### PROCEDURAL SEMANTICS AND ECONOMIC MODELS<sup>1</sup>

#### ABSTRACT

The aim of the article is to present issues regarding economic semantics. The key problem is finding a satisfactory view of semantic interpretation for economic models. The author of the article suggests that an adequate version of procedural semantics can provide such a view. This theory combines semantic interpretation with cognitive and practical activities of subjects which use economic models. Philosophical roots of procedural semantics come from the pragmatic and operational theory of meaning. The article contains a detailed discussion of operationalism in economics and a comparison of the specifics of procedural approach to semantics with the philosophical and methodological characteristics of economic models. The version of procedural semantics used in the analysis is Jan Żytkow's semantics of operational procedures, in the light of which Irving Fisher's Cash Loop Model is reconstructed. Directions for further studies of procedural explication of semantics economic models are also outlined, taking into account the methodological specifics of economic sciences.

**Keywords:** philosophy of economics, economic models, economic semantics, operationalism.

**JEL codes:** B41, B13, B00

## **Economic Semantics:**

**Economic Semantics** Fritz Machlup, When the original edition was first published in 1963 Machlup observed I hope that the availability of this collection will dispel semantic and conceptual fog and allow greater visibility Including a new essay and introduction by Mark Perlman University Professor of Economics at the University of Pittsburgh *Economic Semantics* Fritz Machlup,2020-03-06 When the original edition was first published in 1963 Machlup observed I hope that the availability of this collection will dispel semantic and conceptual fog and allow greater visibility The work is divided into five sections with a new essay in this edition on Are the Social Sciences Really Inferior There is also a new introduction by Mark Perlman University Professor of Economics at the University of Pittsburgh **Essays in Economic Semantics** Fritz Machlup,1963

**German Economic and Business History in the 19th and 20th Centuries** Werner Plumpe,2016-08-03 German economic history in the industrial age has classically formed an important basis for the study of economic growth and industrialisation more generally This book aims to introduce English language readers to modern German economic history based on a selection of work by one of Germany's leading economic and business historians Werner Plumpe who places particular emphasis on the institutional structure of the economy Plumpe's work demonstrates that the country's economic evolution can only be understood by paying close attention to institutional peculiarities such as the shape of industrial relations and the dynamics of corporate decision making It also emphasises the importance of the interconnectedness of capital and labour in the German coordinated market economy and draws attention to individual events and decisions that may have driven long term economic development but are rarely considered in approaches that deal primarily with macroeconomic growth German Economic and Business History in the 19th and 20th Century shows that Germany's economic history still warrants the application of an institutional view of economic transformation that is slightly different from the more formal perspectives dominant in the UK and the US The book serves as a practical demonstration of a historicist approach to economic history introduced by the German Historical School a century ago which still inspires large parts of German economic historiography div **Essays on Economic Semantics** Fritz Machlup,1963 **Economic**

**Thought Since Keynes** Michel Beaud,Gilles Dostaler,2005-09-27 Economic Thought Since Keynes provides a concise overview of changing economic thought in the latter part of the twentieth century Offering a concise biography of 150 influential economists since Keynes it is an invaluable reference tool **The Consequences of Economic Rhetoric** Arjo Klammer,Deirdre N. McCloskey,Robert M. Solow,1988 The papers in this volume are drawn from a recent conference at Wellesley College for both theoretical and applied economists which explored the consequences of rhetoric and conversation within the field of economics *Essays on Economic Semantics ... Edited by Merton H. Miller. [With a Bibliography of the Works of Fritz Machlup.]* Fritz Machlup,1963 [The Routledge Handbook of the Philosophy of Economics](#) Conrad Heilmann,Julian Reiss,2021-11-29 The most fundamental questions of economics are often philosophical in nature and

philosophers have since the very beginning of Western philosophy asked many questions that current observers would identify as economic The Routledge Handbook of Philosophy of Economics is an outstanding reference source for the key topics problems and debates at the intersection of philosophical and economic inquiry It captures this field of countless exciting interconnections affinities and opportunities for cross fertilization Comprising 35 chapters by a diverse team of contributors from all over the globe the Handbook is divided into eight sections I Rationality II Cooperation and Interaction III Methodology IV Values V Causality and Explanation VI Experimentation and Simulation VII Evidence VIII Policy The volume is essential reading for students and researchers in economics and philosophy who are interested in exploring the interconnections between the two disciplines It is also a valuable resource for those in related fields like political science sociology and the humanities

