Employers Rights Under Labour Laws

Robert R. Redfield

Employers Rights Under Labour Laws:

Obligations of Employers, Labour Laws H.L. Kumar, The Sources of Labour Law Tamás Gyulavári, Emanuele Menegatti, 2019-12-06 Labour law has traditionally aimed to protect the employee under a hierarchy built on constitutional provisions statutory law collective agreements at various levels and the employment contract in that order However in employment regulation in recent years flexibility has come to dominate the world of work a set of policies that reshuffle the relationship among the fundamental pillars of labour law and inevitably lead to degrading the protection of employees This book the first ever to consider the sources of labour law from a comparative perspective details the ways in which the traditional hierarchy of sources has been altered presenting an international view on major cross cutting issues followed by fifteen country reports The authors analysis of the changing hierarchy of labour law sources in the light of recent trends includes such elements as the following the constitutional dimension of labour rights the normative intervention by the State the regulatory function of collective bargaining and agreements the hierarchical organization of labour law sources and the principle of favour the role played by case law in both common law and civil law countries the impact of the European Economic Governance decentralization of collective bargaining employment conditions as key components of global competitive strategies statutory schemes that allow employees to sign away their rights National reports Australia Brazil China Denmark France Germany Hungary Italy Poland Russia Spain Sweden South Africa the United Kingdom and the United States describe the structure of labour law regulations in each legal system with emphasis on the current state of affairs The authors all distinguished labour law scholars in their countries thus collectively provide a thorough and comprehensive commentary on labour law regulation and recent tendencies in national labour laws in various corners of the globe With its definitive analysis of such crucial matters as the decentralization of collective bargaining and how individual employment contracts can deviate from collective agreements and statutory law and its comparison of representative national labour law systems this highly informative book will prove of inestimable value to all professionals concerned with employment relations labour disputes or labour market policy especially in the context of multinational workforces

Compliances Under Labour Laws H. L. Kumar, Gaurav Kumar, 2011 **Employment & Labour Law** Siân Keall, 2012 The 3rd edition takes into account the extensive changes made by the Companies Act 2006 This is an indispensable text for law students covering all the essential areas of company law in a clear and logical format Employment Privacy Law in the European Union Catarina Castro, 2002 This book contains the national reports and a comparative synthesis regarding the employment privacy law in the European Union It reflects the background research that has been undertaken to prepare a European study conducted with the support of the European Commission DG Employment and Social Affairs The main purpose of this research has been to undertake a comparative study in the European Union on the issue of the protection of workers personal data more in particular concerning the case of surveillance and monitoring The study has focused on the

situation in the various Member States of the European Union and has aimed to focus on the extent of the Member State laws and guidelines in this area on whether such laws or existing guidelines adequately protect the worker and on suggestions or recommendations or appropriate guidelines that would ensure suitable protection for the worker in relation to his or her monitoring and surveillance by the employer The research has been undertaken under the supervision of the editor with the cooperation of the contributors who are all specialists in the field of employment privacy Each expert has prepared a country study regarding the situation in the relevant Member State The national research activities have resulted in a general discussion at a closed expert meeting on 4 and 5 October 2001 organised at the Law Faculty of the University of Leuven Belgium During this seminar country surveys have been further explained and discussed and policy options or suggestions have been looked upon in the examined field of study The comparative overview departs from the horizontal approach of comparativism This means that it integrates all relevant information regarding Member States horizontally throughout the general theme and its appropriate subthemes Contributions to this book are made by C Castro X C V squez M Colucci M Forde A H land T Homan A Johansson L Kanellos J Kristiansen N Melzer G Morris S Nerbonne A von Koskull

Navigating California Labour Law: A Comprehensive Guide for Employers and Employees Jiang Jing,US Law Group ,2025-07-09

This book Navigating California Labour Law A Comprehensive Guide for Employers and Employees offers an in depth exploration of the intricate legal landscape governing employment in the State of California From the foundational Introduction to California Labor Law to the nuanced Employment Relationships and the critical Employee Rights and Employer Responsibilities this book systematically breaks down the core principles that shape the workplace Delving into essential areas such as Wage and Hour Laws Workplace Safety and Health and the ever important topics of Discrimination and Harassment it provides clear actionable insights for both employers and employees to navigate their rights and obligations effectively Further expanding its scope this book addresses crucial aspects like Family and Medical Leave detailed Termination and Layoff Procedures and practical strategies for Navigating Disputes It also offers Special Considerations for Unionized Workplaces ensuring a well rounded understanding of collective bargaining environments Looking ahead the book examines Future Trends in California Labor Law preparing readers for upcoming changes and challenges Finally a dedicated section on Resources for Employers and Employees provides valuable tools and contacts culminating in a comprehensive Conclusion that reinforces key takeaways for successfully managing and participating in California s dynamic employment arena

