Economic Power Failure The Current American Crisis:

Economic Power Failure Sumner M. Rosen,1975 *The National Planning Idea In U.s. Public Policy* David E Wilson,2019-07-11 This book explores the eventful but largely forgotten history of national planning efforts in the United States first identifying and comparing five alternative approaches to contemporary national planning then using these approaches to assess the events of 1973 1976 a period when crisis pressures brought a vigorous resurgence of national planning activity and debate Dr Wilson concludes that two new approaches to planning learning adaptive and general systems are increasingly being used in lieu of the long established and less flexible rational and incremental approaches and that these might eventually achieve a beneficial new synthesis in both federal policy practice and social science theory He argues that the twin questions of a planned versus a planning society and of who will plan for whom are inexorably emerging as key issues in U S public policy Along with its companion volume *National Planning in the United States An Annotated Bibliography* also published by Westview this book provides extensive new interdisciplinary research material and integrative perspectives on current planning challenges Housing and Planning References United States. Department of Housing and Urban Development. Library,1975 *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1976 *Monthly Labor Review* ,1984 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews *National Planning In The United States* David E. Wilson,2019-03-13 This annotated bibliography of more than 2 000 entries current through 1977 sheds light on the national planning idea as a substantive issue in past present and future U S public policy presents a bibliographic structure that suggests new emphases relationships and interdisciplinary approaches and makes more easily accessible to students a *City in Transition* Frank Akpadock,2012-03 In a climate of scarce financial resources where federal and state fiscal assistance to cities has dwindled quantitatively all civic leaders must somehow find a way to provide long term vision a good business climate and diverse economic development planning strategies to grow their cities economies Such plans should be strategically flexible and adaptable to change yet strong enough to withstand the whirlwinds and vicissitudes of the constantly changing national and global economies Youngstown Ohio achieved its success through the visionary leadership of its city mayors who partnered with local University leadership tapping into their invaluable assets of knowledge capital and technology transfer capacities while at the same time mobilizing public support from labor businesses foundations and other entrepreneurial stakeholders to provide assistance with the city s economic recovery *City in Transition* is a landmark testimonial assessment of tried and true economic development strategies of Youngstown mayors visionary leaderships to revive and grow the city s declining economy following its steel mill closings in the late 1970s Economic development strategies together with city size reclassification into a smaller post industrial city created a classic leadership story of foresight that transcended the city s economic regeneration per se to garner both national recognition and international attention *Fluctuating Fortunes* David

Modern Public Finance James W Cummings,2015-10-06 Addresses the financing of the American Mexican War of 1846 48 This study argues that the successful financing of the American Mexican War had a long term beneficial effect on American financial institutions and markets **Disintegration** Andrei Martyanov,2021-05-01 The United States is undergoing a

profound and radical transformation all features of which point to the fact of its departure at an accelerated rate from its largely self proclaimed status as a global hegemon The United States has lost ground in every single category that defines the power and status of a nation in relation to its rivals This book delves into the reasons for a catastrophic decline of the American nation addressing a range of factors from the economic especially energy to cultural technological and military factors America s deindustrialized economy is now deeply affected by what can only be described as a massacre of her small and middle size businesses and the implosion of the US commercial aerospace industry America s only driver of real growth

the shale oil industry is facing realities which may make the Great Depression pale in comparison Disintegration also seeks answers to the precipitous moral and professional decline of the always mediocre qualities of the American elites from the corridors of political power to those of the military and business now spiraling out of control More alarmingly the trend also points to the possibility of the actual physical disintegration of the United States as a unified entity whether the divisions are ethnic or ideological The most profound fault line is cultural between the Coastal self proclaimed elites backed by the secular liberal media and deep state who promote the most radical ideologies as it concerns gender and race and the working class majority whom the former polemicize as deplorables Christian fundamentalists white supremacists and climate and science denialists Investigating these factors sheds light on America s future which holds very little promise for the country which had once proclaimed itself to be a shining city on the hill The American collapse is not just coming we are presently experiencing it How can we deal with a catastrophe which is unfolding before our very eyes Disintegration lays out some possibilities The Ordeal Of Hegemony Guy Poitras,2019-07-11 This book describes the relations between international relations theory and the realities of U S Latin American relations It attempts a reappraisal of U S power in Latin America a risky venture in times of indeterminate change and divergent thinking