**Marshall Plan Days (Routledge Revivals)** Charles P. Kindleberger, 2009-10-15 Originally published in 1987 to commemorate the 40th anniversary of the Marshall Plan this fascinating collection of essays from an eminent insider to the Marshall Plan combines economics politics and history to provide authoritative and personal insights into the creation of one of the greatest foreign aid programmes of the twentieth century Any reader interested in the Marshall Plan itself the inner workings of a major act of US foreign policy and its many economic political and historical facets will welcome the reissue of this valuable book from one of America's most distinguished economists

**Operativity And Typicality** Thomas Drepper, 2023-08-09 The present text discusses sense theoretical foundations of recent organizational research and makes them visible by analyzing epistemological terms of current discourses in organizational science cognition institution practice culture communication semantics In a further step communication is discussed as an operative guiding concept for understanding organizational reproduction and networking and applied to various organizational phenomena managementization standardization circulation of ideas translation design This book thus sees itself both as a contribution to theory development in organizational research and as a contribution to the research field of world society and organization Overall the individual studies in this text discuss and explore the relevance of an epistemological social and societal foundation of organization theory on the basis of an operational theory of meaning This book is a translation of an original German edition The translation was done with the help of artificial intelligence machine translation by the service DeepL.com A subsequent human revision was done primarily in terms of content so that the book will read stylistically differently from a conventional translation

**Monthly Labor Review**, 1964 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews

**Economic Methodology** Deborah A. Redman, 1989 A comprehensive bibliography of economic methodological works since 1860 this volume includes 2 244 entries divided into two primary sections The first section covers works on economic methodology while Part Two deals with works on the philosophy of science The inclusion of works by philosophers of science reflects the prevalence of references to their works both in contemporary economic literature and throughout the period covered Many

of the entries are annotated including the classics in economic methodology almost all of the books and general works in the philosophy of science section All other sections include an introduction to the topic and the articles listed under that heading By collecting these works together in one source for the first time compiler Deborah Redman has performed a major service for students researchers and scholars of economics as well as interested philosophers and other social scientists Part One on methodology is divided into twenty five sections devoted to such issues as the Friedman controversy the is ought dichotomy the role of ethics and values in economics the Cambridge controversy and more Individual economists like Samuelson and Friedman who have had a major influence on the discipline are treated in separate categories In addition individual sections address quantification theory econometrics rationality and the positions of the Austrians the new group of rhetoricians the institutionalists and others Part Two begins by providing introductory texts and background sources for those with little prior exposure to works in the philosophy of science The remaining eleven sections are organized around the philosophies of science that economists have incorporated into their economic philosophies Hence works by and on Karl Popper Thomas Kuhn Imre Lakatos Paul Feyerabend and the German structuralists appear as categories Additional sections cover holism and the Duhem thesis the relationship between the history and philosophy of science and miscellaneous works Author and subject indexes complete the volume

**Time** Briton Hadden, Henry Robinson Luce, 1960 **Essays on Economic Semantics** Fritz Machlup, 1963 *The Indian Economic Journal*, 1968 **Here and There in Economics** Martin Bronfenbrenner, 1988 Risk, Environment, and Society Piet Strydom, 2002 How and why have the closed expert debates of past decades become an open public discourse about nuclear environmental and biotechnological risks What can a cultural and institutional analysis reveal about risks and their social construction Is it possible to develop a new critical theory of the risk society This book offers an overview and analysis of nuclear global environmental and biotechnological dangers threats and hazards in the context of public debates about risk from the 1950s to the present It considers what impact these risks and debates are having on society transforming underlying cultural assumptions for example about nature but also public communication social institutions and even the way society is organized Piet Strydom reconstructs public debates and social scientific theories to provide a fresh approach to the risk society From this comes a new theoretical perspective for studying the emerging social conditions of the twenty first century The result is a penetrating and essential text for students and researchers across a range of areas including sociology environmental studies politics and cultural and communications studies **Essays in Economic Semantics, by Fritz Machlup. Edited by Merton H. Miller** Fritz Machlup, 1967

**Socialist Economy and Economic Policy** Gerhard Fink, 1985

## **Economic Semantics Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Economic Semantics has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Economic Semantics has opened up a world of possibilities. Downloading Economic Semantics provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Economic Semantics has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Economic Semantics. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Economic Semantics. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Economic Semantics, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Economic Semantics has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF
