Healing Logics Culture And Medicine In Modern Health Belief Systems

Simon J. Bronner

Healing Logics Culture And Medicine In Modern Health Belief Systems:

Healing Logics Erika Brady, 2001-04-01 Scholars in folklore and anthropology are more directly involved in various aspects of medicine such as medical education clinical pastoral care and negotiation of transcultural issues than ever before Old models of investigation that artificially isolated folk medicine complementary and alternative medicine and biomedicine as mutually exclusive have proven too limited in exploring the real life complexities of health belief systems as they observably exist and are applied by contemporary Americans Recent research strongly suggests that individuals construct their health belief systems from diverse sources of authority including community and ethnic tradition education spiritual beliefs personal experience the influence of popular media and perception of the goals and means of formal medicine *Healing Logics* explores the diversity of these belief systems and how they interact in competing conflicting and sometimes remarkably congruent ways This book contains essays by leading scholars in the field and a comprehensive bibliography of folklore and medicine

Healing Logics Erika Brady, 2001 *Encyclopedia of Women's Folklore and Folklife* Pauline Greenhill, Liz Locke, Theresa A. Vaughan, 2008-12-08 From the stone age to the cyber age women and men have experienced the world differently Out of a cosmos of goddesses and she devils earth mothers and madonnas witches and queens saints and whores a vast body of women's folklore has come into bloom International in scope and drawing on more than 130 expert contributors this encyclopedia reviews the myths traditions and beliefs central to women's daily lives More than 260 alphabetically arranged entries cover the lore of women across time space and life Students of history religion and spirituality healing and traditional medicine literature and world cultures will value this encyclopedia as an indispensable guide to women's folklore In addition there are entries on women's folklore and folklife in 15 regions of the world such as the Caribbean Central Asia the Middle East and Western Europe Entries provide cross references and cite works for further reading and the encyclopedia closes with a selected bibliography of print and electronic resources Students learning about history world cultures religion and spirituality healing and traditional medicine and literature will welcome this companion to the daily life of women across time and continents

The Oxford Handbook of American Folklore and Folklife Studies Simon J. Bronner, 2019 The Oxford Handbook of American Folklore and Folklife Studies surveys the materials approaches concepts and applications of the field to provide a sweeping guide to American folklore and folklife culture history and society Forty three comprehensive and diverse chapters explore the extraordinary richness of the American social and cultural fabric offering a valuable resource not only for scholars and students of American studies but also for the global study of tradition folk arts and cultural practice

A Compendium of Essays on Alternative Therapy Arup Bhattacharya, 2012-01-20 A Compendium of Essays on Alternative Therapy is aimed at both conventional and alternate therapy practitioners besides serving as an educational tool for students and lay persons on the progress made in the field While this resource is not all inclusive it does reflect the current theories from different international experts in the field This

will hopefully stimulate more research initiatives funding and critical insight in the already increasing demand for alternate therapies that has been evidenced worldwide

Handbook of Communication in Oncology and Palliative Care David Kissane,2011-03-31 Communication is a core skill for medical professionals when treating patients and cancer and palliative care present some of the most challenging clinical situations This book provides a comprehensive curriculum to help oncology specialists optimize their communication skills

Discovering Quacks, Utopias, and Cemeteries Cynthia Williams Resor,2019-06-21 Discovering Quacks Utopias and Cemeteries Modern Lessons from Historical Themes explores two enduring issues our age old pursuit of better lives and how the media impacts our choices In this unique approach to social history each chapter opens with essential questions asking the reader to consider these issues in historical and modern life The histories of fake cures imaginary and real utopias cemeteries tombstones and scrapbooks are explored from ancient times through the transformations caused by the Industrial Revolution into the twentieth century Historical images excerpts from primary source documents and activities adaptable to learners of all ages are included to illustrate the role of historical media Quacks Utopias and Cemeteries the third in the daily life series by Cynthia Resor is an ideal book for history enthusiasts especially social studies teachers education or humanities professors museum educators and anyone wanting to know about the lives of average people in the past

