decisions he made and the situations he created as a repossession artist People purchase many things on credit for incalculable reasons but fail to make the payments Collectible Muscle and regular cars and trucks and even people s businesses provide a steady diet for one man to outwit the owners and solve their problems with the bank or finance company John learns over time that repossession is not always the answer Life teaches John that it is not a straight line from beginning to end but a myriad series of twists turns and switchbacks As John moves through the various repossessions he determines that first there must be possessions And possessions are often precious to people People and their possessions are delicately intertwined and separating them is a tenuous task even for seasoned repossession professionals Repossession work is not for the faint of heart nor as John learns one he can go alone      *Milky Way Repo* Michael Prelee,2015-11-25 Blue collar Sci Fi in the vein of *Firefly* Running a starship repo company isn t easy or cheap It s just an endless string of fuel costs ship maintenance legal red tape unhappy debt bailers shady associates and uncooperative dock officials from one end of the galaxy to the other Nathan Teller owns and operates Milky Way Repossessions a company that tracks down and repossesses starships And although he s only managing to break even on his debt he wouldn t trade it for anything His ex wife holds that against him No surprise there When Nathan and his crew successfully steal a freighter from the clutches of a particularly tenacious and corrupt dock official he earns the respect of their high profile employer Opportunity seems a sure thing Nathan should be happy But when that lucrative job op turns into a ransom delivery for a starship crew being held hostage by a cult he suddenly finds himself pursued by a self immolating loan shark hell bent on collecting a gambling debt How will it all turn out You never know Especially when Nathan and his Starship repo agents are up against a cult and the mob I think Milky Way Repo carves out a unique niche in science fiction by presenting protagonists that work hard for a living sort of a genre of blue collar sci fi The world is bigger than them and there isn t a large fascist government operating against them In this case the characters struggle to make ends meet and do so against forces that are relatable the economy employers that hold sway over workers religious elements and organized crime figures that move in the shadows Michael Prelee author
