Chand's ICSE Economic Application Book I For Class IX (2021 Edition)** ABHIJIT DAS, 2010 S Chand S ICSE Economic Application Book I Class IX **MANAGERIAL ECONOMICS, Third Edition** NADAR, E. NARAYANAN, VIJAYAN, S., 2020-06-01 Managerial Economics has assumed a predominant role in today's globalized and liberalized economy because of the financial implications of many decisions that a manager has to take in his day to day professional life. This comprehensive and student friendly book strives to equip the young practising and budding managers to find solutions to the real world problems through the efficient and effective use of economic tools and techniques. The authors who admirably combine academic and professional experience give a clear and straightforward analysis of the various topics in managerial economics. The text begins with an overview of managerial economics and describes the modern business firm and its objectives along with the concepts of market mechanism, demand theory and production analysis. The text then moves further to explain managerial techniques, macroeconomic theory and international trade and finance along with the risks and uncertainties involved in business. Besides, it also explains the cost and revenue, supply, pricing, profit and investment analyses. Finally, this book discusses some important Case Studies to reinforce the concepts presented in the text. The third edition of the book comprises multiple choice questions with answers at the end of each chapter to test the understanding of the concepts discussed in the chapter. Besides, the objectives, strategies and initiatives of the twelfth five year plan 2012-2017 of Planning Commission as well as a new section on Replacement of Indian Planning Commission with NITI Aayog have been incorporated in the chapter on Macroeconomic Analysis. Intended as a text for postgraduate students of Management, Commerce and Economics, the book would also be useful for undergraduate engineering courses where Managerial Economics is offered. Finally, the book can be profitably used by marketing and management consultants, business executives and other related professionals.

KEY FEATURES Includes several simple numerical examples with solutions for easy understanding of theory. Contains a large number of tables and figures to illustrate the concepts. Provides chapter end exercises to check students' comprehension of the subject.

Specializing in competitive exams and academic support, EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels.

Economics, Ethics and Religion R. Wilson, 1997-02-24 There is a revival of interest by economists in ethical issues and beliefs and by moral philosophers and theologians in economics. This book is intended to make a contribution to this cross fertilisation of ideas. Rodney Wilson has undertaken an extensive survey of Jewish, Christian and Muslim views on economics and reviewed the rapidly expanding business ethics literature from a religious perspective. The juxtaposition of the work of theologians and moral philosophers with that of economists results in some interesting comparisons.
