*Healing Through Meeting* John C. Gunzburg, 1997-01-01 *Healing Through Meeting* explains Martin Buber's ideas in simple terms and shows how they can offer a philosophical framework within which to hold a therapeutic conversation. John Gunzburg shares his skills in composing therapeutic stories and encourages therapists to formulate their own stories out of their and their clients' experiences.

**An Analysis of Martin Buber's I and Thou** Simon Ravenscroft, 2018-05-20 Martin Buber's *I and Thou* argues that humans engage with the world in two ways. One is with the attitude of an I towards an It where the self stands apart from objects as items of experience or use. The other is with the attitude of an I towards a Thou where the self enters into real relation with other people or nature or God. Addressing modern technological society, Buber claims that while the I-It attitude is necessary for existence, human life finds its meaning in personal relationships of the I-Thou sort. *I and Thou* is Buber's masterpiece, the basis of his religious philosophy of dialogue and among the most influential studies of the human condition in the 20th century.

**Foundations of Pastoral Counselling** Neil Pembroke, 2017-04-30 *Foundations of Pastoral Counselling* offers a completely new approach to its subject through an integration of philosophical ideas, theological thought, and psychotherapeutic psychology. Using the work of philosophers including Martin Buber, Simone Weil, and Søren Kierkegaard to begin the conversation in each chapter, the author then draws on relevant theologians and psychotherapeutic thinkers to enrich the dialogue. The result is a rich, multi-faceted and often surprising round-table discussion about the fundamental issues in pastoral counselling. Introduction 1 Part 1 Fundamental Attitudes and Skills 1 Respect for the Uniqueness of the Counsellee or Resisting the Totalizing Tendency 2 Empathy and the Body or the Quest for Participatory Sense-Making 3 Deep Listening or Being Formed in the Discipline of Attention 4 Conditions for Genuine Dialogue or It's the Relationship that Heals 5 Relational Humanness and Relational Justice or Caring for Two Worlds Part 2 Fundamental Interventions and Strategies 6 Revising Faulty Thinking or a Socratic Approach to Healing Belief-Sickness 7 Facilitating Self-Challenge or Learning the Art of Indirection 8 Working with Counsellee Images or Exploring the Metaphors We Live By 9 Connecting with a Community of Hope or Pastoral Rituals that Shine a Light Concluding Reflection It's Also about Personal Spirituality

*The A to Z of Existentialism* Stephen Michelman,2010 Existentialism is the philosophy of human existence which flourished first in Germany in the 1920s and 1930s and then in France in the decade following the end of World War II The operative meaning of existentialism here is thus broader than it was circa 1945 when the term first gained currency in France as a label for the philosophy of Jean Paul Sartre However it is considerably less broad than the view proposed by commentators in the 1950s and 1960s who in an attempt to overcome Sartre s hegemony discovered the seeds of existentialism far and wide in Shakespeare Saint Augustine and the Old Testament prophets In this dictionary existentialism is understood as a decidedly 20th century phenomenon though with roots in the 19th century Effort has been made to understand the philosophy of existentialism as all philosophies should be understood as part of an ongoing intellectual tradition an evolving history of problems concepts and arguments The A to Z of Existentialism explains the central claims of existentialist philosophy and the contexts in which it developed into one of the most influential intellectual trends of the 20th century This is done through a chronology an introductory essay a bibliography and more than 300 cross referenced dictionary entries offering clear accessible accounts of the life and thought of major existentialists like Jean Paul Sartre Martin Heidegger Martin Buber Karl Jaspers Gabriel Marcel Simone de Beauvoir Albert Camus and Maurice Merleau Ponty as well as thinkers influential to its development such as Wilhelm Dilthey Henri Bergson Edmund Husserl and Max Scheler This book affords readers an integrated critical and historically sensitive understanding of this important philosophical movement
