Race and the mechanics of creation is being revealed for the first time by Zoosh and his friends as humanity begins to awaken to its true nature. Zoosh and a great assortment of beings who have never spoken to the physical plane before from particles to All That Is speak vibrantly through superchannel Robert Shapiro. Each personality has its own knowing perception and expertise as it shares its history, its present focus, and the awesome truth about humanity's mission. The books read like adventure stories as we follow the clues from Channeling Jon Klimo, 1998-04-17. In this study of channeling earlier called spirit communication or mediumship, Klimo who teaches at Rosebridge Graduate School in the San Francisco Bay Area writes with clarity about the communication of information to or through a physically embodied human being from a source on some other level or dimension of reality other than the physical as we know it. He profiles recent channels and their sources, goes back to preliterate societies and the advent of monotheism, and identifies as channels such figures as Moses, Solomon, Muhammad, Merlin, Nostradamus, Swedenborg, and Edgar Cayce. He discusses the sorts of people who are channels, kinds of information channeled, sources of information channeled, and varieties of channeling like clairvoyance and automatic writing. According to Klimo, few people tap into their abilities to perform channeling, and for those who think they can, he serves as guide.
