Kamrin,John H. Montgomery,1999-10-28 Two excellent resource books are combined to form a single comprehensive database that offers summaries of environmental properties The Agrochemicals and Pesticides Desk Reference on CD ROM contains specific information about 137 pesticides serving as a primer of environmental toxicology and an extensive trade name index Profiles of each pesticide provide regulatory information toxicity assessments environmental fate data physical properties acceptable exposure limit values This CD ROM is an up to date reference inspired by the growing number of research publications and the continued interest in the fate transport and remediation of hazardous substances Featured are environmental and physical chemical data on more than 300 compounds including pesticides herbicides and fungicides **Pesticide Profiles** Michael A. Kamrin,1997-03-12 Pesticide Profiles Toxicity Environmental Impact and Fate is like three books in one it is a profile containing specific information about 137 pesticides a primer of environmental toxicology and an extensive trade name index Profiles of each pesticide contain regulatory information toxicity assessments environmental fate data physical properties and acceptable exposure limit values

What these values and data mean in terms of human toxicity is clearly interpreted as well The book also describes the meaning of carcinogenicity and how it is assessed in non technical terms the non expert can understand Readers with a technical background are provided with the data to make their own judgments In addition to information about specific pesticides there are sections on general classes of pesticides such as organophosphates This information allows readers to make inferences about any pesticide in a class even if a profile is not provided Pesticide Profiles Toxicity Environmental Impact and Fate goes beyond the usual listings of toxicity values or environmental half lives to offer a broad understanding to readers of various backgrounds and interests
