Hearst and His Enemies Edward T. O'Loughlin, 1970 **Hearst and His Enemies** Edward T. O'Loughlin, William Randolph Hearst, 1919 **Hearst and His Enemies** Edward T. O'Loughlin, 1970 Hearst's, 1914 *Hearst's International Combined with Cosmopolitan*, 1927 The Public Louis Freeland Post, Alice Thatcher Post, Stoughton Cooley, 1904 **The Last Western** Jennifer Greiman, Paul Stasi, 2012-12-20 Perhaps the most sophisticated and complex of shows in HBO's recent history *Deadwood* has surprisingly little coverage in our current scholarship Grounding contemporary anxieties about race and class domesticity and American exceptionalism in its nineteenth century setting *Deadwood* revises our understanding of a formative period for the American nation through a re-examination of one of the main genres through which this national story has been transmitted the Western With contributions from scholars in American studies literature and film and television studies *The Last Western* situates *Deadwood* in the context of both its nineteenth century setting and its twenty first century audience Together these essays argue for the series as a provocative meditation on both the state and historical formation of U.S. empire examining its treatment of sovereign power and political legitimacy capital accumulation and dispossession racial and gender identities and social and family structures while attending to the series peculiar and evocative aesthetic forms What emerges from this collection is the impressive range of *Deadwood*'s often contradictory engagement with both nineteenth and twenty first century America **God, Harlem U.S.A.** Jill Watts, 1992-01-10 How did an African American man born in a ghetto in 1879 rise to such religious prominence that his followers addressed letters to him simply God Harlem U.S.A. Using hitherto unknown materials Jill Watts portrays the life and career of one of the twentieth century's most intriguing religious leaders Father Divine Starting as an itinerant preacher Father Divine built an unprecedented movement that by the 1930s had attracted followers across the nation and around the world As his ministry grew so did the controversy surrounding his enormous wealth flamboyant style and committed angels black and white rich and poor alike Here for the first time a full account of Father Divine's childhood and early years challenges previous contentions that he was born into a sharecropping family in the deep South While earlier biographers have concentrated on Father Divine's social and economic programs Watts focuses on his theology which gives new meaning to secular activities that often appeared contradictory Although much has been written about Father Divine *God Harlem U.S.A.* finally provides a balanced and intimate account of his life's work *The Strange Death of Franklin D. Roosevelt* Emanuel M. Josephson, 2018-02-27 In *The Strange Death of Franklin D. Roosevelt* which was first published in this revised edition in 1959 American medical researcher Emanuel M. Josephson addresses his controversial conspiracy theory surrounding the basis of the power of the Roosevelt Delano Dynasty **Hearst's International**, 1913 Hearst's Magazine, 1913 **Inventing the Dream** Kevin Starr, 1986-12-04 This second volume of Starr's cultural history of the Golden State focuses on the turn of the century years and the emergence of Southern California as a regional culture in its own right **The Vanguard**, 1907

Hearst's Magazine, the World To-day ,1911 The Emergence of Oligopoly Alfred S. Eichner,2019-08-01 Originally published in 1969 In describing the emergence of oligopoly Professor Eichner has written a history of the American sugar refining industry one based in part on records of the United States Department of Justice Sugar refining was one of the first major industries to be consolidated and its expertise was in many ways typical of the development of other industries Eichner's focus is on the changing pattern of industrial organization This study is based on a unique four stage model of the process by which the industrial structure of the American economy has evolved The first part of the book traces the early history of the sugar refining industry and argues that the classical model of a competitive industry is inherently unstable once large fixed investments are required The more closely sugar refining approximated this model the more unstable the model became in practice This instability led in 1887 to the formation of the sugar trust The author contends that the trust was formed not to exploit economies of scale but with the intent of achieving control over prices In the second part of the book Eichner describes the political and legal reaction that transformed monopoly into oligopoly This sequence of events is best understood in terms of a learning curve in which the response of businessmen over time was related to the changing institutional environment in which they were forced to operate **Imperial San Francisco, With a New Preface** Gray Brechin,2006-10-03 First published in 1999 this celebrated history of San Francisco traces the exploitation of both local and distant regions by prominent families the Hearsts de Youngs Spreckelses and others who gained power through mining ranching water and energy transportation real estate weapons and the mass media The story uncovered by Gray Brechin is one of greed and ambition on an epic scale Brechin arrives at a new way of understanding urban history as he traces the connections between environment economy and technology and discovers links that led ultimately to the creation of the atomic bomb and the nuclear arms race In a new preface Brechin considers the vulnerability of cities in the post 9 11 twenty first century The World's Work Walter Hines Page,Arthur W. Page,1906 A history of our time *Hearst's Magazine-World Today* ,1909 **The American Magazine** ,1906 The Nation at War James Augustin Brown Scherer,1918
