Economic Growth And Development In Jordan Special Studies On The Middle East:

Economic Growth and Development in Jordan Michael P. Mazur, 1949 The Economic Development of Jordan (RLE Economy of Middle East) Bichara Khader, Adnan Badran, 2014-10-30 Jordan is one of the most important countries of the Fertile Crescent Although it is not richly endowed with material resources its political significance in the region gives it considerable authority This book focuses on the economic development of Jordan over the last decade It analyses the structural changes the economy has undergone and examines the experience of the key sectors It also looks at the contribution of foreign aid and emigrant workers remittances to the economy The book concludes that there is a significant potential for the Jordanian economy but the current political and economic problems facing it are daunting First published in 1987 The Arab-african Connection Victor T Le Vine, Timothy W Luke, 2019-07-11 Between June 1967 and the end of 1973 most independent Black African states abandoned their neutral position in the Middle East conflict cut their ties with Israel and gave full support to the political aims of the Arab states Since the beginning of 1974 however and despite attempts by the Arabs to shield their new allies from the adverse effects of the 1973 74 world oil and economic crises the alliance has begun to fragment as the African states become transformed from partners to clients and dependents of the Arabs This study examines the roots of the African conversion the nature of the evolving relationship between the African and Arab states and the reasons economic and political for the transformation of the alliance Basic to that transformation the authors argue is a fundamental change in the international status and power of the Arab states a change that has led them to cast their lot with the industrialized First World rather than with the poorer less developed countries *The Political Environment Of Economic Planning In Iran, 1971-1983* Hossein Razavi, Firouz Vakil, 2019-07-09 The Political Environment of Economic Planning in Iran 1971 1983 From Monarchy to Islamic Republic Hossein Razavi and Firouz Vakil Based on both research and first hand experience this book provides a politico economic analysis of the operation of Iran s economy before and after the revolution of February 1979 The authors discuss the function and effectiveness of economic planning during the shah s tenure and relate the shortcomings of plan preparation and implementation to the explosive psycho economic instability of the regime They then discuss the institutional problems that the revolutionary regime has been facing in operating the economy and foresee the possible consequences of its failure to appropriately deal with these problems Finally analyzing the economic postures of important opposition groups the authors outline future prospects for economic planning in Iran **The Political Environment Of Economic Planning In Iran, 1971-1983** Hossein Razavi, Firouz Vakil, 2019-07-09 The Political Environment of Economic Planning in Iran 1971 1983 From Monarchy to Islamic Republic Hossein Razavi and Firouz Vakil Based on both research and first hand experience this book provides a politico economic analysis of the operation of Iran s economy before and after the revolution of February 1979 The authors discuss the function and effectiveness of economic planning during the shah s tenure and relate the shortcomings of plan preparation and implementation to the explosive

psycho economic instability of the regime They then discuss the institutional problems that the revolutionary regime has been facing in operating the economy and foresee the possible consequences of its failure to appropriately deal with these problems Finally analyzing the economic postures of important opposition groups the authors outline future prospects for economic planning in Iran

Oil and the political economy in the Middle East Martin Beck, Thomas Richter, 2021-08-17 The downhill slide in the global price of crude oil which started mid 2014 had major repercussions across the Middle East for net oil exporters as well as importers closely connected to the oil producing countries from the Gulf Following the Arab uprisings of 2010 and 2011 the oil price decline represented a second major shock for the region in the early twenty first century one that has continued to impose constraints but also provided opportunities Offering the first comprehensive analysis of the Middle Eastern political economy in response to the 2014 oil price decline this book connects oil market dynamics with an understanding of socio political changes Inspired by rentierism the contributors present original studies on Bahrain Egypt Jordan Kuwait Lebanon Oman Qatar Saudi Arabia and the United Arab Emirates The studies reveal a large diversity of country specific policy adjustment strategies from the migrant workers in the Arab Gulf who lost out in the post 2014 period but were incapable of repelling burdensome adjustment policies to Egypt Jordan and Lebanon who have never been able to fulfil the expectation that they could benefit from the 2014 oil price decline With timely contributions on the COVID 19 induced oil price crash in 2020 this collection signifies that rentierism still prevails with regard to both empirical dynamics in the Middle East and academic discussions on its political economy

