Stroheim Joel W. Finler, *Interpreting Films* Janet Staiger, 2020-07-21 Employing a wide range of examples from Uncle Tom's Cabin and Birth of a Nation to Zelig and Personal Best Janet Staiger argues that a historical examination of spectators responses to films can make a valuable contribution to the history criticism and philosophy of cultural products She maintains that as artifacts films do not contain immanent meanings that differences among interpretations have historical bases and that these variations are due to social political and economic conditions as well as the viewers constructed images of themselves After proposing a theory of reception study the author demonstrates its application mainly through analyzing the varying responses of audiences to certain films at specific moments in history Staiger gives special attention to how questions of class gender sexual preference race and ethnicity enter into film viewers interpretations Her analysis reflects recent developments in post structuralism cognitive psychology psychoanalysis and cultural studies and includes a discussion of current reader response models in literary and film studies as well as an alternative approach for thinking about historical readers and spectators

Boats on the Marne Prakash Younger, 2017-10-16 Boats on the Marne offers an original interpretation of Jean Renoir's celebrated films of the 1930s treating them as a coherent narrative of philosophical response to the social and political crises of the times Grounded in a reinterpretation of the foundational film philosopher Andr Bazin and drawing on work from a range of disciplines film studies art history comparative literature political and cultural history the book's coordinated consideration of Renoir's films writings and interviews demonstrates his obsession with the concept of romanticism Renoir saw

romanticism to be a defining feature of modernity a hydra headed malady which intimately shapes our personal lives culture and politics blinding us and locking us into agonistic relationships and conflict While mapping the popular manifestations of romanticism that Renoir engaged with at the time this study restores the philosophic weight of his critique by tracing the phenomenon back to its roots in the work and influence of Jean Jacques Rousseau who first articulated conceptions of human desire identity community and history that remain pervasive today Prakash Younger argues that Renoir s films of the 1930s articulate a multi stranded narrative through which the director thinks about various aspects of romanticism and explores the liberating possibilities of an alternative paradigm illuminated by the thought of Plato Montaigne and the early Enlightenment When placed in the context of the long and complex dialogue Renoir had with his audience over the course of the decade masterpieces such as *La Grande Illusion* and *La Règle du Jeu* reveal his profound engagement with issues of political philosophy that are still very much with us today *Thalberg* Bob Thomas,2000-09-16 More than seventy five years after his death Irving Thalberg remains a legendary Hollywood figure In this definitive biography his legend comes to life from his beginnings as the Boy Wonder of Hollywood to the creation with Louis B Mayer of Metro Goldwyn Mayer to his tragic death at the age of thirty seven With his remarkable talent for developing stars and doctoring scripts this architect of the American film created some of America s best loved movies *Ben Hur* *Mutiny on the Bounty* *A Night at the Opera* *Grand Hotel* *Romeo and Juliet* *The Good Earth* *Camille* His genius has made his name a legend in the land of legends **S.A.
