The vital resource for grading all assignments from the Master s Class Biology course which includes Instruction in biology with labs that provide comprehensive lists for required materials detailed procedures and lab journaling pages A strong Christian worldview that clearly reveals God s wondrous creation of life and His sustaining power This is an introductory high school level course covering the basic concepts and applications of biology This 36 week study of biology begins with an overview of chemistry while opening a deeper understanding of living things that God created The course moves through the nature of cells ecosystems biomes the genetic code plant and animal taxonomies and more Designed by a university science professor this course provides the solid foundation students will need if taking biology in college FEATURES The calendar provides daily lessons with clear objectives and the worksheets quizzes and tests are all based on the readings Labs are included as an integral part of the course Life Science for Christian Schools William S. Pinkston,1999 Biology for Christian Schools William S. Pinkston,1991 **What about Evolution?** April Maskiewicz Cordero,Douglas Estes,Telford Work,2022-06-29

It can be a shock in our culture for a Christian to encounter evolutionary biology and conversely for a Darwinian to encounter biblical Christianity Can a devout Christian with a high view of scripture accept scientific views of evolution Some proponents of biblical Christianity or Darwinian evolution are quick to claim their incompatibility However as strong believers in both Christ and the sciences we find more harmony than friction between them If you or someone you care about sees a tension between evolution and Christian faith we want to help you understand their interaction This book written by a biologist a pastor biblical scholar and a theologian addresses questions from the gifts of each of their disciplines We acknowledge the insights and authority of the Bible explain the science of evolution explore their mutual relevance and argue that holding the two together deepens our understanding of the world and its creator
