*Thriving in Retirement* Anne C. Coon Ph.D., Judith Ann Feuerherm, 2017-09-15 This important book shares insights derived from surveys interviews and focus

groups conducted with a diverse group of first wave Baby Boomer female professionals born 1946-1956. These individuals changed the workplace in the 1970s and are now changing views of retirement. In *Thriving in Retirement: Lessons from Baby Boomer Women*, profiles of highly diverse professional women are interwoven with information gleaned from surveys, interviews, and focus groups, thereby allowing readers to identify with individuals similar to themselves, whether through profession, education, personal concerns, or demographics. In spite of dissimilarities in backgrounds, career paths, and personal experiences, these women have much in common. As they leave their full-time careers, they are committed to exploring new post-career identities while finding ways to stay engaged, share their professional expertise, and develop deeply held personal interests and passions they may have set aside in the past. The Baby Boomer women profiled here reveal details such as the early influences on their education and career choices, the aspects of their careers they enjoyed the most, the opportunities and roadblocks they encountered, as well as how they balanced marriage and family responsibilities with their careers. Readers will benefit from the examples set by these women, whose diversity and varying experiences provide inspiration for nearly anyone of retirement age who finds herself wondering, "What's next?"

*A Cultural History of Dress and Fashion in the Age of Empire* Denise Amy Baxter, 2018-11-01. During the nineteenth and early twentieth centuries, the production of dress shifted dramatically from being predominantly hand-crafted in small quantities to machine-manufactured in bulk. The increasing democratization of appearances made new fashions more widely available, but at the same time made the need to differentiate social rank seem more pressing. In this age of empire, the coding of class, gender, and race was frequently negotiated through dress in complex ways, from fashionable dress which restricted or exaggerated the female body to liberating reform dress from self-defining black dandies to the oppressions and resistances of slave dress. Richly illustrated with over 100 images and drawing on a plethora of visual, textual, and object sources, *A Cultural History of Dress and Fashion in the Age of Empire* presents essays on textiles, production and distribution, the body, belief, gender, and sexuality, status, ethnicity, and visual and literary representations to illustrate the diversity and cultural significance of dress and fashion in the period.

**Uplift** Jane Farrell-Beck, Colleen Gau, 2002-10-22. Viewing fashion as a means to entertainment, self-creation, and everyday art, the authors illuminate the effect the brassiere has had on women's lives, their style, health, and economic opportunity.

**BOOK JACKET** ***We Belong To History*** Mary Carol Farber, 2006-12. When young Margaret L. Smitherman receives a journal as a gift from her husband, she uses it to reflect on her future, not yet knowing what she wants to do with her life. Her writings find a purpose at a family gathering when she realizes that the men discuss war and politics while the women serve refreshments and share recipes. Suddenly, Margaret's years at school take on new meaning. In 1847, Margaret graduated from Oberlin College, a progressive school that allows women and people of color to attend at a time when few other schools do. Throughout her life, she continues to be profoundly influenced by the school, encouraged by her parents' support of education and intellectual pursuits. But more importantly, her mother and father teach her to think independently.

In 1848 Margaret travels to Seneca Falls New York for the first women s rights convention She reunites with old college friends who are now advocating for abolition temperance and women s rights She returns home invigorated prepared to participate in the fight to advance the rights of women Author Mary Carol Farber spins a compelling tale of history the strength and courage of women and the undaunted tenacity of the human spirit Clara Barton David H Burton,1995-02-14 This book is a concise interpretive account of the life of Clara Barton from her childhood in Massachusetts through her feats of heroism during the Civil War her founding of the American Red Cross which she led for 20 years and her bitterly contested ejection from office which clouded her last decade Clara Barton 1821 1912 led a life in the service of humanity Undoubtedly heroic and undoubtedly generous in her impulse to aid others she nonetheless remained a self centered individual who could brook neither criticism nor ingratitude Her life story is told here with sympathy and understanding without sacrificing candor or honesty **Well-Tempered Women** Carol Mattingly,2000-09-01 In this richly illustrated study Carol Mattingly examines the rhetoric of the temperance movement the largest political movement of women in the nineteenth century Tapping previously unexplored sources Mattingly uncovers new voices and different perspectives thus greatly expanding our knowledge of temperance women in particular and of nineteenth century women and women s rhetoric in general Her scope is broad she looks at temperance fiction newspaper accounts of meetings and speeches autobiographical and biographical accounts and minutes of national and state temperance meetings The women s temperance movement was first and foremost an effort by women to improve the lives of women Twentieth century scholars often dismiss temperance women as conservative and complicit in their own oppression As Mattingly demonstrate however the opposite is true temperance women made purposeful rhetorical choices in their efforts to improve the lives of women They carefully considered the life circumstances of all women and sought to raise consciousness and achieve reform in an effective manner And they were effective gaining legal political and social improvements for women as they became the most influential and most successful group of women reformers in the nineteenth and early twentieth centuries Mattingly finds that for a large number of women who were unhappy with their status in the nineteenth century the temperance movement provided an avenue for change Examining the choices these women made in their efforts to better conditions for women Mattingly looks first at oral rhetoric among nineteenth century temperance women She examines the early temperance speeches of activists like Susan B Anthony and Elizabeth Cady Stanton who later chose to concentrate their effort in the suffrage organizations and those who continued to work on behalf of women primarily through the temperance topic such as Amelia Bloomer and Clarina Howard Nichols Finally she examines the rhetoric of members of the Woman s Christian Temperance Union the largest organization of women in the nineteenth century Mattingly then turns to the rhetoric from perspectives outside those of mainstream middle class women She focuses on racial conflicts and alliances as an increasingly diverse membership threatened the unity and harmony in the WCTU Her primary source for this discussion is contemporary newspaper accounts of temperance

speeches Fiction by temperance writers also proves to be a fertile source for Mattingly's investigation Insisting on greater equality between men and women this fiction candidly portrayed injustice toward women Through the temperance issue Mattingly discovers women could broach otherwise clandestine topics openly She also finds that many of the concerns of nineteenth century temperance women are remarkably similar to concerns of today's feminists
