts and literary influences in the formation of Latin American constructs of the Orient and the Self from colonial times to the present In the process they unveil wide ranging manifestations of Orientalism Contributors scrutinize the other great encounter not with Europeans but with Arabic Chinese and Japanese cultures as they marked Latin American societies from Mexico Central America and the Caribbean to Peru Argentina and Brazil The perspectives experiences and theories presented in these examples offer a comprehensive framework for understanding wide ranging manifestations of Orientalism in Latin America and elsewhere in the developing world *Orientalism and Identity in Latin America* expands current theoretical frameworks juxtaposing historical biographical and literary depictions of Middle Eastern and Asian migrations both of people and cultural elements as they have been received perceived refashioned and integrated into Latin American discourses of identity and difference Underlying this intercultural dialogue is the hypothesis that the discourse of Orientalism and the process of Orientalization apply equally to Near Eastern and Far Eastern subjects as well as to immigrants regardless of provenance and indeed to any individual or group who might be construed as Other by a particular dominant culture **Spanish Spaces** Ann

Moderns Brett Levinson, 1996 *Secondary Moderns* examines Lezama Lima's analyses of Latin American history and culture The study begins by carefully demonstrating how Lezama breaks with the modern Latin American intellectual tradition that has explored the question of Latin American in terms of an identity politics and moves on to a close reading of the theories of aesthetics representation resistance criticism death religion and ethics that Lezama puts forth via his notion of the American expression The work concludes by analyzing Lezama's politics of affirmation by scrutinizing his writings on Cuba and the Cuban Revolution *Secondary Moderns* represents a thorough analysis of Lezama's cultural project Latin American twentieth century thought and the complex intersection of Latin American studies and the post Heideggerian philosophical tradition Refuting labels that have too hastily been attached to Lezama's difficult works those works have been dubbed elitist or transcendentalist the text strives to establish Lezama as one of the great thinkers of historicity in the modern age For while many critics have suggested that Latin American modernity is born via a reading and rewriting of Western discourses Lezama's American expression is the site where this theory is most radically put into practice The practice moreover permits one to understand not only Latin American cultural theory but Western thought itself indeed Lezama's aberrant reading of

the West by its very aberrant character reveals aspects of the Western tradition never before explored BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Space, Drama, and Empire** Javier Lorenzo,2023-09-15 Space Drama and Empire examines the role that space played as a vehicle to imperialize Spain s history in Lope de Vega s theater Lope s national history plays this book argues used the landscapes and settings of the past to foretell and legitimize Spain s imperial present and to map or plot its expansionist trajectory throughout the centuries

Occupying Space in American Literature and Culture Ana M. Manzananas,Jesús Benito Sanchez,2014-04-24 Occupying Space in American Literature and Culture inscribes itself within the spatial turn that permeates the ways we look at literary and cultural productions The volume seeks to clarify the connections between race space class and identity as it concentrates on different occupations and disoccupations enclosures and boundaries Space is scaled up and down from the body the ground zero of spatiality to the texturology of Manhattan from the striated place of the office in Melville s Bartleby the Scrivener on Wall Street to the striated spaces of internment camps and reservations from the lowest of the low the human clutter that lined the streets of Albany NY during the Depression to the new Towers of Babel that punctuate the contemporary architecture of transparencies As it strings together these spatial narratives the volume reveals how beyond the boundaries that characterize each space every location has loose ends that are impossible to contain **Empires of**

Vision Martin Jay,Sumathi Ramaswamy,2014-03-14 Combining visual culture and postcolonial studies this reader shows that an appreciation of the role of visual experience is necessary for understanding how colonialism worked and how colonized subjects spoke to imperial rulers Rethinking Juan Rulfo's Creative World Nuala Finnegan,Dylan Brennan,2016-05-05

Though primarily known for his haunting enigmatic novel Pedro P ramo and the unrelenting depictions of the failures of post revolutionary Mexico in his short story collection El Llano en llamas Juan Rulfo also worked as scriptwriter on various collaborative film projects and his powerful interventions in the area of documentary photography ensure that he continues to inspire interest worldwide Bringing together some of the most significant names in Rulfian scholarship this anthology engages with the complexity and diversity of Rulfo s cultural production The essays in the collection bring the Rulfian texts into dialogues with other cultural traditions and techniques including the Japanese Noh or mask plays and modernist experimentation in the Irish language They also deploy diverse theoretical frameworks that range from Roland Barthes work on studium and punctum in photography to Henri Lefebvre s ideas on space and spatiality and the postmodern insights of Jean Baudrillard on the nature of the simulacrum and the hyperreal In this way innovative approaches are brought to bear on the Rulfian texts as a way of illuminating the rich tensions and anxieties they evoke about Mexico about history about art and about the human condition **Transborder Media Spaces** Ingrid Kummels,2017-07-01 Transborder Media Spaces offers a
