Abstract

Amos, a simple herdsman from Tekoa, asserted that he was not a professional prophet but had rather come to the norther state of Israel at the behest of Yahweh. This article is a biblical response to social injustice in the contemporary society through an exegetical study of Amos 5. The study drew inferences from Amos 5 as panaceas to the problems of injustice and deprivation of the poor. Injustice is one of the major problems that is confronting the society, because injustice anywhere is a threat to justice everywhere. Amos thus rebuked the many sins of the people and he stated how the LORD would punish them. The aim of this study was to examine the concept of social injustice in Yahweh's response in order to give the biblical understanding of the concept in promoting justice and peace. The approach for this study is exegetical. The findings reveal that any unjust act as well as its perpetrator will not go unpunished. Also, the LORD demanded righteousness, love and justice. This article recommends that nations, the Church and individual Christian should desist from any form of unjust act and live a righteous life.

Keywords: Social Injustice, Yahweh, Amos, Righteousness, judgement.

Introduction

Israel grew in size and enjoyed unprecedented political and economic stability during the time of Amos. However, levels of corruption, avarice, human trafficking, sexual immorality, and injustice existed beneath the so-called prosperity. Hypocritical religion replaced true worship because there were increases in religious activities without any serious regard for the LORD's standard. In keeping to His character, the LORD called Amos to denounce their hypocritical religious activities and announce to the visions of His judgement. The situation in Israel during the time of Amos, though it displeased the LORD, is somewhat better than the current situation of our world today. Therefore, this writer analyzed Amos 5 with the use of historical-grammatical approach of interpretation thus drawing lessons for Christians.

Historical Background of the Book Amos

Jeroboam the son of Jehoash, often referred to as Jeroboam II, embarked on a serious expansion of the boundaries of Israel, more than what his father had done (2 Kings 14:25, 28). This brought about serious political and economic prosperity (Hoerth, 1998:30). This experience of prosperity in the Northern Kingdom can be associated with Jonah's prophecy in 2 Kings 14:25, but what was not part of this earlier prophecy, evidenced at this period was that, it was also a time of moral decline and religious indifference (Hoerth, 1998:30). It was this period that an unusual spokesman for the LORD emerged in person of Amos who did not have any prophetic background like other

background The important role of the diviner in the traditional society has been replaced by the prophet in the AIC the prophet understands the worldview of his her people especially the cultural diseases In some churches the office of prophet cum diviner is represented by one person The AIC movement is the most dynamic church movement in many parts of Africa especially Southern Africa The consistent growth of these churches can largely be accounted for by the healing procedures they use which are highlighted in this study Dr Oosthuizen approaches healing from various angles as sickness is not only determined by physical and psychological factors but also by disturbed human relationships and socio political and economic tensions

In the Days of Caesar Amos Yong,2010-09-14 *In the Days of Caesar* is a constructive political theology formulated in sustained dialogue with the Pentecostal and charismatic renewal one of the most vibrant religious movements at the beginning of the twenty first century Amos Yong here argues that the many tongues practices and gifts of renewal Christianity offer up new resources for thinking about how Christian community can engage and transform the social political and economic structures of the world Yong has three goals here First he seeks to correct stereotypes of Pentecostalism both political and theological Secondly he aims to provoke Pentecostals to reflect theologically from out of the depths of their own Pentecostalism rather than merely to adopt some framework for theological or political self understanding Finally Yong shows that a distinctively Pentecostal form of theological reflection is not a parochial activity but has constructive potential to illuminate Christian belief and practice This book's engagement with political theology from a Pentecostal perspective is the first of its kind
