Reviews This 178 page book is a miraculous Godsend because it goes deep to expose the profile of the addictive personality and then broadens from there to show us how to recognize the characteristics of the addictive personality and understand why it develops in the first place The layout of this awesome teacher helped me to see how I can go from a place of addictive thinking to having a truth based personality I liked how the negative core beliefs were laid bare and the healthy counterparts were readily available because many times there is denial associated with addiction and it helped me see the true man behind the curtain and not just the illusions I have been living with The cunning foe of addiction has become such a part of our society that I would recommend this crucial and charming champion to anyone at any stage of their spiritual growth and development This precious gem will help many on the path to serenity and it has found its way to my spiritual toolbox Thanks Dr Lee for this most excellent way out Riki Frahmman www.mysticlivingtoday.com

Felicidad sólida Ricardo Capponi, 2019-06-13 Solemos pensar en la felicidad como una especie de alegría y bienestar algo placentero y agradable Una condición que la sociedad de consumo e individualismo en que hoy vivimos propugna que se puede alcanzar a través de la voluntad con la sola fuerza del deseo

El actualmente llamado pensamiento positivo sostiene que se podrá obtener con

solo seguir los consejos de los innumerables manuales de autoayuda que abundan en el mercado Sin embargo lo que vemos son sociedades en las que el individualismo y el egocentrismo progresivamente han instalado la desconfianza y la corrupción y donde cada vez más gente se siente sola infeliz y frustrada Ante esta evidencia el destacado psiquiatra Ricardo Capponi plantea una propuesta propia basada en los estudios científicos de la psicología cognitiva y en su experiencia profesional y personal como psicoanalista conducente a un cambio psíquico sólido y perdurable Para Capponi alcanzar la felicidad no es posible sino en el encuentro íntimo con quienes nos rodean y con nuestro trabajo espacios donde podemos desarrollar las herramientas psíquicas indispensables para elaborar nuestras emociones negativas y con ello lograr ese sentimiento que denominamos felicidad