Diagnosing Folklore Trevor J. Blank,Andrea Kitta,2015-10-12 Diagnosing Folklore provides an inclusive forum for an expansive conversation on the sensitive raw and powerful processes that shape and imbue meaning in the lives of individuals and communities beleaguered by medical stigmatization conflicting public perceptions and contextual constraints This volume aims to showcase current ideas and debates as well as promote the larger study of disability health and trauma within folkloristics helping bridge the gaps between the folklore discipline and disability studies This book consists of three sections each dedicated to key issues in disability health and trauma It explores the confluence of disability ethnography and the stigmatized vernacular through communicative competence esoteric and exoteric groups in the Special Olympics and the role of family in stigmatized communities Then it considers knowledge belief and treatment in regional and ethnic communities with case studies from the Latino a community in Los Angeles Javanese Indonesia and Middle America Lastly the volume looks to the performance of mental illness stigma and trauma through contemporary legends about mental illness vlogs on bipolar disorder medical fetishism and veterans stories

The Kiss of Death Andrea Kitta,2019-10-15 Disease is a social issue not just a medical issue Using examples of specific legends and rumors The Kiss of Death explores the beliefs and practices that permeate notions of contagion and contamination Author Andrea Kitta offers new insight into the nature of vernacular conceptions of health and sickness and how medical and scientific institutions can use cultural literacy to better meet their communities needs Using ethnographic media and narrative analysis this book explores the vernacular explanatory models used in decisions concerning contagion to better understand the real fears risks concerns and doubts of the public Kitta explores immigration and patient zero zombies

and vampires Slender Man HPV and the kiss of death legend as well as systematic racism homophobia and misogyny in North American culture to examine the nature of contagion and contamination Conversations about health and risk cannot take place without considering positionality and intersectionality In The Kiss of Death Kitta isolates areas that require better communication and greater cultural sensitivity in the handling of infectious disease public health and other health related disciplines and industries

Exploring Anthropology through Folklore and Mythology Tok Thompson, Daniel Wojcik, 2025-08-29 Exploring Anthropology through Folklore and Mythology is a comprehensive textbook which examines how people around the world express themselves culturally and how these practices provide a window into the diversity of human culture Using a genre based approach this book takes a globalized perspective and promotes intercultural exchange and understanding It presents students with in depth examples of a wide range of traditions as well as an understanding of how such traditions are studied In explicating key concepts and applying these to specific practices and performances we introduce students to the fundamentals in the study of human culture and creativity Topics include mythology folktales legends dance music trance states magic the spirit world internet folklore festivals street art subcultural style rituals celebrations and body art and tattoo traditions Exploring Anthropology through Folklore and Mythology offers a fascinating display of global cultural diversity and is an essential textbook for students making their first steps into the fields of folklore mythology anthropology and cultural studies

Traveling Cultures and Plants Andrea Pieroni, Ina Vandebroek, 2009-10 The tremendous increase in migrations and diasporas of human groups in the last decades are not only bringing along challenging issues for society especially related to the economic and political management of multiculturalism and culturally effective health care but they are also creating dramatic changes in traditional knowledge beliefs and practices KBP related to medicinal plant use The contributors to this volume all internationally recognized scholars in the field of ethnobiology transcultural pharmacy and medical anthropology analyze these dynamics of traditional knowledge in especially 12 selected case studies Ina Vandebroek features in Nova's Secret Life of Scientists answering the question just what is ethnobotany

Religion and Healing in America Linda L. Barnes, Susan Starr Sered, 2005 Americans have long been aware of the phenomenon loosely known as faith healing Such practices most often received attention when they came into conflict with biomedical practice During the 1990s however the American cultural landscape changed dramatically and religious healing became a commonplace feature of our society The essays in this book chart this new reality Insofar as healing traditions constitute the meeting ground or point of conflict between different groups argue the authors they provide a powerful lens through which to examine cultural changes at work Each of the papers offers a particular case study Many emphasize gender race ethnicity and class as key components of healing experiences