Economic Development in the Middle East Rodney Wilson, 2021-09-23 This new edition examines how development in the Middle East is being influenced by global economic change This comparative textbook focuses on the region's strengths and highlights development success especially in the Gulf Turkey and Israel The major structural changes in the economies of the Middle East are analysed and current employment challenges are discussed The impact of demographic changes is considered notably the dramatic decline in birth rates which will have implications for future employment The contribution of banks and capital markets to the region's development is appraised including that of Islamic financial institutions which play a prominent role in the Gulf Cooperation Council GCC countries but

are on the margins of the financial systems elsewhere Historically development in the GCC was linked to oil and gas production and prices a key issue being whether these are being decoupled as economies diversify and become more self sustaining The evidence on this from the GCC is encouraging with transparent and accountable financial management and major improvements in economic governance despite the lack of democracy Examining the drivers of economic development in the Middle East in a regional and global context this fully updated textbook is a key resource for students and academics interested in economic development and the political economy of the Middle East Monographic Series Library of Congress,1979 Report of the Special Study Mission to the Near East Comprising Representative Edward R. Roybal, Chairman, Representative E. Ross Adair, Representative J. Irving Whalley, Representative E. Y. Berry of the Committee on Foreign Affairs United States. Congress. House. Special Study Mission to the Near East,1967 **Gender and Development in the Arab World** Nabil F. Khoury,Valentine M. Moghadam,1995 This much needed book explores Arab women s share in employment and their contribution to national economic development It documents the patterns and trends of female employment and highlights the determinants of labour force participation in a number of countries **Determinants of Cross-country Income Inequality** Branko Milanovi?,1994 An alternative hypothesis to explain why income inequality differs among countries Inequality in richer societies decreases not only because of economic factors but also because societies choose less inequality as they grow richer *US Assistance, Development, and Hierarchy in the Middle East* Anne Mariel Zimmermann,2016-12-21 What does US aid buy in the Middle East Drawing on extensive primary source research this book examines the role and consequences of US aid to three countries in the Middle East The author argues that the political survival strategies of incumbent leaders in Egypt Israel and Jordan shaped not only the type of aid that these countries received from the US but also its developmental and geopolitical impact Leaders who relied heavily on distributing selective benefits to their ruling coalitions were more likely to receive forms of US aid that complemented their distributive political economies and undermined the state s developmental capacity which simultaneously rendered them more dependent on US resources and more likely to cede fragments of their sovereignty to their major donor Non distributive leaders however could reap the full benefits of highly discretionary and technologically sophisticated aid incorporating it into developmental policies that rendered them progressively less dependent on Washington and better able to say no when it was in their best interest *Economic and Trade Policies in the Arab World* Mahmoud Elkhafif,Sahar Taghdisi-Rad,Mutasim Elagraa,2012-05-04 The Arab Spring and recent popular uprisings that have taken place in many Arab countries since the end of 2010 highlight the urgent need for economic policy reorientation in these countries This book addresses key issues relevant to the contemporary economic realities of the Arab economies including policy space generation of more productive and decent employment social justice and poverty alleviation regional integration and the common destiny of the Arab people and the failure of the structural adjustment programs recommended by the Bretton Woods institutions and implemented in these countries in the