Restatement of Labour Law in Europe Bernd Waas,Guus Heerma van Voss,2017-07-27 The concept of employee is arguably the most important one in labour law defining as it does the scope of the discipline as a whole This important new publication aims to develop a restatement of the concept of the employee in European labour law The study identifies both problems and solutions that have emerged clearly setting out comparisons between the different member states approaches The country reports explore both statutes and case law tracking their

contribution to legal doctrine The objective of the restatement is to increase knowledge and gain a better understanding of one of the most crucial aspects of European labour law Assistant Editors Marta Otto Effrosyni Bakirtzi **Labour Law and the Person** Lisa Rodgers,2024-07-16 This book aims to revitalise the link between social justice and labour law through exploring the issue of personhood and the subject of the law Rodgers argues that incorporating a more relational notion of self into labour law not only provides a fresh normative perspective through which to evaluate existing labour laws but will also make us more able to respond to labour market shocks and labour market change into the future including the introduction of AI It is only by embedding relationality into our law that can we really respect the humanity of workers and construct a legal framework through which social justice can be achieved at work **Migrant Labour and the Reshaping of Employment Law** Bernard Ryan,Rebecca Zahn,2023-04-20 The presence of migrant workers has become a central feature of labour markets in highly developed countries The International Labour Organisation estimates that in 2013 there were 112 million resident migrant workers in the 58 highest income countries who made up 16% of the workforce Non resident workers have also increasingly become part of the labour available for employment in other states often on a temporary basis This work takes a thematic and comparative approach to examine the profound implications of contemporary labour migration for employment law regimes in highly developed countries In so doing it aims to promote greater recognition of labour migration related questions and of the interests of migrant workers within employment law scholarship The work comprises original analyses by leading scholars of migration and employment law at the European Union level and in Australia Canada Germany Italy the Netherlands Spain the United Kingdom and the United States The specific position of migrant workers is addressed for example as regards equality of treatment or the position in employment law of migrant workers without a right to work The work also explores the effects of migration levels and patterns upon general employment law including the law relating to collective bargaining and remedies against exploitation *Labour Law* Hugh Collins,K. D. Ewing,Aileen McColgan,2012-09-27 Written by the UK s foremost employment lawyers this textbook is both comprehensive and engaging with detailed commentary and integrated materials **International Labour Law** Jean-Michel Servais,2022-05-20 No one will deny that labour standards comprise a necessary framework for balanced economic and social development Yet on a global level such balanced development has not occurred despite the existence of a rigorous body of international labour law that has been active and growing for almost one hundred years The implementation of this law devolves upon states yet many states have failed to honour it If we are to take serious steps toward a remedy for this situation there is no better place to start than a thorough well researched survey and analysis of existing international labour law its sources its content its historical development and an informed consideration of the barriers to its full effectiveness This book is exactly such a resource It provides in depth interpretation of the crucial International Labour Organisation ILO instruments Constitution conventions declarations resolutions and recommendations as well as such other sources of law as

the OECD Guidelines for Multinational Enterprises and various model and actual corporate codes of conduct Among the substantive areas of labour law covered in this book are the following the relationship between international labour law and economic competition standards on industrial relations collective bargaining and dispute settlement procedures protection of trade unions prohibitions on enforced and child labour promotion of equal opportunity and treatment time and rest provisions wage determination and protection occupational health and safety provisions special issues on non standard forms of employment foreign and migrant workers social security provisions privacy protection precarious work The presentation demonstrates that these rules and standards offer invaluable benchmarks to governments judiciaries employers and trade unions The book s combination of detailed commentary and an overarching social policy will make it especially valuable to legislators human resources managers employers organizations trade unions jurists and academics concerned with the role of work in our globalized social system This seventh edition of the book by Jean Michel Servais analyses the potential of those standards in a globalized world and the necessary evolution It examines the actual implementation of those rules in the national context comparing different experiences It integrates the latest instruments It examines the most recent public debates on labour regulation dealing with health and security at work personal data minimum wages social security strikes etc updates the bibliography and opens some perspectives for the future work of the global institutions

Introduction to Korean Law Korea Legislation Research Institute, 2012-11-27 As a result of globalization the barriers between countries are coming down There is more interaction between countries than ever and mutual understanding and communication have become essential considerations In such an atmosphere the Korea Legislation Research Institute has published this book to spread awareness of outstanding Korean law and of its legal system throughout the globe as the authoritative sources of legal information for other countries This book explains Korean law in nine chapters that focus on its distinguishing aspects The nine authors who have participated are all prominent scholars who have contributed their expertise to the project

