Lévi-Strauss Emmanuelle Loyer, 2019-01-18 Academic writer figure of melancholy aesthete Claude L vi Strauss 1908 2009 not only transformed his academic discipline he also profoundly changed the way that we view ourselves and the world around us In this award winning biography historian Emmanuelle Loyer recounts L vi Strauss s childhood in an assimilated Jewish household his promising student years as well as his first forays into political and intellectual movements As a young

professor Lévi Strauss left Paris in 1935 for São Paulo to teach sociology. His rugged expeditions into the Brazilian hinterland where he discovered the Amerindian Other made him into an anthropologist. The racial laws of the Vichy regime would force him to leave France yet again this time for the USA in 1941 where he became Professor Claude Lévi Strauss. To avoid confusion with the jeans manufacturer Lévi Strauss's return to France after the war ushered in the period during which he produced his greatest works: several decades of intense labour in which he reinvented anthropology establishing it as a discipline that offered a new view on the world. In 1955 *Tristes Tropiques* offered indisputable proof of this: the world over. During those years Lévi Strauss became something of a French national monument as well as a celebrity intellectual of global renown. But he always claimed his perspective was a view from afar enabling him to deliver incisive and subversive diagnoses of our waning modernity. Loyer's outstanding biography tells the story of a true intellectual adventurer whose unforgettable voice invites us to rethink questions of the human and the meaning of progress. She portrays Lévi Strauss less as a modern than as our own great and disquieted contemporary. *L'exploitation, l'exploitation Cinéma, et l'Amérique Latine* Victoria Ruétalo, Dolores Tierney, 2009-05-07 Exploring the much neglected area of Latin American exploitation cinema this anthology challenges established continental and national histories and canons which often exclude exploitation cinema due to its perceived low cultural status. It argues that Latin American exploitation cinema makes an important aesthetic and social contribution to the larger body of Latin American cinema often competing with Hollywood and more mainstream national cinemas in terms of popularity. TV Guide Film & Video Companion, 2004 Granny @ Work Karen E. Riggs, 2004-08-02 *Granny Work* is an impassioned comment on aging work and technology in American culture. As Riggs challenges popular assumptions with surprising research for example people over the age of 60 spend more time on the Internet than people of any other age group and trenchant cultural critique she forces us to confront the deeply entrenched ageism in today's technology driven workplace. Digital Libraries and Crowdsourcing Mathieu Andro, 2018-03-13 Instead of outsourcing tasks to providers using labor intensive countries libraries around the world increasingly appeal to the crowds of Internet users making their relationship with users more collaborative. These internet users can be volunteers or paid work consciously unconsciously or in the form of games. They can provide the workforce skills knowledge or financial resources that libraries need in order to achieve unimaginable goals. **Midnight Sparks** Emmanuelle Snow, 2021-12-16 The characters love the humor the steaminess the emotions it's everything I hoped and more. Aisha is ready to run and forfeit her dream vacation until she meets

Gavin Moore a compassionate doctor dedicated to helping kids on the autism spectrum exiled to the island to get his holiday spirit back From their first encounter their undeniable chemistry sparks a flame in her that Aisha thought had been extinguished after a heartbreak and now she doesn't feel so alone on her journey Gavin never expected to meet the woman of his dreams on his vacation but the closer he and Aisha become and the more they get to know each other the harder it is for Gavin to resist her charm And her heart even though it is buried under layers of ice A long time ago Aisha had promised herself she would never fall in love again but after they strike a deal Gavin has other plans for them Will Aisha dare to trust Gavin with her heart and embrace the unexpected romance that blooms or will she left grappling with the turmoil of her feelings when the vacation comes to an end Midnight Sparks is a standalone novel in the Carter Hills Band universe and has the appearances of many characters from other books in the same universe Midnight Sparks is perfect for the readers who love Nicholas Sparks Danielle Steel Christina Lauren Carley Fortune Colleen Hoover Rebecca Yarros strong women bi racial couple billionaire celebrity rockstar and country music setting spicy books strangers to lovers love at first sight emotional realistic slow burn second chances small town setting Island vacation Holiday hot and steamy sexy times friends to lovers black woman white man BWWM beach reads

