Murdock, 1983 **Plan** ,1979 Coping With Rapid Growth In Rural Communities Bruce A. Weber, 2019-03-04 This book integrates the most current research findings on the economic demographic fiscal and social consequences of rapid growth in rural communities and offers strategies that can be used to mitigate the often disruptive impact of that growth While working extensively with government officials and citizens in rural communities Drs Weber and Howell became aware of the need for a compilation and synthesis of the research on rural growth they subsequently invited scholars working in selected topic areas to contribute to that effort The resulting papers were refined during a meeting sponsored by the Western Rural Development Center edited and brought together in this volume Incorporating 1980 census data the book outlines the spectrum of changes associated with rapid growth in rural areas presents specific options for managing rapid growth and suggests a model that communities can use for impact assessment and for monitoring the effectiveness of various management strategies
