

**“THE  
CONSCIENCE  
OF THE  
KING”**

# For King And Conscience

**Christian Drosten**

## **For King And Conscience:**

**The Voice of Conscience** Lewis Baldwin, 2010-09-28 Martin Luther King Jr is celebrated widely as the quintessential model of Christian activism in his time but his understanding of and vision for the church has been surprisingly neglected In this book Lewis V Baldwin contends that King was fundamentally a man of the church Beginning with King s roots in Atlanta s Ebenezer Baptist Church Baldwin traces the evolution of King s attitude toward the church through his college seminary graduate school and civil rights years The emphasis is on King s concept of the church as the voice of conscience Baldwin persuasively claims that King challenged the church over the need for a higher spiritual and ethical ideal and that King s moral leadership and eventual martyrdom did much to reestablish the credibility of the church at a time when some theologians were declaring the death of God Baldwin critiques the contemporary church on the basis of King s prophetic model and concludes by insisting that this model not the entrepreneurial spirituality of the contemporary megachurches embodies the best potential for much needed church renewal

**William III, the Stadholder-King** Wout Troost, 2017-03-02 In Britain the name of William III is synonymous with sectarianism and Orangism Ever since he burst onto the English political landscape in 1688 to take the throne of his catholic uncle James II William has tended to be viewed within a largely domestic sphere Yet it has been acknowledged that William s main motivation in accepting the English crown was to aid the ongoing struggles of the United Provinces against the might of Louis XIV s France Whilst both the British and European aspects of William s activities have been studied before there has until now been no English language book that draws together both his Dutch and British concerns In this book made available in English for the first time Wout Troost exploits his detailed knowledge of Dutch English Scottish and Irish sources to paint a holistic and convincing political analysis of William s reign Beginning with a brief biography of William the real strength of this book lies in its analysis of the first part of William s reign before the events of 1688 It is this crucial period that has been most neglected by English speaking historians despite the fact that it is crucial to understanding the events that follow For without an appreciation of William s formative years as Stadholder and soldier his actions and decisions relating to the English crown cannot be properly construed Providing a truly balanced insight into the political career of William this book will be welcomed by all those with in interest in European history or who wish to better understand the political and religious geography of modern Britain The translation of this book was made possible by a generous subsidy from NWO the Nederlandse Organisatie voor Wetenschappelijk Onderzoek

**The Comprehensive History of England** Charles Macfarlane, Thomas Thomson, 2022-06-12 Reprint of the original first published in 1861

**Sacred and Secular Transactions in the Age of Shakespeare** Katherine Steele Brokaw, Jason Zysk, 2019-08-15 The term secular inspires thinking about disenchantment periodization modernity and subjectivity The essays in *Sacred and Secular Transactions in the Age of Shakespeare* argue that Shakespeare s plays present secularization not only as a historical narrative of progress but also as a hermeneutic process that unleashes complex and often problematic

transactions between sacred and secular These transactions shape ideas about everything from pastoral government and performative language to wonder and the spatial imagination Thinking about Shakespeare and secularization also involves thinking about how to interpret history and temporality in the contexts of Shakespeare's medieval past the religious reformations of the sixteenth century and the critical dispositions that define Shakespeare studies today These essays reject a necessary opposition between sacred and secular and instead analyze how such categories intersect In fresh analyses of plays ranging from Hamlet and The Tempest to All's Well that Ends Well and All Is True secularization emerges as an interpretive act that explores the cultural protocols of representation within both Shakespeare's plays and the critical domains in which they are studied and taught The volume's diverse disciplinary perspectives and theoretical approaches shift our focus from literal religion and doctrinal issues to such aspects of early modern culture as theatrical performance geography race architecture music and the visual arts

Shakespeare's Wordplay and Possible Worlds Georgi Niagolov, Shakespeare's Wordplay and Possible Worlds proposes a novel possible world approach to the complex interpretative potential of Shakespeare's wordplay The approach is based on the observation that in Shakespeare multiple significations of ambiguous words or syntactic structures often cohere with other apparently unambiguous words or syntactic structures and thus project parallel cognitive scenarios Therefore the use of possible worlds as cognitive tools allows the exploration of such scenarios in their broadest context and at the same time provides insight into the conceptual blending that occurs between and among them The book demonstrates the utility of the proposed theoretical construct for textual and cultural analysis in three illustrative case studies

