Economics Its Your Business Workbook:

It's Your Business Thomas G. Miller, 2010-07 Small businesses in America hire more employees than all Fortune 500 companies combined In short the small businessman is the lifeblood of our nation s economy It s Your Business shares practical tips from a seasoned entrepreneur that will help new small business owners implement the kind of practices that build a foundation for success Thomas Miller became a businessman at the age of ten when he developed the highest paying newspaper route in the state of Oregon Later after twenty years of practicing dentistry he consulted with hundreds of small businesses while implementing the principles he shares in this guidebook He leads the small businessman on a step by step process that shares the four cornerstones of building a strong foundation for a business the differences between managers and leaders ways to stay focused and get things done methods for hiring the right people and techniques for communicating effectively with both employees and customers Miller includes advice from business gurus sample vision statements a business plan template and several human resources forms Through its proactive approach and easy to apply advice It s Your Business provides valuable information for small business owners that will successfully lead them from a dream to the grand opening *The Plan: A Step-by-Step Business Plan Workbook* NewGround Publications, 1995 **It's Your Business!** Larry J. Robson, 1999-10 START A NEW BUSINESS EXPAND YOUR BUSINESS ADVANCE YOUR CAREER GET MORE OUT OF LIFE More than a self help resource a complete and practical guide to finding and managing success Eighty percent of all success is generated by 20 percent of the people Compound this with the fact that four out of five new businesses may never realize their fifth anniversary and an important question immediately presents itself Why This book explores that very question and responds Much has been written on this topic in books that specialize in everything from psychology to practical management guides of every size shape and description It s Your Business begins with a different twist in that it explores who we are inherently and instinctively The reader is challenged to think from outside the box and will come to a better understanding of what is possible and how uncomplicated most solutions really are This book allows the reader to discover what is holding them back from greater achievement and to break free To begin a small business or a new career without truly understanding our own personal and professional parameters makes for very tenuous beginnings Regardless if the reader is starting a business expanding a business examining a career transition or is forced into a career transition this book is for them It s Your Business also delivers the goods as a practical start your own business resource The main focus is on business but the model is quickly understood to facilitate effective career action plans as well There is nothing candy coated here just a resource to inspire you to explore how you can create success and manage it **Managerial Economics For Dummies** Robert Graham, 2013-03-04 The easy way to make sense of managerial economics Does the study of Managerial Economics make your head spin Relax This hands on friendly guide helps you make sense of complex business concepts and explains to you in plain English how Managerial Economics enhances analytical skills assists in rational
