and the Dismissal*

Head Of State The Governorgeneral The Monarchy The Republic And The Dismibal

Brian Galligan, Scott Brenton

Head Of State The Governor General The Monarchy The Republic And The Dismissal:

Head of State David Smith, 2005-01-01 On the thirtieth anniversary of the dismissal of the Whitlam government the man who read the proclamation dissolving parliament Sir David Smith makes a powerful case about the Australian Constitution Our founding fathers made the Governor General not the Queen our head of state The Veiled Sceptre Anne Twomey, 2018-04-12 The extension to other Realms of the reserve power to refuse a dissolution **The Oxford Handbook of the Australian Constitution** Cheryl Saunders, Adrienne Stone, 2018-03-01 Constitutional law provides the legal framework for the Australian political and legal systems and thus touches almost every aspect of Australian life The Handbook offers a critical analysis of some of the most significant aspects of Australian constitutional arrangements setting them against the historical legal political and social contexts in which Australia's constitutional system has developed It takes care to highlight the distinctive features of the Australian constitutional system by placing the Australian system where possible in global perspective The chapters of the Handbook are arranged in seven thematically grouped parts The first Foundations deals with aspects of Australian history which have influenced constitutional arrangements The second Constitutional Domain addresses the interaction between the constitution and other relevant legal systems and orders including the common law international law and state constitutions The third Themes identifies themes of special constitutional significance including the legitimacy of the constitution citizenship and republicanism The fourth Practice and Process deals with practical issues relevant to constitutional litigation including the processes techniques and authority of the High Court of Australia The final three parts deal with the structural building blocks of the Australian Constitutional system Separation of Powers Federalism and the Protection of Rights Written by a team of experts drawn from academia and practice the Handbook provides Australian and international readers alike with a reliable source of knowledge understanding and insight into the Australian Constitution GOVERNANCE AND POLITICS: MALAYSIAN CONTEXT MAIZATUL AZILA BINTI CHEE DIN, HASBOLLAH BIN MAT SAAD, MOHD AZIZIE BIN ABDUL AZIZ, 2020-05-07 Why should the university or college student study political science What good will it do him or her in later life Will it help the student in getting a job in getting ahead First of all it should be made clear that the primary objective of this political study is citizenship training Its aim is to better the condition of human beings by helping them to realise their rights and obligations However the good citizen who behaves and votes regularly is no longer good enough Mere innocence virtue and good intentions will not help societies develop and move in the right direction Students must also be citizens who are knowledgeable They must know how their governments operate what interests and forces are behind particular policies what the results of such policies are likely to be who their elected representatives are and what they stand for The governance and political study enables students to understand the processes and institutions of societal decision making Such an understanding often includes knowing who makes the decision for what reason and in whose interest as well as how decisions can be encouraged modified or prevented

by citizens as a member of any social systems The purpose of governance and political study is not limited to the provision of relevant information Students can follow a career as a professional politician Even though the said knowledge is not required to enter the political field but it is considered an asset if one has adequate grounding in this area This book has been blended by three authors in order to make it more effective and relevant to the current issues so that it can be understood by the readers efficiently Finally they can work within government bureaucracies such as ministry or a state department especially those dealing with public planning national integration political development national unity policy making and diplomatic services

The Crown and Canadian Federalism D. Michael Jackson, 2013-08-31 Following Queen Elizabeth II's historic Diamond Jubilee in 2012 there is renewed interest in the institution of the Crown in Canada and the roles of the queen governor general and lieutenant governor Author D Michael Jackson traces the story of the monarchy and the Crown and shows how they are integral to Canada's parliamentary democracy

