events that occur when a lonely and road weary but successful traveling salesman wanders into a hotel bar late one night for a simple nightcap to shake free of the boredom of traveling on the road and to help him sleep From there the story takes a surprise turn and in the end the theme of the story is really about finding true love beyond time and comprehension while bending your mind and leaving you guessing as to how it all began and more importantly where it all ends The Kingdom of Aedan The second novella is a fantasy story for children of all ages It is a story full of knights and heroes of courage and honor guided by a wise wizard and outwitting a crestfallen king in order to save good and eliminate evil all narrated by one of the author s most beloved characters This story is great reading fun and adventure for everyone from the ages of five to one hundred and five The Lamp upon the Table The final story concludes this remarkable collection with a ghost story embedded within hackneyed old legends and folklore heavily laced with romance and concluded with a surprise ending that is sure to make you scratch your head and wonder Of course Paul John Hausleben adds his own special touches to the stories and the author caps it all off with an afterword detailing his own strange experiences while composing the book The entire collection is a magical ride through the world of fantasy and the unknown and is sure to please readers of the author s fantasy work as well as fans of his other genres *The Sentinels and Other Stories* Wayne Kyle Spitzer,2022-07-16

In a land of wind and willows two canoeists encounter some other worldly wind turbines From The Sentinels Dunn He said that he was taking the way of the wind and the sky and that he was going in to Them by which I presume he meant going into the tower and scaling the ladder And he said other things That our thoughts made patterns in their world left prints as it were as did theirs in ours and that that was how they d found us by listening to our thoughts zeroing in on our patterns And he said that Bobby was merely a bundle of sensory organs wrapped in a skin of decaying matter and so wasn t important wasn t needed That only they mattered they the beings attached to and inhabiting the turbines And that that Detective Shaw What Mrs Dunn Say it Dunn But don t you see It doesn t matter what he said because it wasn t him speaking not really Bobby would never have described a human being as just a bundle of sensory organs he truly believed with every fiber of his being that we were more than that more than just the sum of our parts it was what inspired him to become a doctor in the first place And knowing what I knew knowing what kind of man he was I pressed him telling him that Bobby did matter that he mattered to his patients and that he mattered to me more than I would ever be able to describe And then I approached him and embraced him and told him I loved him feeling for the briefest of moments the spirals beginning to close on his back and he smiled his eyes returning to normal after which he said or started to say I love room tone Detective Shaw inaudible He he told you he loved you Dunn No He his eyes rolled back and then his face it it simply imploded In a spiral Like someone had flushed a toilet full of blood and brains **The New York Times Index** ,1988 **The Small Faces & Other Stories** Roland
