Economic Dislocation And Recovery In Lebanon Occasional Paper Intl Monetary Fund:

Economic Dislocation and Recovery in Lebanon Mr.Paul Cashin,Ms.Sena Eken,Mr.S. Nuri Erbas,Mr.Jose Martelino,Mr.Adnan Mazarei,1995-12-01 This paper provides background information on the Lebanese economy based on an analysis of the economic consequences of war and discusses several issues that will be central to Lebanon s prospects for recovery

A Political Economy of Lebanon, 1948-2002 Toufic Gaspard,2003-12-01 This book is about the laissez faire strategy for economic development a strategy inspired by neoclassical mainstream economics advocated by the Washington Consensus and implemented by the Bretton Woods institutions Mainstream economics has taken legitimacy from the historical failure of command economies But this view has not been balanced by an examination of the performance of laissez faire economies the closest to the pure market model Lebanon provides a unique test case in this regard The book assesses Lebanon s development during 1948 2002 including its industrial and financial performance The dynamics of the laissez faire system is separately studied from a Post Keynesian perspective highlighting institutional behavior It is found that laissez faire is not a sufficient condition for economic development and can even be counterproductive

Fiscal Policy and Growth in the Middle East and North Africa Region Ms.Sena Eken,1997-08-01 Establishing a policy framework to sustain high rates of growth is a major challenge facing the economies of the Middle East and North Africa Given the strikingly dominant role of governments in these economies this paper focuses on the contribution of fiscal consolidation and reform toward addressing this challenge On the basis of an examination of fiscal structures reform and adjustment efforts and their growth implications during 1980 95 it concludes that the ongoing process of fiscal reform aimed at reducing budget deficits improving the budgetary structure and enhancing the effectiveness of government interventions is key to ensuring macroeconomic stability and fostering growth

Research Activities of the IMF, January 1991-December 1999 International Monetary Fund,2000-01-01 Research activity in the IMF emphasizes the links between the organization s policy and operational concerns The main objectives of research is IMF staff understanding of policy and operational issues relevant to the institution and to improve the analytical quality of the work prepared for management and the Executive Board and the advice provided to member countries The scope of research in the IMF is defined by the purposes and functions of the institution In order to foster innovation and ensure quality control the IMF makes much of its research available outside the institution and encourages staff to interact with academia and other research organizations through conferences seminars and occasional joint research projects The visiting scholar s program has also enhanced the quality of research done in the IMF This program brings in leading members of the economics profession from around the world to assist in the preparation of papers for the Executive Board and to conduct research on IMF related issues

Affluence and Poverty in the Middle East M. Riad

El-Ghonemy,2002-09-11 Affluence and Poverty in the Middle East is an introduction to the political economy of the Middle East focusing on its most salient features persistent poverty and extreme inequality El Ghonemy analyses the factors influencing the region including its unique historical religious and cultural mix as well as its economic foundations and forms of corruption For each factor he employs case studies drawn from throughout the region from Turkey to Sudan and Morocco to Iran In the final section El Ghomeny discusses possible solutions to the challenges facing the region including possible uses of a peace dividend and the role of democracy

Lebanon International Monetary Fund. Middle East and Central Asia Dept.,2017-01-24 This Selected Issues paper analyzes the impact of the Syrian crisis on Lebanon s economy Output growth in Lebanon has fallen sharply since the onset of the Syrian crisis and is too low to accommodate new job seekers or to address the needs of Lebanon s more vulnerable population Moreover low growth is taking a toll on public debt dynamics raising the prospect of higher borrowing costs and constrained social and investment spending both are much needed to improve the quality of public spending and direct it toward more useful and productive uses The authorities have presented an ambitious proposal to the international community which centers on a multiyear effort to stimulate growth and employment through a targeted series of investment initiatives

Exchange Rate Regime Considerations for Jordan and Lebanon Ms.Rina Bhattacharya,2003-06-01 This paper addresses the issue of the appropriate exchange rate regimes for Jordan and Lebanon in the context of the literature on optimum currency areas and the arguments concerning the use of the exchange rate as a nominal anchor for the economy It presents some empirical results on the nature of output shocks in Jordan and Lebanon in the recent past on the price sensitivity of exports from Jordan and on currency and asset substitution in both countries It does not directly address the issue of whether the current exchange rate in either country is overvalued or not nor does it discuss the issue of an appropriate exit strategy from the current peg

The Geography of Money Benjamin J. Cohen,2018-10-18 The traditional assumption holds that the territory of money coincides precisely with the political frontiers of each nation state France has the franc the United Kingdom has the pound the United States has the dollar But the disparity between that simple mental landscape and the actual organization of currency spaces has grown in recent years as territorial boundaries of individual states limit currency circulation less and less Many currencies are used outside their home country for transactions either between nations or within foreign states In this book Benjamin J Cohen asks what this new geography of money reveals about financial and political power Cohen shows how recent changes in the geography of money challenge state sovereignty He examines the role of money and the scope of cross border currency competition in today s world Drawing on new work in geography and network theory to explain the new spatial organization of monetary relations Cohen suggests that international relations political as well as economic are being dramatically reshaped by the increasing interpenetration of national monetary spaces This process he explains generates tensions and insecurities as well as opportunities for cooperation

