

Thank You Poem for Colleagues

In the sea of endless tasks and time,
Your presence, like a gentle chime,
Offers solace when the hours are long,
Together, we stand unwavering and strong.

Like grains of sand in an hourglass vast,
Together we make the moments last,
A unified force, in challenges we wade,
With you by my side, I'm never afraid.

For all the times, both easy and tough,
For shared laughs and days that were rough,
Thank you, dear colleague, for all that you do,
The workplace is brighter, because of you.

Heart Work Poems:

Heart Work Melissa Whiteford St Clair, 2024-10-18 Heart Work is your purpose combined with passion it is taking whatever your heart has been charged with and committing to do the work necessary to honor your spirit *A Poem on the Special Work of the Spirit in the Hearts of the Elect. Fourth Edition, ... Corrected by C. G. Anne Dutton, 1831* Heart Work Ayanna Prater, 2020-10-23 A collection of poems about the journey of healing from the matters of the heart My heart in your hands Naitsikile Iizyenda, Jill Kinahan, 2020-07-23 My heart in your hands is a platform for poets in Namibia to speak out It lays bare the hearts of nearly 100 poets who have with courage honesty and love spilled their thoughts tears rage regrets love and laughter onto the pages of this book This collection celebrates the country's natural beauty stands in awe of the strength of our people expresses anger at the inequality and injustices present in our society and imagines idyllic dreams and hopes for a better future The poems display rich poetic nuances vary in length and form and give a textured view of the poets and the environments they represent a true reflection of Namibian diversity and a glimpse into our soul Writing and Understanding Poetry for Teachers and Students Suzanne Keyworth, Cassandra Robison, 2015-02-19 Grounded in craft this book was composed on three premises That the study and modeling of great poems is integral to understanding poetry and learning to write poems that scaffolded learning builds a writer's and a reader's confidence and knowledge base and increases learning and that teachers and facilitators of poetry can and should build learning environments we call our hearts in a safe place Each chapter contains an introduction to a main focus new terms a model poem an explication short prompts heuristic to each chapter's focus and a model exercise Student poem samples are included in each chapter The last chapter discusses syllabi portfolios and alternate grading A Heart's Craft differs from other poetry how to books because it combines art with pedagogy in a unique and effective fashion Heart-Work Cristina Malcolmson, 1999 This book places George Herbert's writing and biography within the history of social and economic change in seventeenth century England Drawing on the works of Max Weber Raymond Williams and the Protestant preachers of the period the author argues that the doctrine of vocation is the shaping principle of The Temple and the prose manual The Country Parson which coordinate inward devotion with outward social role like the soul with the body This form of early modern subjectivity is shown to be significantly at odds with the system of status and yet developed in order to preserve traditional models of community The book demonstrates that Herbert's family shared his Protestant vision of the common good which included innovations in agriculture and mining colonization of the Americas and a worldwide trade nexus William Herbert patron of Shakespeare and head of the Protestant faction at court and in Parliament was also George Herbert's patron and George's involvement with this faction is offered as the explanation for his lack of patronage from an increasingly Anglo Catholic court His position as a country parson required the renunciation of ambition and a new ideal of the character of holiness but in no way decreased his dedication to the Protestant linking of religion and enterprise The author explores the poetic coterie out of which Herbert

s lyrics were generated the remarkable revisions that erased an earlier version of *The Temple* authorizing social mobility and the role of class in the poetic collection as well as in modern critical accounts Herbert's use of the pastoral is considered in relation to his family's practice of gardening which redefined economic innovation as moral reformation The author argues that Herbert's works and those of his family make visible the influence of and the resistance to the new capitalist economic system emerging in the early modern period

Victorian Poetry and the Culture of the Heart Kirstie Blair,2006-04-27 *Victorian Poetry and the Culture of the Heart* is a significant and timely study of nineteenth century poetry and poetics It considers why and how the heart became a vital image in Victorian poetry and argues that the intense focus on heart imagery in many major Victorian poems highlights anxieties in this period about the ability of poetry to act upon its readers In the course of the nineteenth century this study argues increased doubt about the validity of feeling led to the depiction of the literary heart as alienated distant outside the control of mind and will This coincided with a notable rise in medical literature specifically concerned with the pathological heart and with the development of new techniques and instruments of investigation such as the stethoscope As poets feared for the health of their own hearts their poetry embodies concerns about a widespread culture of heartsickness in both form and content In addition concerns about the heart's status and actions reflect upon questions of religious faith and doubt and feed into issues of gender and nationalism This book argues that it is vital to understand how this wider culture of the heart informed poetry and was in turn influenced by poetic constructs Individual chapters on Barrett Browning Arnold and Tennyson explore the vital presence of the heart in major works by these poets including *Aurora Leigh* *Empedocles on Etna* *In Memoriam* and *Maud* while the wide ranging opening chapters present an argument for the mutual influence of poetry and physiology in the period and trace the development of new theories of rhythm as organic and affective
