Debunking Economics Steve Keen, 2001-07-28 What is the score card for economics at the start of the new millennium While there are many different schools of economic thought it is the neo classical school with its alleged understanding and simplistic advocacy of the market that has become equated in the public mind with economics This book shows that virtually every aspect of conventional neo classical economics thinking is intellectually unsound Steve Keen draws on an impressive array of advanced critical thinking He constitutes a profound critique of the principle concepts theories and

methodologies of the mainstream discipline Keen raises grave doubts about economics pretensions to established scientific status and its reliability as a guide to understanding the real world of economic life and its policy making Economics Today Miller, Roger LeRoy, 2005 **Value and the World Economy Today** R. Westra, A. Zuege, 2003-11-30 Value and the World Economy Today brings together a diverse group of globally renowned scholars of international political economy and critical economics to examine the relevance of value theory for understanding the world economy today The book is unique in the way that it connects literatures that have for the most part developed in isolation from each other and therefore brings questions of theory to bear directly upon the problems of analyzing current global trends and formulating responses to them
