Qingchuan,2021-03-15 La psicolog a de las percepciones interiores es una nueva rama de la psicolog a y tiene sus ra ces en la cultura china especialmente en la Medicina Tradicional China Con este libro los autores nos acercan en un lenguaje actual

las raíces históricas y las técnicas específicas para la percepción interior. Un modo de percepción en que se basa esta nueva psicología: conocer el mundo a través de la mente que en lugar de orientarse hacia afuera se dirige hacia adentro. Esta manera de explorar los principios de la vida se ha aplicado desde la antigüedad con el propósito de mantener una buena salud y lograr una vida longeva. Sin embargo, en el siglo pasado se ha tendido a un conocimiento abstracto y meramente filosófico de la esencia de la percepción interior. Muchos conceptos como la unidad del hombre y el cielo, por ejemplo, acabaron siendo símbolos culturales de filosofías antiguas. El hecho de que este concepto se refiera a un estado perceptible en el que el ser humano está conectado al cielo por medio del *qi* apenas se conoce hoy día. Considerar la vida desde una perspectiva holística y más abarcadora puede ser hoy parte de una moda, pero son pocos quienes experimentan el sentido real de estar conectados interna y externamente con el cielo y la tierra. Diferente entonces de la metodología de la investigación moderna en la que la mente se orienta hacia lo exterior y es fundamentalmente objetiva, no subjetiva, la percepción interior implica dirigir la mente hacia nuestro interior para nutrirla y reforzar su poder.

White Light Ronald J. Friis, 2021-11-12
White Light The Poetry of Alberto Blanco examines the interplay of complementary images and concepts in the award winning Mexican writer's cycle of poems from 1979 to 2018. Blanco's poetic trilogy *A la luz de siempre* is characterized by its broad range of form and subject and by the poet's own eclectic background as a chemist, maker of collages and musician. Blanco speaks the language of the visual arts, science, mathematics, music and philosophy and creates work with deep interdisciplinary roots. This book explores how polarities such as space and place, reading and writing, sound and silence, visual and verbal representation and faith and doubt are woven through *A la luz de siempre*. These complements reveal how Blanco's poetry like the phenomenon of white light embraces paradox and transforms into something more than the sum of its disparate and polychromatic parts.
