Gavin, 2007-11-06 *Press and Television in British Politics* offers a research based exploration of the way the media portrays a range of political and economics related topics Using both quantitative and qualitative techniques Gavin explores the implications that follow for journalism and journalism study and for British and European democracy and politics

The Death of Public Knowledge? Aeron Davis, 2017-06-09 A collection of short sharp essays exploring the value of shared and accessible public knowledge in the face of its erosion *The Death of Public Knowledge* argues for the value and importance of shared publicly accessible knowledge and suggests that the erosion of its most visible forms including public service broadcasting education and the network of

public libraries has worrying outcomes for democracy With contributions from both activists and academics this collection of short sharp essays focuses on different aspects of public knowledge from libraries and education to news media and public policy Together the contributors record the stresses and strains placed upon public knowledge by funding cuts and austerity the new digital economy quantification and target setting neoliberal politics and inequality These pressures the authors contend not only hinder democracies but also undermine markets economies and social institutions and spaces everywhere Covering areas of international public concern these polemical accessible texts include reflections on the fate of schools and education the takeover of public institutions by private interests and the corruption of news and information in the financial sector They cover the compromised Greek media during recent EU negotiations the role played by media and political elites in the Irish property bubble the compromising of government policy by corporate interests in the United States and Korea and the squeeze on public service media in the United Kingdom New Zealand and the United States Individually and collectively these pieces spell out the importance of maintaining public shared knowledge in all its forms and offer a rallying cry for doing so asserting the need for strong public financial and regulatory support Contributors Toril Aalberg Ian Anstice Philip Augar Rodney Benson Aeron Davis Des Freedman Wayne Hope Ken Jones Bong hyun Lee Colin Leys Andrew McGettigan Michael Moran Aristotelis Nikolaidis Justin Schlosberg Henry Silke Roger Smith Peter Thompson Janine R Wedel Karel Williams Kate Wright

Media, Organizations and Identity Lilie Chouliaraki, 2009-12-09 The mass media press and television have always been central in the formation of corporate identity and the promotion of business image and reputation This volume provides a new perspective into the interrelationships between media and organizations across three dimensions Media as Business Media in business and Business in the media

The Political Economies of Media Dwayne Winseck, Dal Yong Jin, 2012-05-08 The contributors show that digital media are disrupting entire media industries but without erasing the past and insist that one media sector is not the same as the next As the title signals even in the age of convergence and remix culture different media continue to display their own distinctive political economies

Public Relations Democracy Aeron Davis, 2002-05-03 This book looks at the rapid expansion of professional public relations and discusses its effects on the mass media and political process

Corporate Governance in Action Lars Engwall, 2017-11-28 Over time we have seen large corporations in many cases with multinational operations begin to play an increasingly significant role in modern society This in turn has put the governance of these corporations into focus Against this background *Corporate Governance in Action* helps provide a framework for examining corporate governance through a focus provided by external pressures on large corporations It also brings together the approach of economics and finance with theories in organization studies such as aspects of resource dependency theory This framework takes into consideration not only the market relations of modern corporations but also their dependence on regulators and different kind of scrutinizers This thoughtful book is a complete research guide that provides a new understanding and applicable framework for advanced
