**Revivals)** Anthony D. Smith,2010-01-14 Anthony Smith s important work on the concept of social change first published in 1973 puts forward the paradigm of historical change as an alternative to the functionalist theory of evolutionary change He shows that in attempting to provide a theory of social change functionalism reveals itself as a species of frozen evolutionism Functionalism he argues is unable to cope with the mechanisms of historical transitions or account for novelty and emergence it confuses classification of variations with explanation of processes and its endogenous view of change prevents it from coming to grips with the real events and transformations of the historical record In his assessment of functionalism Dr Smith traces its explanatory failures in its accounts of the developments of civilisation modernisation and revolution He concludes that the study of evolution is largely irrelevant to the investigation of social change He proposes instead an exogenous paradigm of social change which places the study of contingent historical events at its centre **Education and**