The International Covenant on Economic, Social and Cultural Rights and the Employment Relation Klaus Lörcher, Niklas Bruun, Ana Teresa Ribeiro, 2025-08-21 This book is the first comprehensive academic treatment of the International Covenant on Economic Social and Cultural Rights ICESCR and employment rights which has a global vocation demonstrated by having been ratified by 173 States since it was adopted in 1966 Workers rights need protection and reinforcement To achieve this aim international human rights standards can play an important role The ICESCR is the most important global UN instrument in this respect It covers a wide range of employment rights including the right to strike and has global application But it is not sufficiently developed and used and national implementation often needs improvement Part 1 of the book analyses general issues related to the Covenant such as context development challenges influences at the global and regional levels interpretation and procedural elements Part 2 deals with the specific provisions which are directly linked to the employment relation The book is based on a thorough analysis mainly but not exclusively of the case law of the

Committee on Economic Social and Cultural Rights CESCR that is monitoring the national implementation of the Covenant Together the chapters in this book will empower academics and practitioners in labour law to find answers to relevant and practical problems in order to better enforce and improve workers rights The book is the result of a project by the Transnational Trade Union Rights experts Network TTUR linked to the European Trade Union Institute ETUI

Economic and Social Rights Under the EU Charter of Fundamental Rights Tamara Hervey, Jeff Kenner, 2003-09 The Charter of Fundamental Rights of the European Union includes in addition to the traditional civil and political rights a large number of rights of an economic or social nature This collection of essays by leading scholars in this field considers the significance of the inclusion of such rights within the EU Charter in terms of protection of individual and collective social and economic interests within and between the EU and its Member States What differences might it make to EU law and policy both in terms of its substance and in terms of the processes by which it is formed that certain economic and social rights are proclaimed in the EU Charter

Employment Rights Richard W. Painter, Keith Puttick, Ann Holmes, 2004-09-20 This new edition of the successful handbook *Employment Rights* is fully updated and revised to include new material on all recent employment law *Employment Rights* is a well established text and reference point on all aspects of labour law in particular those outside the legal profession Coverage is comprehensive and includes recruitment and selection contracts and changes to them wages discrimination unfair dismissal and redundancy health and safety trade union rights and work related benefits This new edition has been expanded to include coverage of developments such as the Employment Act 2002 Tax Credits Act 2002 EC Employment Social Policy the European Convention of Human Rights and reform of the Disability Discrimination Act 1995 and the Industrial Tribunals Act 1996

Practical Guide to Employees' State Insurance Act, Rules and Regulations H. L. Kumar, 2005

Practical Guide to Contract Labour Regulation & Abolition Act & Rules H.L. Kumar,

Commonwealth Caribbean Employment and Labour Law Natalie G.S. Corthésy, Carla-Anne Harris-Roper, 2014-07-17 This new edition to the series will provide an up to date textbook covering a wide range of employment and labour law issues which affect the Commonwealth Caribbean Initially the book will embark on a comparative analysis of employment and labour law in Jamaica Trinidad and Barbados as a reference point for distinguishing the laws of other Commonwealth Caribbean jurisdictions The book will continue to examine how the law operates within the legal systems of the Caribbean taking into account the umbilical link to British jurisprudence and the persuasive precedent of other Commonwealth jurisdictions and the impact this has had on the growth and development of the area Commonwealth Caribbean Employment and Labour Law will be essential reading for students enrolled on Employment Law Discrimination and Dismissal Law courses in the Caribbean

The Contract of Employment Mark Freedland, Alan Bogg, David Cabrelli, Hugh Collins, Nicola Countouris, A. C. L. Davies, Simon Deakin, Jeremias Prassl, 2016-06-02 The contract of employment is the central legal institution of modern English employment law It provides the foundation upon which most statutory employment rights are

constructed it provides a conduit for the implementation of norms negotiated in collective bargaining and it continues to provide a contractual structure for the terms and conditions of employment for a significant proportion of the working population The Contract of Employment provides the most ambitious and comprehensive treatise on the theoretical and doctrinal aspects of the English contract of employment in the common law world Under the general editorship of Professor Mark Freedland the text has been produced by a team of world leading experts in employment law Part I examines the theoretical context to the contract of employment studying its structure and development from a wide variety of theoretical and comparative perspectives Part II provides an exposition and analysis of the doctrinal aspects of the contract of employment The coverage of The Contract of Employment is unrivalled in its depth detail and sophistication The legal analysis is always informed by a keen sense of the modern labour market context of the contract of employment and it is sensitive to contemporary challenges such as precariousness the interaction with migration law the role of legislation in the contract of employment and the decline of collective bargaining It will be the principal reference point for the practitioners judges and academics concerned with the contract of employment as a legal category both nationally and internationally