Unlearning Charles L. Briggs, 2021-05-03 A provocative theoretical synthesis by renowned folklorist and anthropologist Charles L. Briggs Unlearning questions intellectual foundations and charts new paths forward Briggs argues through an expansive look back at his own influential

works as well as critical readings of the field that scholars can disrupt existing social and discourse theories across disciplines when they collaborate with theorists whose insights are not constrained by the bounds of scholarship Eschewing narrow Eurocentric modes of explanation and research foci Briggs brings together colonialism health media and psychoanalysis to rethink classic work on poetics and performance that revolutionized linguistic anthropology folkloristics media studies communication and other fields Beginning with a candid memoir that credits the mentors whose disconcerting insights prompted him to upend existing scholarly approaches Briggs combines his childhood experiences in New Mexico with his work in graduate school his ethnography in Venezuela working with Indigenous peoples and his contemporary work which is heavily weighted in medical folklore Unlearning offers students emerging scholars and veteran researchers alike a guide for turning ethnographic objects into provocations for transforming time worn theories and objects of analysis into sources of scholarly creativity deep personal engagement and efforts to confront unconscionable racial inequities It will be of significant interest to folklorists anthropologists and social theorists and will stimulate conversations across these disciplines

The Medical Carnavalesque Lisa Gabbert, 2024-08-06 The practice of medicine is immersed in issues of life death and suffering in relation to the mortal body Because of this the medical profession is a fertile arena for folklore that serves to address these topics among physicians In *The Medical Carnavalesque* Lisa Gabbert argues that this extraordinarily difficult work context has led to the development of an occupational corpus of folklore backstage talk and humor that she calls the medical carnivalesque Gabbert argues that suffering is not only something experienced by patients but that the organization practice and ethos of medicine can induce suffering in physicians themselves Featuring topics such as the institutionalized nature of physician suffering death related humor and talk stories about patient bodies and parodies of medical specialties *The Medical Carnavalesque* shows us how the culture of contemporary medicine uses travesty humor and inversion to address the sometimes painful and often transgressive aspects of doctoring *The Medical Carnavalesque* connects patient and physician suffering to laughter acknowledges suffering as an essential component of life and constitutes a way in which some physicians address the core philosophical and existential issues with which they regularly engage as they go about their daily work

An Epidemic of Rumors Jon D. Lee, 2014-03-15 In *An Epidemic of Rumors* Jon D Lee examines the human response to epidemics through the lens of the 2003 SARS epidemic Societies usually respond to the eruption of disease by constructing stories jokes conspiracy theories legends and rumors but these narratives are often more damaging than the diseases they reference The information disseminated through them is often inaccurate incorporating xenophobic explanations of the disease s origins and questionable medical information about potential cures and treatment Folklore studies brings important and useful perspectives to understanding cultural responses to the outbreak of disease Through this etiological study Lee shows the similarities between the narratives of the SARS outbreak and the narratives of other contemporary disease outbreaks like AIDS and the H1N1 virus His analysis suggests that these disease narratives do not

spring up with new outbreaks or diseases but are in continuous circulation and are recycled opportunistically Lee also explores whether this predictability of vernacular disease narratives presents the opportunity to create counter narratives released systematically from the government or medical science to stymie the negative effects of the fearful rumors that so often inflame humanity With potential for practical application to public health and health policy *An Epidemic of Rumors* will be of interest to students and scholars of health medicine and folklore

Folk Medicine in Southern Appalachia Anthony Cavender, 2014-07-25 In the first comprehensive exploration of the history and practice of folk medicine in the Appalachian region Anthony Cavender melds folklore medical anthropology and Appalachian history and draws extensively on oral histories and archival sources from the nineteenth century to the present He provides a complete tour of ailments and folk treatments organized by body systems as well as information on medicinal plants patent medicines and magico religious beliefs and practices He investigates folk healers and their methods profiling three living practitioners an herbalist a faith healer and a Native American healer The book also includes an appendix of botanicals and a glossary of folk medical terms Demonstrating the ongoing interplay between mainstream scientific medicine and folk medicine Cavender challenges the conventional view of southern Appalachia as an exceptional region isolated from outside contact His thorough and accessible study reveals how Appalachian folk medicine encompasses such diverse and important influences as European and Native American culture and America's changing medical and health care environment In doing so he offers a compelling representation of the cultural history of the region as seen through its health practices

Wild Witchcraft Rebecca Beyer, 2022-05-10 Learn how to cultivate your own magical garden harness the power of herbalism and better connect with nature through practical and sustainable tips from an experienced Appalachian witch forager

