Shrady, Thomas Lathrop Stedman, 1894 *Emergency Psychiatry* Ellen L. Bassuk, 2012-12-06 This eagerly awaited volume
occupies an important place in the series Critical Issues in Psychiatry Most mental health professionals are quite at home
with ordinary day to day crises of clinical practice but relatively unprepared for the true psychiatric emergency Such
emergencies are too infrequent for most of us to experience a real sense of competence On the other hand emergency room
psychiatrists as well as residents and other trainees have long wished for a truly comprehensive textbook that would cover
the spectrum of emergency psychiatry This book is just such a definitive and comprehensive volume for the specialist while
at the same time a clear succinct and comprehensive reference for the clinician of emergency care The authors consistently
present a systematic model emphasizing the interconnection between the process of emergency interven tion and the specific
features of clinical crisis They are true to the principle that one s system of care should be built on priorities It is immediately
apparent that these are highly experienced clinicians as well as teachers It is difficult to imagine a clinical situation that is
not addressed by this book It includes chapters on triage assessment and treatment planning emer gencies associated with
all the various psychopathologies age groups from childhood to old age the emergency management of violent and suicidal pa
tients as well as rape and disaster victims emergencies secondary to substance abuse and prescribed medications
psychotherapeutic and psychopharmacol ogic intervention as well as the relevant legal social and community issues in
