Fools Death:

Death's Jest-book; Or, The Fool's Tragedy Thomas Lovell Beddoes,1850 The Fool's Journey: the History, Art, and Symbolism of the Tarot Robert M. Place,2010 This is one of the best resources for understanding the Tarot s mystical symbolism It includes an updated history based on Place s The Tarot History Symbolism and Divination which Booklist said may be the best book ever written on the tarot This edition adds color illustrations of key works and comparative illustrations from the Renaissance from alchemical texts from ancient Egypt and from occult sources It views the Tarot as a 500 year visual conversation between artists mystics and occultists The work is based on the 2010 Tarot exhibition at the LA Craft and Folk Art Museum curated by Place and includes the Visconti Sforza Tarot the 1st Italian printed deck the oldest Tarot of Marseille The 1st occult reference the 1st occult Tarot the 1st modern Tarot the 1st New Age Tarot and examples from popular modern decks including the Twilight Tarot the Legacy Tarot the Deviant Moon Tarot the Annotated Tarot of the Sevenfold Mystery and Place s Alchemical Tarot *The 'Powers' of Personification* Joseph R. Dodson,2008-12-10 While scholars have often found value in comparing Wisdom and Romans a comparison of the use of personification in these works has not yet been made despite the striking parallels between them Furthermore while scholars have studied many of these personifications in detail no one has investigated an individual personification with respect to the general use of the trope in the work Instead most of this research focuses on a personification in relation to its nature as either a rhetorical device or a supernatural power The Powers of Personification seeks to push beyond this debate by evaluating the evidence in a different light that of its purpose within the overall use of personification in the respective work and in comparison with another piece of contemporaneous theological literature This book proposes that the authors of Wisdom and Romans employ personification to distance God from the origin of evil to deflect attention away from the problem of righteous suffering to the positive sides of the experience or to defer the solution for the suffering of the righteous to the future *The Works of William Shakespeare: Preface. Literature Homo Insipiens is a fascinating description of these two perennial figures in European and North American history folklore theater literature arts and popular culture The first part of the book separates them into ten different subcategories and recounts the most vivid and influential manifestations of different kinds of fools and clowns in cultural history The second part singles out three European writers who have made a significant contribution to the elucidation of the concept of folly William Shakespeare Fyodor Dostoevsky and Samuel Beckett have painted an entire gallery of fools clowns and buffoons created not only to entertain but also to explore the meaning of human life The most important concepts in the book are illustrated by captivating characters and tales that have made people both laugh and arrive at a deeper understanding of themselves and the world around them