Sin or Salvation Amy Mahoney, Oliva M. Espin, 2013-10-18 When in therapy women inevitably present both sexual and spiritual issues of importance However there has yet to be brought forth an integrating approach to women's sexuality and spirituality The book fills this gap integrating these two diverse yet connected aspects of therapy This innovative exploration of women's experiences of their sexuality and spirituality is presented from a feminist psychological perspective clearly illustrating the dichotomy that exists in Western culture and offering a unique approach for convergence This book provides therapists with positive and self-affirming viewpoints and practical strategies to help harmonize sexual and spiritual issues in women clients The book uses a synergistic perspective to facilitate healing for women's psychosexual spiritual growth and development Therapists are provided with invaluable tools for personal understanding and clinical practice when considering sexuality and spirituality and how they interact in a client's life This book is crucial reading for psychotherapists counselors social workers educators pastoral counselors and anyone interested in learning more about the intersections between sexuality and spirituality This book was published as a special issue of *Women Therapy: A Feminist Quarterly*

The Handbook of Cannabis Therapeutics Ethan B. Russo, Franjo Grotenhermen, 2014-05-22 Learn the facts behind the pharmacology and

pharmacokinetics of controversial cannabis therapeutics The Handbook of Cannabis Therapeutics From Bench to Bedside sets aside the condemnation and hysteria of society's view of cannabis to concentrate on the medically sound aspects of cannabis therapeutics The world's foremost experts provide a reasoned thoroughly researched overview of the controversial subject of cannabis from its history as a medicine through its latest therapeutic uses The latest studies on the botany history biochemistry pharmacology toxicology clinical use for various illnesses such as AIDS epilepsy and multiple sclerosis and side effects of marijuana are all examined and discussed in depth This comprehensive resource is a compendium of articles from the Journal of Cannabis Therapeutics with additional contemporary commentary It presents startling research that explores and supports the medicinal value of cannabis use and its derivatives as a valid therapeutic resource for pain and inflammation for several illnesses less responsive to other therapies and even for certain veterinary uses Cannabinoids such as nabilone THC levonantradol ajulemic acid dexanabinol and others are extensively described with a review of new indications for cannabinoid pharmaceuticals The book is carefully referenced to encourage your examination of previous studies and provides tables and figures to enhance understanding of information The Handbook of Cannabis Therapeutics discusses the uses of cannabis in Arabic Greek Roman and early English medicines absorption rates pharmacokinetics pharmacodynamics separate extracts versus the use of cannabis in its entirety the therapeutic value of the endocannabinoid system cannabinoids and newborn feeding a comparison of smoking versus oral preparations clinical research data on eating cannabis therapeutic uses as appetite stimulant treatments in obstetrics and gynecology medicinal treatments used in Jamaica the use of cannabis in the treatment of multiple sclerosis the benefits versus the adverse side effects of cannabis use The Handbook of Cannabis Therapeutics is a reference work certain to become crucial to physicians psychologists researchers biochemists graduate students and interested members of the public

Women and Cannabis Ethan Russo, Melanie Creagan Dreher, Mary Lynn Mathre, 2002

Healing Logics Culture And Medicine In Modern Health Belief Systems Introduction

In today's digital age, the availability of Healing Logics Culture And Medicine In Modern Health Belief Systems books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Healing Logics Culture And Medicine In Modern Health Belief Systems books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Healing Logics Culture And Medicine In Modern Health Belief Systems books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Healing Logics Culture And Medicine In Modern Health Belief Systems versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Healing Logics Culture And Medicine In Modern Health Belief Systems books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Healing Logics Culture And Medicine In Modern Health Belief Systems books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Healing Logics Culture And Medicine In Modern Health Belief Systems books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural

artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Healing Logics Culture And Medicine In Modern Health Belief Systems books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Healing Logics Culture And Medicine In Modern Health Belief Systems books and manuals for download and embark on your journey of knowledge?

FAQs About Healing Logics Culture And Medicine In Modern Health Belief Systems Books

1. Where can I buy Healing Logics Culture And Medicine In Modern Health Belief Systems books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