Constitutional Royalism and the Search for Settlement, C.1640-1649 David L. Smith, 2002-05-02 An investigation into the Constitutional royalists and their role in the English Revolution *King John* William Shakespeare, 1990-04-23 The New Cambridge Shakespeare appeals to students worldwide for its up to date scholarship and emphasis on performance The series features line by line commentaries and textual notes on the plays and poems Introductions are regularly refreshed with accounts of new critical stage and screen interpretations Edited and introduced by L A Beaurline the New Cambridge Shakespeare edition of King John offers the most complete account to date of the play's stage history with accompanying illustrations to demonstrate its dramatic potential Although King John fell out of fashion by the end of the nineteenth century Beaurline shows how its political importance rich and varied language and skilful design suggest that it should occupy a prominent position among Shakespeare's historical tragedies In the Appendix Beaurline surveys the arguments about the dating of the play and the anonymous Troublesome Reign of King John and presents new evidence to support the view that Shakespeare's play was written first

**The Comprehensive History of England** Charles MacFarlane, Thomas Thomson, 1859 The French King Conquered by the English: the King of France and His Son Brought Prisoners Into England (besides Divers Earls, Lords, and Above Two-thousand Knights and Esquires) by the Victorious Edward the Black Prince, Son to Edward the Third. Wherein is Given an Account of Several Great Battles Fought,

and Wonderful Victories Obtained Over the French, when They Had Six to One Against the English; to the Honour and Renown of England's Unparalleled Valour, Conduct, and Resolution ,1809      **Shakespearean Criticism**

Various,2021-06-23 Reissuing works originally published between 1984 and 1995 this set brings back into print early volumes from the Shakespearean Criticism Series originally edited by Joseph Price The books present selections of renowned scholarship on each play touching on performances as well as the dramatic literature The pieces included are a mixture of influential historical criticism more modern interpretations and enlightening reviews most of which were published in wide spread places before these compilations were first made Companions to the plays these books showcase critical opinion and scholarly debate      *Machiavellian Encounters in Tudor and Stuart England* Alessandro Arienzo,2016-05-13

Taking into consideration the political and literary issues hanging upon the circulation of Machiavelli s works in England this volume highlights how topics and ideas stemming from Machiavelli s books including but not limited to the Prince strongly influenced the contemporary political debate The first section discusses early reactions to Machiavelli s works focusing on authors such as Reginald Pole and William Thomas depicting their complex interaction with Machiavelli In section two different features of Machiavelli s reading in Tudor literary and political culture are discussed moving well beyond the traditional image of the tyrant or of the evil Machiavel Machiavelli s historiography and republicanism and their influences on Tudor culture are discussed with reference to topical authors such as Walter Raleigh Alberico Gentili Philip Sidney his role in contemporary dramatic writing especially as concerns Christopher Marlowe and William Shakespeare is taken into consideration The last section explores Machiavelli s influence on English political culture in the seventeenth century focusing on reason of state and political prudence and discussing writers such as Henry Parker Marchamont Nedham James Harrington Thomas Hobbes and Anthony Ascham Overall contributors put Machiavelli s image in sixteenth and seventeenth century England into perspective analyzing his role within courtly and prudential politics and the importance of his ideological proposal in the tradition of republicanism and parliamentarianism      A Source Book of English History for the Use of Schools Arthur Donald Innes,1914      *The Local Preachers' Magazine and Christian Family Record* ,1855

Historical Lights ,1892      The Prisoner King John Matusiak,2017-08-01 Much has been written about Charles I s reign about the brutal civil war into which his pursuit of unfettered power plunged the realm and about the Commonwealth regime that followed his defeat and execution His reign is one that shaped the future of the British monarchy and his legacy still remains with us today The Prisoner King provides an examination of the crucial period encompassing Charles I s captivity after his surrender to the Scots at Newark in May 1646 Not only were the subsequent months before his trial a time when the human dimension of the king s predicament assumed intensity they were also a critical watershed when the entire nation stood at the most fateful of crossroads For Charles himself as subterfuge espionage and assassination rumours escalated on all fronts escape attempts foundered and tensions with his absent wife mounted agonisingly the test was supreme Yet in a

painful passage involving both stubborn impenitence and uncommon fortitude in the face of barbarous usage by his captors the Man of Blood would ultimately come to merit his unique place in history as England's martyr king

**The Complete Concordance to Shakespeare** Mary Cowden Clarke, 1886      **Hamilton Literary Magazine**, 1886      Shakespeare's Anti-Politics D. Gil, 2013-08-15 Argues that Shakespeare is anti political dissecting the nature of the nation state and charting a surprising form of resistance to it using sovereign power against itself to engineer new forms of selfhood and relationality that escape the orbit of the nation state It is these new experiences that the book terms the life of the flesh

**A Select Collection of Old English Plays** W. Hazlitt, 2023-03-05 Reprint of the original first published in 1874 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost

**The Shoe Workers' Journal**, 1911