Australia's Constitution after Whitlam Brendan Lim, 2017-04-06 Australia's constitutional crisis of 1975 was not simply about the precise powers of the Senate or the Governor General It was about competing accounts of how to legitimate informal constitutional change For Prime Minister Gough Whitlam and the parliamentary tradition that he invoked national elections sufficiently legitimated even the most constitutionally transformative of his goals For his opponents and a more complex tradition of popular sovereignty more decisive evidence was required of the consent of the people themselves This book traces the emergence of this fundamental constitutional debate and chronicles its subsequent iterations in sometimes surprising institutional configurations the politics of judicial appointment in the Murphy Affair the evolution of judicial review in the Mason Court and the difficulties Australian republicanism faced in the Howard Referendum Though the patterns of institutional engagement have varied the persistent question of how to legitimate informal constitutional change continues to shape Australia's constitution after Whitlam

The Contemporary Commonwealth James Mayall, 2009-09-25 This collection of essays has been assembled to mark the centenary of The Round Table It provides an analysis of the modern Commonwealth since the establishment of the Secretariat in 1965 Providing an overview of the contemporary Commonwealth this book places the organization in its rich historical context while assessing its achievements failures and prospects The volume is divided into two parts Part I concentrates on a series of themes dealing with the structure and functioning of the Commonwealth and its major activities including the work of the secretary general and secretariat its championing of the interests of small states human rights and the world economy Part II adopts a regional perspective identifying the impact of the Commonwealth on regional relations generally and particular problems that affect these relations It also examines the ways in which the Commonwealth sometimes reinforces regional loyalties and interests but also the extent to which these have also reduced the importance of the Commonwealth in the foreign policy of its member states The Contemporary Commonwealth will be of interest to students and scholars of international politics and international organisations practitioners journalists and those working in

NGOs involved in Commonwealth affairs This collection of essays is intended as a companion volume to The Commonwealth and International Affairs edited by Alex May marking the centenary of The Round Table **The Shapeshifting Crown** Cris Shore, David V. Williams, 2019-01-24 The Crown stands at the heart of the New Zealand British Australian and Canadian constitutions as the ultimate source of legal authority and embodiment of state power A familiar icon of the Westminster model of government it is also an enigma Even constitutional experts struggle to define its attributes and boundaries who or what is the Crown and how is it embodied Is it the Queen the state the government a corporation sole or aggregate a relic of feudal England a metaphor or a mask for the operation of executive power How are its powers exercised How have the Crowns of different Commonwealth countries developed The Shapeshifting Crown combines legal and anthropological perspectives to provide novel insights into the Crown's changing nature and its multiple ambiguous and contradictory meanings It sheds new light onto the development of the state in postcolonial societies and constitutional monarchy as a cultural system Constitutional Conventions in Westminster Systems Brian Galligan, Scott Brenton, 2015-08-04 Constitutional conventions precede law and make law making possible but attempting to define them is politically risky yet increasingly necessary The New Zealand Republic Handbook Lewis J. Holden, 2009-09 **Consent of the People** David Kemp, 2022-10-18 Consent of the People Human Dignity through Freedom and Equality 1966 2022 explores how Australia's founding Enlightenment ideals were shaped into a unique national liberalism embodied in liberal democratic institutions political parties and shared values Despite intense partisan loyalties conservative and radical resistance and a politics of unequal power and influence inequality was addressed and personal freedom strengthened This final book in the landmark five volume Australian Liberalism series examines the place of liberal ideas in governments from Harold Holt to Scott Morrison It shows how reform urgency led to the nation's greatest political crisis in 1975 how prime ministers Fraser and Hawke struggled to manage an economy dominated by powerful union business and global interests how during twenty four crucial years Hawke Keating and Howard led one of the nation's greatest reform eras and how social reform continued despite the leadership instability of the post Howard era David Kemp assesses political parties as the instruments of reform and the difficulties of achieving reform in the public interest highlighting the dangers of factionalism and loss of purpose He examines how an international revival of liberal thought and rising levels of education revolutionised Australian society and politics creating a moral and moralistic ruling class In a remarkable half century Australians strove with growing success to achieve their dreams The Queen's Other Realms Peter John Boyce, 2008 Canada Australia and New Zealand inherited and adapted a monarchical framework of government even in the absence of a resident monarch Although steady transfer of the royal prerogative to a popularly elected executive has enabled these three former dominions to be sometimes described as crowned republics or disguised republics there was no popular drive to abandon monarchy until the 1990s and even then the republican cause was based largely on issues of symbolism and national identity than on perceived core weaknesses in the

