constructionist feminism of Simone de Beauvoir the psychoanalytical theories of Jessica Benjamin and a range of social theorists from Bourdieu to Zygmunt Bauman the book uncovers the history of romantic fiction in France from the late nineteenth to the early twenty first century and explores its place in women s lives and imaginations Romance is not defined as it usually is solely in terms of its mass market form Rather the history of women s popular fiction is traced in its full context as one dimension of a literary story that encompasses the mainstream or middlebrow as well as high culture Thus this study ranges from the formula romance from the pious but popular Delly to global brand Harlequin through middlebrow bestsellers like Marcelle Tinayre Fran oise Sagan R gine Deforges to critically esteemed stories of love in the work of such authors as Colette Simone de Beauvoir Elsa Triolet and Camille Laurens Criss crossing the boundaries of taste and class as well as those of sexual orientation the romance has been at times reactionary at others progressive utopian and contestatory It has played an important part in the lives of twentieth century women providing both a source of imaginative escape and a fictional space in which to rehearse and make sense of identity relationship and desire