last three decades The volume explores and makes recommendations for deep pan Arab regional integration and alternative pro poor growth oriented economic and trade policies capable of promoting social justice by reducing the incidence of poverty It highlights the ways in which various types of economic and trade policies have affected the levels of employment and poverty in five Arab countries Egypt Jordan Morocco the occupied Palestinian territory and Sudan Using a mixture of qualitative and quantitative methodologies the book focuses on Arab trade integration exploring the obstacles to its implementation in the past as well as its potentials as a source of employment generation and enhancement of living conditions The book also addresses the construction interpretation and use of quantitative trade indicators for optimal policy choice at both the domestic and regional levels *The Middle East* Ellen Lust,2023-02-01 In the The Middle East Sixteenth Edition Ellen Lust brings important new coverage to this comprehensive balanced and superbly researched text In clear prose Lust and her outstanding contributors explain the landscape of this changing region by examining both regional trends and individual countries The Sixteenth Edition adds a chapter on Sudan and other country chapters have been streamlined and fully updated to reflect domestic regional and international changes of the past three years This best selling text offers a wealth of information to help readers not only comprehend more fully the world around them but also recognize and formulate policies that can more successfully engage the vitally important Middle East

Artificial Intelligence (AI) and Finance Bahaaeddin A. M. Alareeni,Islam Elgedawy,2023-08-26 Artificial intelligence AI has the potential to significantly improve efficiency reduce costs and increase the speed and accuracy of financial decision making making it an increasingly important tool for financial professionals One way that AI can improve efficiency in finance is by automating tasks and processes that are time consuming and repetitive for humans For example AI algorithms can be used to analyze and process large amounts of data such as financial statements and market data in a fraction of the time that it would take a human to do so This can allow financial professionals to focus on higher value tasks such as interpreting data and making strategic decisions rather than being bogged down by mundane tasks AI can also reduce costs in finance by increasing automation and eliminating the need for certain tasks to be performed manually This can result in cost savings for financial institutions which can then be passed on to customers in the form of lower fees or better services AI can be used to identify unusual patterns of activity that may indicate fraudulent behavior This can help financial institutions reduce losses from fraud and improve customer security AI powered chatbots and virtual assistants can help financial institutions provide faster more efficient customer service particularly when it comes to answering common questions and handling routine tasks Some financial institutions are using AI to analyze market data and make trades in real time AI powered trading algorithms can potentially make faster and more accurate trading decisions than humans In terms of speed and accuracy AI algorithms can analyze data and make decisions much faster than humans and can do so with a high degree of accuracy This can be particularly useful in fast moving financial markets where quick and accurate decision making can be the difference between success and

failure This book highlights how AI in finance can improve efficiency reduce costs and increase the speed and accuracy of financial decision making Moreover the book also focuses on how to ensure the responsible and ethical use of AI in finance This book is a valuable resource for students scholars academicians researchers professionals executives government agencies and policymakers interested in exploring the role of artificial intelligence AI in finance Its goal is to provide a comprehensive overview of the latest research and knowledge in this area and to stimulate further inquiry and exploration

Aid and Power in the Arab World J. Harrigan,H. El-Said,2009-02-25 This book looks at the provision of finance in the Middle East and North Africa MENA by the IMF and World Bank in return for economic liberalization exploring the political motivations of funding and geo politics in recipients The effectiveness of funding is questioned with evidence from four MENA countries **Jordan** Sean Yom,2025-10 Jordan is the runt of the Middle East Compared to neighboring Israel Lebanon Syria Iraq Saudi Arabia it has the smallest population scarcest resources and greatest vulnerability to regional violence And yet this contrived place with its divided society and antiquated monarchy has outlasted endless predictions of collapse to become a veritable oasis of stability Jordan is an accidental crucible where titanic forces have converged to create an important if misunderstood state In Jordan Sean Yom provides a concise yet authoritative synthesis of the Hashemite Kingdom s development from its founding over a century ago to the present He explores Jordan s government society economy and foreign policy in a systematic manner offering an immersive tour of this vital Arab country Uniquely Yom combines theoretical work from political science sociology and other scholarly fields with firsthand knowledge of Jordan garnered over decades of study His insights show how Jordan s political experiences form a microcosm for understanding the entire Middle East Among the topics covered are its colonial legacies fractious national identity authoritarian rule civil society democratic protests economic development neoliberal corruption geopolitical conflicts and Western hegemony A comprehensive and rigorous study of politics in Jordan this book underscores the urgency of the country s historical struggles and contemporary affairs which will shape the future of democracy prosperity and peace in the Middle East
