The Book Of Heduviges: Insights from Past Life Regressions A Study of 17 Clients Journeys into Their Past Lives

Mr. Heduviges, 2022-11-28 THE BOOK OF HEDUVIGES My name is Heduviges and they call me Heduviges In 2005 I became certified in the Quantum Healing Hypnosis Technique in Mount Shasta California with the Dolores Cannon Academy I am a Level 2 practitioner with over 200 hypnoses under my name I have lived on the island of Aruba all my life we are a Dutch Colony with means I hold a Dutch passport At Mount Shasta California we were 150 students we were all there to study Quantum Healing Level 2 and we were supposed to practice a lot on each other My first client in Mount Shasta was Cecile we were sitting together in the classroom and she asked me to do a regression session with her It was a short induction and she went right into trance I need you to come down of the cloud very slowly and when you reach the floor tell me what you see **Past Life Regression And Reincarnation** Prajna Narandani, 2021 Between the two concepts of past life regression and reincarnation most people are probably more familiar with the latter However what few realize is that these two concepts are essentially linked with each other Reincarnation has to do with the rebirth of a soul If you believe that you will be reincarnated then death is nothing to be afraid of After all if reincarnation exists for you it only means that life is but one cycle after another and death is just a transition from a previous life to the next Get all the info you need here *Bad Karmas of Pastlife in Astrology* Saket Shah, 2025-09-14 Human life is not a random accident it is a carefully woven tapestry of choices deeds and consequences that stretch across lifetimes Every joy we experience every struggle we endure is the fruit of seeds planted long before our present birth This is the essence of karma the eternal law that nothing is ever lost and nothing is ever without cause While many books on astrology highlight the blessings of planetary placements wealth prosperity fame harmony very few attempt to explore the shadow side of the soul s journey Yet it is often our wounds not our strengths that shape our destiny most profoundly It is our unlearned lessons not our completed ones that call us back again and again to the wheel of rebirth This book is my attempt to shine light upon that shadow To reveal not only what each planetary placement brings but why To uncover the specific bad karmas of past lives that manifest in the present chart and to understand the consequences they create in this incarnation It is not my purpose to instill fear Instead I write so that readers may recognize their karmic debts with awareness For when the origin of suffering is understood healing becomes possible When the chain of cause and effect is seen clearly the soul gains the strength to transform it As you read these chapters remember the chart

is not a prison The planets do not punish they teach Every shadow is a reminder of the light that must be awakened within By recognizing the past we prepare the ground for a freer future This is not merely a book of astrology It is a mirror for the soul

Note This book is born from a deep contemplation of the karmic law of cause and effect as revealed through the ancient science of Jyotisha Vedic Astrology Every planetary placement in the birth chart is not a random occurrence it is the echo of deeds from prior lives the silent handwriting of destiny across the canvas of the soul In writing this work my purpose is not to instill fear nor to present astrology as a prison of fate Rather it is to unveil the shadow side of karma the hidden debts the wounds inflicted in forgotten incarnations and the consequences we are destined to face in this life By understanding the why behind our struggles we can illuminate the how of our healing Each planet in each house carries with it a karmic memory A Sun may recall pride as a king a Venus may echo indulgence in forbidden love a Jupiter may whisper the story of a false guru These placements reveal not only the misdeeds of the past but also the path of redemption in the present For karma is never punishment it is education I must humbly acknowledge that the insights shared here are not final truths They are interpretations drawn from scriptural hints classical astrological wisdom and intuitive reflection The true working of karma is subtle vast and often beyond human comprehension Yet even a glimpse of these patterns can awaken us to the higher purpose of our struggles May this book serve as a mirror reflecting the lessons your soul chose for this incarnation If it provokes discomfort let it also kindle self awareness If it reveals past shadows let it also guide you toward present light For in the end astrology is not about chains but about keys Every karmic knot can be untied by awareness humility and right action