political system This book traces the long and sometimes subtle process of localising monarchy in the vice regal office from the mid twentieth century onwards and compares the powers and functions of the Queen s surrogates with each other and with those of the monarch herself including their recourse to the so called reserve powers Among the key questions posed in this comparative study are Can the current monarchical system be refined to the point of countering republican sentiment Why has the republican argument gained more momentum in Australia than in Canada or New Zealand Can a republican model retain residual monarchic elements What is likely to be the lasting legacy of the Crown in these three strikingly similar political cultures The author s underlying loyalties are neither firmly monarchist nor firmly republican He is convinced however that the combined effects of a strong sense of national identity and an increasingly presidential style of political leadership within these three Westminster derived systems make it difficult for contemporary governors general or their state and provincial colleagues to fulfil two of their key roles to unite and inspire the people on the one hand and to be a credible constitutional watchdog on the other

On His Majesty's Service Julian Francis Godolphin, 2025-05-06 The commonly held belief that the king or queen is a mere ornament of the constitution could not be further from reality The turbulent past decade has tested the British constitution like never before and Brexit the illegal proroguing of Parliament and the near death of Boris Johnson while in office have demonstrated the often misunderstood but crucial role the sovereign plays in ensuring stability in our political system The king or queen holds a unique set of powers that enable them to act as the defender of our constitution a duty they perform not through the active use of power but by constitutional authority The mere threat of action by the sovereign is often all that is needed to get the political machine back on track and avoid crisis Taking us on a fascinating journey through centuries of British political history focusing on the monarch s powers to appoint and dismiss a Prime Minister grant a dissolution of Parliament and refuse assent to legislation *On His Majesty s Service* examines how past monarchs have avoided constitutional crisis and reveals the hidden hand of the monarchy in the smooth running of the state shattering the accepted political truism that the king reigns but does not rule These are the king s prerogative powers and this is their story

Changing States, Changing Nations Andrew McDonald, 2021-01-28 This book presents the remarkable constitutional reforms undertaken by the Blair and Brown governments in the UK The reforms are remarkable in that they had the potential to change the way Britons understood the national identity of the UK The book illuminates the ambitions of the key players in Whitehall and Westminster and is enriched through a study of comparable constitutional reforms in Canada and Australia the Charter of Rights and Freedoms pioneered by Pierre Trudeau and the attempt by Paul Keating to make Australia a Republic The Canadian and Australian chapters are a contribution to the political history of those nations and a device for understanding the changes in Britain The author is an expert in the use of Freedom of Information and was a senior policy maker in Whitehall working primarily on constitutional reform Readers will benefit from the author s unrivalled access to interviewees and documentary sources in the three countries covered in the

book **Gough Whitlam** Jenny Hocking, 2014-11-10 Gough Whitlam Australia's twenty first prime minister swept to power in December 1972 ending twenty three years of conservative rule In barely three years Whitlam's dramatic reform agenda would transform Australia It was an ascendancy bitterly resented by some never accepted by others and ended with dismissal by the Governor General just three years later an outcome that polarised debate and left many believing the full story had not been told In this much anticipated second volume of her biography of Gough Whitlam Jenny Hocking has used previously unearthed archival material and extensive interviews with Gough Whitlam his family colleagues and foes to bring the key players in these dramatic events to life The identity of the mysterious third man who counselled the Governor General Sir John Kerr in his decision to sack the twice elected Whitlam government and appoint Malcolm Fraser as prime minister is confirmed here by Kerr himself as the High Court justice Sir Anthony Mason and the full story of his involvement is now revealed for the first time From Kerr's private papers Hocking details months of secret meetings and conversations between Kerr and Mason in the lead up to the dismissal that had remained hidden for over thirty seven years In response to these revelations Sir Anthony Mason released an extensive public statement acknowledging his role and disclosing additional information that is fully explored in this new edition This definitive biography takes us behind the political intrigue to reveal a devastated Whitlam and his personal struggle in the aftermath of the dismissal the unfulfilled years that followed and his eventual political renewal as Australia's ambassador to UNESCO It also tells through the highs and the lows of his decades of public life how Whitlam depended absolutely on the steadfast support of the love of his life his wife Margaret For this is also the story of a remarkable marriage and an enduring partnership The truth of this tumultuous period in Australia's history is finally revealed in *Gough Whitlam His Time* Canadian Symbols of Authority Corinna Pike, Christopher McCreery, 2011-06-14 The first book to examine the various parliamentary maces rods badges and chains of office used throughout Canada *Canadian Symbols of Authority* details how these devices are used at every level of government emphasizing how like the Crown itself they embody continuity in an ever changing world Symbols of authority are not only emblems of democracy and authority but they are part of the diverse heraldic and artistic heritage of Canada Despite Canada's rich symbolic and ceremonial heritage little has been written about the nation's various symbols of authority or the offices that are associated with them From the Great Maces of the Senate and House of Commons to the Chancellors Chain of the Order of Canada and Baton of the Chief Herald the development of Canada's symbols of authority encompasses the past 250 years of Canadian history Richly illustrated this book is the most comprehensive study yet undertaken of the origins history and development of parliamentary maces Saskatchewan Politics Howard A. Leeson, 2009 Accompanied by DVD videodisc entitled *The 2006-08 throne and budget debates between NDP leader Lorne Calvert and Saskatchewan Party leader Brad Wall in jewel case* *Fiducial Governance* John Power, 2010-07-01 *FIDUCIAL GOVERNANCE AN AUSTRALIAN REPUBLIC FOR THE NEW MILLENNIUM* represents an attempt to grapple with the challenges of designing governance regimes suited

to the new millennium Power's monograph asserts the need for the reform of Australian governance and charts Australia's fitful progress towards a republican future. Along the way he sketches a framework for constitutional reform mindful of the strengths and weaknesses of the current system of government and the contest of ideas about the role and configuration of Australian Heads of State. Long a frustrated Australian republican Power contends that the republican log jam is due in significant part to a lack of respect shown by the republican policy community to the contribution long made to good governance by monarchical heads of state. This monograph seeks to draw lessons from this experience so as to make the republican venture one of substance for the Australian public. In so doing Power draws on a range of republican indigenous and feminist writings in order to develop a new framework of fiducial governance aimed at enhancing the trustworthiness and integrity of our institutions of governance thereby paving the way for the replacement of the monarch by a directly elected head of state. This is an erudite and thoughtful book that will be of interest to those with an interest in systems of governance and to constitutional scholars whether they be republicans or monarchists.

No Silly Questions Zara Seidler, Sam Koslowski, 2024-01-05 Do you ever feel overwhelmed by the news cycle and a bit lost without the background to everything that's going on? You care what's happening in the world but you can't help feeling you missed the part where the key stuff got explained. What's a budget deficit? How does voting actually work? What's the deal with the UN? And what does net zero mean again? Thankfully **No Silly Questions** is here to lay out the facts and principles behind the day's headlines. Zara Seidler and Sam Koslowski, creators of The Daily Aus, Australia's leading social first news service, are like your super well-informed mates who you can rely on to quickly bring you up to speed. They will plug your knowledge gaps with jargon-free explainers on everything from emissions trading and crypto to interest rates and human rights so you can avoid the anxiety of asking the silly questions and get on with your day feeling more knowledgeable and assured. TDA are masters of un-newsing the news and making important information neutral, accessible and digestible. Zoe Foster Blake

How to Win the Constitutional War Tony Abbott, 1997 This is make or break time for the Australian Constitution. Should we retain an allegiance to the Queen or should we reject two hundred years of constitutional heritage? These are the big questions canvassed by this book which is essential reading for anyone who cares about Australia's future.
