For Kings And Planets:

For Kings and Planets Ethan Canin,1999-10 **For Kings and Planets** Ethan Canin,2013-03-06 Ethan Canin is one of America's finest writers. He has been called brilliant by the Los Angeles Times, a tremendous talent by the Chicago Sun Times and dazzling by Walker Percy. The bestselling author of *The Palace Thief* and *Emperor of the Air* now gives us this stunning new novel *For Kings and Planets*. Years later Orno Tarcher would think of his days in New York as a seduction. A seduction and a near miss, a time when his memory of the world around him—the shining stone stairwells, the taxicabs, the sea of nighttime lights—was glinting and of heroic proportion. Like a dream, so begins this remarkable novel about the lives of two young men and the women they love. Orno Tarcher arrives in New York City from a small town in Missouri, feeling unsophisticated and disadvantaged by his family's bedrock values. He meets Marshall Emerson, the charismatic gem of a worldly family, a seductive and brilliant New Yorker who is revealed as time passes to be bent on destruction. The novel explores with depth and sophistication the conflicts of character at the heart of every life: the desire for grandeur and the lure of normalcy, the tension between rivalry and friendship, fathers and sons, love and betrayal. *For Kings and Planets* is the story of a man who thinks of himself as moral who tests his character against power, deception, and seduction. It is also the story of a friendship fractured by love. *For Kings and Planets* is a remarkable achievement, another fiction classic by the writer who has been called a worthy successor to Philip Roth, Elizabeth Bishop, and Robert Penn Warren. *For Kings and Planets* Ethan Canin,1999-10-01 From the celebrated author of *The Palace Thief* and *Emperor of the Air* comes this stunning novel about the relationship between two very different men. Orno Tarcher travels from a small town in Missouri to New York City to attend Columbia University where he begins a new life, feeling unsophisticated and insecure. He soon strikes up a friendship with Marshall Emerson, a seductive and brilliant New Yorker whose sophistication dazzles Orno. As time passes, Marshall is revealed to be bent on destruction, and Orno's involvement with Marshall's worldly sister further complicates their friendship. Carefully crafted and skillfully informed by the works of Fitzgerald and Waugh, *For Kings and Planets* is a remarkable novel. A New York Times, Los Angeles Times, Boston Globe, San Francisco Chronicle, and Minneapolis StarTribune bestseller and a Publishers Weekly Best Book of 1998. Encyclopedia of the American Novel Abby H. P. Werlock,2015-04-22 Praise for the print edition: no other reference work on American fiction brings together such an array of authors and texts as this.

Planets in Play Laurence Hillman,2007 Reveals how to enable positive changes by embracing latent zodiac traits while diminishing less desirable ones in an astrology-based resource that makes practical recommendations for adjusting one's character aspects in healthy and transforming ways. Original **God Gametes and The Planet of the Butterfly Queen** Robert Jameson,2010-02-08 The God Gametes theory is a refreshing look at what may be both the meaning of life and the reason for its creation. It argues that life on earth and, in fact, our human consciousness are universal entities. A model is presented that assumes our universe is a tiny part of a multiverse, arguing that the multiverse is a hierarchical structure, each

level a reproductive system of intelligent living systems on the next higher level We take a fictional look at our parent species on that next higher level to find they are far more complex creatures than us but their universe is older and will soon run out of fuel to then die Parent species know that to preserve their life and the billions of years of heritage they created they must reproduce on a lower multiverse level This we believe is why humans have developed many features such as a large brain that make our survival on earth more difficult Yet these features have evolved because they are needed by the reproductive system of the parent species from lulu com *The Jewel of Annual Astrology* Martin Gansten, Balabhadra

Daivajña, 2020-08-03 The Jewel of Annual Astrology is an encyclopaedic treatise on T jika or Sanskritized Perso Arabic astrology dealing particularly with the casting and interpretation of anniversary horoscopes Authored in 1649 CE by Balabhadra Daivaj a court astrologer to Sh h Shuj governor of Bengal and second son of the Mughal emperor Sh h Jah n it casts light on the historical development of the T jika school by extensive quotations from earlier works spanning five centuries With this first ever scholarly edition and translation of a T jika text Martin Gansten makes a significant contribution not only to the study of an important but little known knowledge tradition but also to the intellectual historiography of Asia and the transmission of horoscopic astrology in the medieval and early modern periods **Prison Planet** Giovanni Clavier ,
