women and two men who at one point in their lives found themselves on the other side of abortion Some chose to end their pregnancy or their partner s pregnancy while others faced extreme coercion and even bullying in order to force them to abort Regardless of what brought them to that point each finds themselves with empty arms and an unquenchable grief that shakes them to the core Wander through the pages of their life as they attempt to navigate the treacherous waters of shame and loss Then allow these brave souls to reveal how they found the courage to step out of hiding only to discover redemption was available all along If you want to hear raw authenticity and truthful storytelling you will find it in *Ribbon of Redemption* The stories weave their way through the lives of those that regret an abortion decision and ends with the hope **Empty Arms**,2020-01-31 Anthology of stories from parents that have experienced the loss of a baby Empty Arms Jenny McKinney,2017-03-03 When Melanie and Tyson first learned they were expecting a baby they were elated Soon their joy turned to sorrow as they learned the difficulties their baby would face while in utero Would they ever hold their son As Justin was heading home from work the sun shone in his eyes causing him to miss the stop sign The devastation that followed would ultimately test the strength and faith of his family These are just two of several true stories told by Jenny McKinney in her feature book *Empty Arms* These stories of tragedy hope and faith will leave you breathless as you wipe tears away and have you wondering how solid your own faith is as you face life s cruelest difficulties Would you have the same strength to overcome *Regaining Sight* Sisters of Life,2017 Empty Arms Whitney N. decades of changing legal medical and cultural landscapes such as the legislative war against abortion rights the AIDS epidemic and the rise of anti abortion domestic terrorism in the 1980s and 1990s From the self help movement sprang a constellation of licensed feminist healthcare clinics community programs to promote reproductive health even the nation's first known donor sperm bank all while fighting the oppression of racism poverty and gender violence The movement's drive to keep abortion accessible also led to the first clinic defense mobilizations against anti abortion extremists trying to force providers to close their doors Deep Care follows generations of activists and health workers who orbited the Women's Choice Clinic in Oakland from the early 1970s until 2010 as they worked underground and above ground in small cells and broad coalitions and across political movements with grit conviction and allegiances of great trust to do what they believed needed to be done despite the law when required Grounded in interviews with activists sharing details of their work for the first time Angela Hume reveals three decades of this critical if under recognized story of the radical edge of the abortion movement These lessons are more pertinent than ever following the Supreme Court's 2022 Dobbs v Jackson decision and the devastation to abortion access nationwide
