Cretaceous Period into the world of the twentieth century Entire neighborhoods and cities were replaced by dense primeval jungles and modern humanity suddenly found itself sharing the earth with fierce dinosaurs In the end desperate measures were taken to halt the disruptions and the crisis appeared to be over Until now Slowly at first but with increasing frequency time begins to unravel once more What s worse Nick Paulson Director of the newly formed Office of Security Science discovers that the time displacements are being manipulated by unknown parties utilizing a mysterious new technology Indeed the very integrity of the space time continuum appears to be at risk To preserve both the future and the past Nick and his allies must uncover the secrets hidden within in a lost temple at the center of a dino infested jungle and in an enigmatic structure on the surface of the moon But they are not alone in their quest A cult of ruthless fanatics is also intent on controlling the time waves and they will stop at nothing to reshape history to their own design At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied
