Loving God, the confidence that we have toward you is that you hear us if we ask anything according to your will. Healing from sicknesses and diseases and good health is your perfect will for us. Therefore, I request divine healing from this sickness ravaging my health. Thank you for my healing; I believe you have healed me. I only await the physical manifestation of it.

THINKING Outside the Pill Box Ty Vincent, MD, 2012-08-17 Mainstream medicine in America focuses on symptoms rather than causes of chronic illness and poor health Medical education is influenced to a great extent by pharmaceutical companies and focuses our attention dangerously onto drug therapies Conventional medicine practice has been failing miserably to control or treat the chronic disease entities afflicting our population in the modern era Integrative medicine concepts and practice offer people much safer and often more effective options for achieving and maintaining health as well as combating most forms of chronic disease The keys include understanding what it really takes to promote human health in a broad sense and what the underlying causes of chronic disease truly are Thinking Outside the Pill Box contains an explanation of how our medical system came to be so defective and ineffectual a thorough look at the important factors influencing human health and an in depth discussion of many common underlying causes of chronic illness in the modern world It is designed as a self help book for both the reader and their future generations **PRAYER POWER** Daniel Okorie, 2024-11-18 **HOW DO YOU SAY EFFECTIVE PRAYERS GET QUICK ANSWERS AND OVERCOME THE ENEMY** When the intensity of your prayer rises above the boiling point in the Spirit what you can do becomes limitless God wants us to excel prosper overcome the enemy and become victorious in our prayer lifestyle The book you are reading details 7 steps on how to overcome the enemy in every area of your life Brother Daniel Okorie also explains in details how to fast and pray to achieve positive results how to touch heaven and change the earth through fervent provoked prayer how to pray according to the will of God the need to never give up in your fasting and prayer until you receive the answers your authority in Christ as a believer faith the Holy Spirit being freed and delivered from generational curses spiritual warfare and battlefield and how to defeat the giants in the Land when you fall down on your knees Daniel also wrote about a recent testimony of a friend who died on December 24 2022 but was given a second chance and brought back to life by the Lord There were numerous testimonies in this book Holy Spirit encounters healing manifestations dreams and visions angel visitations and outer body experiences This book will encourage you empower you and help you realize that you are more than enough and that you can do all things through Christ when your prayer lifestyle changes and intensifies **Marriage Capsules** Olufunmilayo

Spiritual Sources for a New Era Douglas Kinney,2014-06-06 Frontiers of Knowledge is the story of unfolding developments that are revolutionizing our understanding of ourselves and our place in the universe We are birthing a new era in which our ideas about the nature and source of reality are swiftly changing Insights from quantum physics suggest that the basis of our physical world is actually mental conscious thoughts Other discoveries are causing us to redefine our concepts of mind and the elusive thing we call consciousness All strongly hint that spirituality is the underlying source of everything Frontier scientists and scientifically trained researchers are providing us with a rich and expanding base of knowledge through systematic investigations of startling phenomena that have been observed in quantum physics cosmology biology psychology disease and healing death near death experiences reincarnation experiences and those occurring in spiritual hypnosis on the nature of the spiritual realm New concepts of reality are especially needed to explain the incredibly finetuned characteristics and the mysterious nature of our physical universe Ninety five percent of the universe s energy and mass are a mystery to scientists and for the moment we resort to naming them dark matter and dark energy The last time a comparable knowledge revolution occurred was in the late sixteenth century when astronomers determined that the planets revolved around the sun not the earth Historians call it the Copernican Revolution because it led to modern Western science From one perspective the new era predicted in this book a revolution in its own right can be considered the completion of the quantum revolution by defining and explaining the role of consciousness in our universe An underlying aspect of this new revolution is the sense that humanity is moving into a new era of rapidly expanding knowledge of the human spirit our soul aspect and non physical realities Until now this emerging knowledge has not been organized into a coherent and comprehensive structure Frontiers of Knowledge provides the first outline of this new structure of reality Mennonite mirror ,1975 **The Great**

Spiritually Incorrect Dan Wakefield,2012-11-01 Spirituality is full of rules You need to find your own way straight through them Will tattoos and convertibles keep you from finding true spiritual fulfillment Some people claim that you cannot truly achieve spiritual fulfillment if you re not a vegetarian Some say you ll never find the path if you don t learn yoga And some would insist that any display of vanity cosmetic surgery hair mousse is a sign that inner peace is way out of your reach With

great candor and humor much of it irreverent Dan Wakefield's Spiritually Incorrect shows that there are as many ways to find spiritual fulfillment as there are individual seekers Part memoir part essay part whimsical illustration from his own life Wakefield's reflections break down the barriers that lie in the way of spiritual fulfillment showing you that rules were made to be broken and how it's possible and imperative for you to discover a rewarding spiritual life that fits your own personality your own path In this age of political correctness and watching what we say award winning author Dan Wakefield dares to ask the risky and sometimes hilarious questions about spirituality Why is poverty sacred wealth profane Can a coffee house be a sacred space Does yoga make you a Hindu Can a man pray in public and still be macho Does eating a steak really taint your soul Who in our lives and our modern day world deserves to be canonized as a saint Wakefield's creative exploration of these questions is a quest to free the spiritual world from pretension anxiety and the seemingly endless rules that can dictate how you identify or don't with religion Humorous stories from his own spiritually incorrect journey to God punctuate

Wakefield's ultimate revelation that spirituality is not about conforming to a set of rules but rather discovering the practices that uniquely work for you Medicine Without A Pill Faye Barclay-Shell,2004-03 **Our Daily Meds** Melody

Petersen,2025-06-25 In the last thirty years the big pharmaceutical companies have transformed themselves into marketing machines selling dangerous medicines as if they were Coca Cola or Cadillacs They pitch drugs with video games and soft cuddly toys for children promote them in churches and subways at NASCAR races and state fairs They've become experts at promoting fear of disease just so they can sell us hope No question drugs can save lives But the relentless marketing that has enriched corporate executives and sent stock prices soaring has come with a dark side Prescription pills taken as directed by physicians are estimated to kill one American every five minutes And that figure doesn't reflect the damage done as the overmedicated take to the roads Our Daily Meds connects the dots for the first time to show how corporate salesmanship has triumphed over science inside the biggest pharmaceutical companies and in turn how this promotion driven industry has taken over the practice of medicine and is changing American life It is an ageless story of the battle between good and evil with potentially life changing consequences for everyone not just the 65 percent of Americans who unscrew a prescription cap every day An industry with the promise to help so many is now leaving a legacy of needless harm **Forum and**