The Rhetoricity of Philosophy Blake D. Scott, 2024-08-02 This book aims to recast the way that philosophers understand rhetoric Rather than follow most philosophers in conceiving rhetoric as a specific way of speaking or writing it shows that rhetoric is better understood as a dimension of all human discourse and action what the author calls rhetoricity This book provides the first philosophical treatment of rhetoricity It is motivated by two ongoing developments The first is the debate between Alain Badiou and Barbara Cassin about philosophy's relation to rhetoric Both Badiou and Cassin are critical of rhetoric albeit for different reasons Second there has been a growing resurgence of interest in rhetoric considering the recent rise in authoritarian politics as well as new forms of propaganda driven by persuasive technologies This book identifies the common target of Badiou's and Cassin's otherwise incompatible critiques rhetoric's conception of audience It offers a fresh take on the new rhetoric project of Cha m Perelman and Lucie Olbrechts Tyteca putting their work into conversation with the Badiou Cassin debate The book then turns to the hermeneutic philosophy of Paul Ricoeur in search of an expanded conception of audience It shows that Ricoeur's hermeneutic philosophy allows us to extend Perelman and Olbrechts Tyteca's psychological notion of audience to texts themselves and to argue that human beings have a rhetorical capacity to reflect on audiences in search of what is potentially persuasive The Rhetoricity of Philosophy will be of interest to scholars and advanced students working in contemporary European philosophy rhetoric argumentation studies and social theory

Cinema of Exploration James Leo Cahill, Luca Caminati, 2020-12-29 Drawing together 18 contributions from leading international scholars this book conceptualizes the history and theory of cinema's century long relationship to modes of exploration in its many forms from colonialist expeditions to decolonial radical cinemas to the perceptual voyage of the senses made possible by the cinematic apparatus This is the first anthology dedicated to

analysing cinema's relationship to exploration from a global decolonial and ecological perspective Featuring leading scholars working with pathbreaking interdisciplinary methodologies drawing on insights from science and technology studies postcolonial theory indigenous ways of knowing and film theory and history it theorizes not only cinema's implication in imperial conquest but also its cutting edge role in empirical expansion and experiments in sensual and critical perception The collected essays consider filmmaking in cross cultural contexts and films made in or about peoples in South America Asia Africa Indigenous North America as well as polar outer space and underwater exploration with famous figures such as Jacques Yves Cousteau alongside amateur and scientific filmmakers The essays in this collection are ideal for a broad range of scholars graduate students and advanced undergraduate students in cinema and media studies cultural studies and cognate fields

Encyclopedia of French Film Directors Philippe Rège, 2009-12-11 Cinema has been long associated with France dating back to 1895 when Louis and Auguste Lumi_re screened their works the first public viewing of films anywhere Early silent pioneers Georges Méliès Alice Guy Blaché and others followed in the footsteps of the Lumi_re brothers and the tradition of important filmmaking continued throughout the 20th century and beyond In Encyclopedia of French Film Directors Philippe Rège identifies every French director who has made at least one feature film since 1895 From undisputed masters to obscure one timers nearly 3 000 directors are cited here including at least 200 filmmakers not mentioned in similar books published in France Each director's entry contains a brief biographical summary including dates and places of birth and death information on the individual's education and professional training and other pertinent details such as real names when the filmmaker uses a pseudonym The entries also provide complete filmographies including credits for feature films shorts documentaries and television work Some of the most important names in the history of film can be found in this encyclopedia from masters of the Golden Age Jean Renoir and René Clair to French New Wave artists such as François Truffaut and Jean Luc Godard

Putin's Sledgehammer Candace Rondeaux, 2025-05-13 The astonishing inside story of the Wagner Group the world's deadliest militia In June 2023 the Wagner Group assembled an armed convoy that included tanks and rocket launchers and set out on what seemed like a journey to take control of Moscow The last person to attempt such a venture was Adolf Hitler Wagner's power began from patronage then grew from international theft and extortion until it was so great it exposed the weakness of Russia's conventional military and became a threat to the Russian state one that was not demonstrably eliminated until a private jet containing Wagner's core commanders was blown up in midair That Yevgeny Prigozhin a local criminal thug was able to build a private army that was on the threshold of overwhelming the world's second largest country seems incredible In fact it was inevitable following the hollowing out of the Russian military the creeping use of contract groups for murky foreign missions power struggles inside the Kremlin and the ability of the new militias to corner and exploit the black economy Told with unique inside sourcing and expertise Putin's Sledgehammer is a gripping and terrifying account of a superpower that contracted its soul to a pitiless militia

Cinema and the Algerian War

of Independence Ahmed Bedjaoui, 2020-03-25 The book examines the war of images between France and Algeria Discussing the role of the United States during the war it covers topics such the presence of American reporters in Algeria John F Kennedy s support for Algerian independence while a senator the broadcasting of documentaries on the Algerian war on public television and reporting in the press Even half a century after Algerian independence there remains a need for both film and literature on the war from both sides of the Mediterranean This might seem surprising particularly to media professionals given the quantity of output on the subject but both French and Algerian portrayals of the war remain flawed and shackled to their respective ideologies The generation of FLN leaders recognized early on the importance of images and established a clandestine film structure that would bring the Algerian cause to the world stage The book offers an insightful and timely contribution not just to the field of North African studies but also to other disciplines such as film and media studies anthropology history journalism and political science Providing a rich source of research topics and viable ideas for film and documentary projects it is a must read for students scholars and media professionals alike