Lebanon Tom Najem,2012-03-12 Written in a clear and systematic manner this highly

topical read fills a conspicuous gap in existing academic literature on the contemporary political environment and society in Lebanon Divided into two parts Part One examines the pre civil war system the circumstances of its formation its unique characteristics its weaknesses and dynamics and Part Two analyses how circumstances resulting from the civil war combined with essential pre war elements to define the contemporary political processes in Lebanon The Cordon Sanitaire Ali Kadri,2017-08-01 This work compares the development experiences of East Asia and the Arab world It posits that in view of the collapse in socialism and its ideological retreat their development performances are intensely over determined by their modes of integration with world capital For East Asia it s through manufacturing of civilian end use commodities and for the Arab World through militarism The book is a unique attempt approaching the topic from the theoretical angle using an analytical comparative perspective *Korea* International Monetary Fund,1997-01-23 This Selected Issues paper on Korea provides background information on economic developments and policies with particular emphasis on 1995 96 Following two years of rapid expansion led by buoyant investment and exports economic growth moderated in late 1995 and the first half of 1996 The moderation was in response to the earlier tightening of monetary conditions and less favorable short term export prospects The slowdown was reflected in a sharp deceleration in final domestic demand whose contribution to growth fell from 9.1 percent in 1995 to 6.6 percent in the first half of 1996 Contemporary Economic Issues J. Lin,1998-11-12 A guide to the experiences economic reform since the second world war and system reform and economic integration across the world in the past decade The first part of the book examines why only a small number of developing countries have succeeded in their modernization attempts this century What lessons can be learnt from the successes of the East Asian NIEs and failures of other economies to emulate them The very different experiences of the transition to market economies in the former socialist countries of Eastern Europe and China is the focus of the next section with comparisons drawn with the Latin American reform experience especially in Chile The effects of economic integration schemes are examined in the final sector with case studies of Tunisia and Morocco s Free Trade Agreements with the EU and of economic integration and the Arab Israeli peace process *Survey of Literature on Demand for Money* Mr.Subramanian S. Sriram,1999-05-01 A stable money demand forms the cornerstone in formulating and conducting monetary policy Consequently numerous theoretical and empirical studies have been conducted in both industrial and developing countries to evaluate the determinants and the stability of the money demand function This paper briefly reviews the theoretical work tracing the contributions of several researchers beginning from the classical economists and explains relevant empirical issues in modeling and estimating money demand functions Notably it summarizes the salient features of a number of recent studies that applied cointegration error correction models in the 1990s and it features a bibliography to aid in research on demand for money **Economic Impact of Selected Conflicts in the Middle East** MissRanda Sab,2014-06-11 Using narrative based country case studies war episodes in the Middle East were examined to assess their economic impact on conflict and neighboring economies The

paper found that conflicts led to a contraction in growth higher inflation large fiscal and current account deficits loss of reserves and a weakened financial system Post conflict recovery depended on the economic and institutional development of the country economic structure duration of the war international engagement and prevailing security conditions The net economic impact on neighboring countries varied according to their initial economic conditions number and income level of refugees they hosted economic integration and external assistance

The Lao People's Democratic Republic Mr.Ichiro Otani,Mr.Chi Do Pham,1996-05-28 Faced with a steadily worsening economy the government of the Lao Peoples Democratic Republic took its first steps toward reforming its centrally planned economy in December 1979 The reform process gathered momentum with the introduction of the New Economic Mechanism in 1985 as the authorities began a series of far reaching policy reforms in virtually all economic areas This paper provides a much needed overview of the Lao P D R s experience with systemic transformation and macroeconomic adjustments in recent years and highlights challenges that the country is likely to face in the coming years

Ending Civil War Matthew Preston,2004-09-30 Matthew Preston returns politics to its rightful place at the heart of the study of internal conflict Rejecting approaches that emphasise economics or ethnicity this comparative investigation of the wars in Rhodesia and Lebanon sets out the complex political dynamic that eventually produced the ultimately successful peace agreements of Lancaster House and Taif respectively It was a dynamic though in which the ebbs and flows of events at the negotiating table and on the battlefield played only a supporting role Rather more significant were power struggles within belligerent parties that brought consolidated yet unscrupulous leadership growing disempowerment and suffering of civilians of all communities and the acquisition and subsequent leverage over the belligerents by regional powers Yet the years of negotiation over seats in parliament failed to usher in a democratic era in either country Peace brought a de escalation in violence but the political struggle continued to be won decisively by Robert Mugabe s ZANU PF in independent Zimbabwe and by Syria and her allies in Lebanon At a time when Western leaders proclaim the political necessity of addressing failed states Ending Civil War provides a salutary reminder that the competing elites of those failed states possess their own political agendas ones frequently resistant to the command of great but distant powers The primary agendas of civil war in Rhodesia and Lebanon were not those of economic greed nor of ethnic hatred but of the age old phenomenon of the struggle for control of organisations of civilians and ultimately of the state The idioms of violence were those of the time cyclical bouts of fighting massacres assassinations and kidnappings but the deployment of limited violence for political ends was one which Carl von Clausewitz would clearly have recognised

Aftermath of the CFA Franc Devaluation Mr.Stéphane Cossé,Mr.Johannes Mueller,Mr.Jean Le Dem,Mr.Jean A. P. Clément,1996-06-18 Developments in the countries of the CFA franc zone in the aftermath of the January 1994 devaluation of the CFA franc are reviewed in this paper Following a summary of the new

adjustment strategy the papers describes the progress made and the difficulties encountered during 1994 and early 1995 in implementing the programs supported by use of IMF resources
