*From Grieg to Brahms: Studies of Some Modern Composers and Their Art* Daniel Gregory Mason, 2015-06-25 Excerpt from *From Grieg to Brahms: Studies of Some Modern Composers and Their Art* Music may be hard to understand but musicians are men so remarked a friend of mine when I was first planning these essays. The sentence sums up very happily a truth I have constantly had in mind in writing them. As all music, no matter what its complexity on the technical side, is in essence an expression of personal feeling and as the qualities of a man's personality show themselves not only in his works but in his acts, his words, his face, his handwriting, and carriage, even it has seemed natural and fruitful in these studies to seek acquaintance with the musicians through acquaintance with the men. **Off the Record** Neal Peres da Costa, 2012-03-20 *Off the Record* is a revealing exploration of piano performing practices of the high Romantic era. Author and well-known keyboard player Neal Peres Da Costa bases his investigation on a range of early sound recordings: acoustic piano roll and electric that capture a generation of highly esteemed pianists trained as far back as the mid-nineteenth century. Placing general practices of late nineteenth-century piano performance alongside evidence of the stylistic idiosyncrasies of legendary pianists such as Carl Reinecke (1824-1910), Theodor Leschetizky (1830-1915), Camille Saint-Saëns (1835-1921), and Johannes Brahms (1833-1897), he examines prevalent techniques of the time: dislocation, unnotated arpeggiation, rhythmic alteration, tempo fluctuation, and unfolds the background and lineage of significant performer-pedagogues. Throughout, Peres Da Costa demonstrates that these early recordings do not simply capture the idiosyncrasies of aging musicians, as has been commonly asserted, but in fact represent a range of established expressive practices of a lost age. An extensive collection of these fascinating and sometimes rare professional recordings of the Romantic age masters are available on a companion web site, and in addition, Peres Da Costa himself, a renowned period keyboardist, illustrates points made throughout the book with his own playing. Of essential value to student and professional pianists, historical musicologists, and of 19th and early 20th-century performance practice and

also to the general music aficionado audience Off the Record is an indispensable resource for scholarly research performance inspiration and listening enjoyment      *The Evolution of Modern Orchestration* Louis Adolphe Coerne, 2018-09-21
