A Turkish-American Dialogue

edited by
Joseph M. Scolnick, Jr. and N. Brent Kennedy

From Anatolia To Appalachia A Turkish American Dialogue

Elena Furlanetto

From Anatolia To Appalachia A Turkish American Dialogue:

From Anatolia to Appalachia Joseph Mendelsohn Scolnick, 2003 Turkic people have been migrating to America for many centuries but this significant influx has been largely unrecognized In *From Anatolia to Appalachia* Scolnick and Kennedy initiate a dialogue regarding this neglected area of American history and culture This volume begins the communication with an essay reviewing existing evidence followed by interviews with knowledgeable persons about selected aspects of the population movements An introduction and conclusion give focus and unity to the various elements of the dialogue It is anticipated that this and subsequent volumes will 1 give information regarding studies of the movements of Turkic peoples to America 2 broaden understanding of American history and society 3 allow many especially in the Southeast Atlantic region of the US to better appreciate their background and place in American society 4 stimulate interest in the main subject or aspects of it both in the US and abroad 5 tie together disparate aspects of the subject as well as the persons studying them and 6 add to the general knowledge regarding migrations of peoples over many centuries In sum this dialogue intends not only to inform and interest others but also to pull together available research on the subject and stimulate new research in this and related areas of study

The Turkish-American Conundrum Belma Ötüş Baskett, Louis Mazzari, Gönül Pultar, 2019-03-15 This collection of essays discusses various aspects of the experiences of Turkish immigrants in the United States and of US expatriates in Turkey It explores the predicament of the Turkish American element on US soil in a manner paralleling already existent disciplines such as Italian American Studies and German American Studies and assembles disparate research on the subject As such it will serve to herald in print the launching of a new paradigm Turkish American Studies The volume fits within transnational American Studies but also develops its own approach which is what constitutes its novelty

The Electronic Front Porch Jacob J. Podber, 2007 The Electronic Front

Porch examines the arrival of radio and television in Appalachia and the Internet's role in the Melungeon community. It contributes to a variety of disciplines including media Appalachian and popular culture studies in addition to oral Southern and American history. *Books on Turkey*, 2005. *Becoming Melungeon* Melissa Schraft, 2018-08-01. Appalachian legend describes a mysterious multiethnic population of exotic dark skinned rogues called Melungeons who rejected the outside world and lived in the remote rugged mountains in the farthest corner of northeast Tennessee. The allegedly unknown origins of these Melungeons are part of what drove this legend and generated myriad exotic origin theories. Though nobody self-identified as Melungeon before the 1960s, by the 1990s Melungeonness had become a full-fledged cultural phenomenon resulting in a zealous online community and annual meetings where self-identified Melungeons gathered to discuss shared genealogy and history. Although today Melungeons are commonly identified as the descendants of underclass whites, freed African Americans, and Native Americans, this ethnic identity is still largely a social construction based on local tradition, myth, and media. In *Becoming Melungeon* Melissa Schraft examines the ways in which the Melungeon ethnic identity has been socially constructed over time by various regional and national media plays and other forms of popular culture. Schraft explores how the social construction of this legend evolved into a fervent movement of a self-identified ethnicity in the 1990s. This illuminating and insightful work examines the shifting social constructions of race, ethnicity, and identity both in the local context of the Melungeons and more broadly in an attempt to understand the formation of ethnic groups and identity in the modern world.

Becoming White Margaret Blackburn White, 2009-03-19. *BECOMING WHITE: My Family's Experience as Slave Holders and Why It Still Matters* follows the travels of three of my ancestral families as they came from the Old World to the new American colonies. In this lively history, you will follow these families from Scotland, England, and Northern Ireland to their new homes in the colonies and most importantly see where and when they first came into contact with enslaved Africans and how they became slave holders themselves. Although the book presents my own families' histories, it is really a parable for everyone's family history. Whether we came here long ago or last year, whether we are of European, African, Hispanic, Asian, or Native American heritage, we have all been affected by the experience of being enslaved or of holding slaves. The thesis of the book is that the experience of holding other people as slaves was the origin of racism in the United States and that that particular kind of racism has affected all of us and even affects people who have never lived here.

A History of Islam in America Kambiz Ghanea-Bassiri, 2010-04-19. Traces the history of Muslims in the US and their waves of immigration and conversion across five centuries.

Race and the Cherokee Nation Randal Hall, 2013-11-21. We believe by blood only, said a Cherokee resident of Oklahoma speaking to reporters in 2007 after voting in favor of the Cherokee Nation constitutional amendment limiting its membership. In an election that made headlines around the world, a majority of Cherokee voters chose to eject from their tribe the descendants of the African American freedmen. Cherokee Indians had once enslaved. Because of the unique sovereign status of Indian nations in the United States, legal membership in an Indian

nation can have real economic benefits In addition to money the issues brought forth in this election have racial and cultural roots going back before the Civil War Race and the Cherokee Nation examines how leaders of the Cherokee Nation fostered a racial ideology through the regulation of interracial marriage By defining and policing interracial sex nineteenth century Cherokee lawmakers preserved political sovereignty delineated Cherokee identity and established a social hierarchy Moreover Cherokee conceptions of race and what constituted interracial sex differed from those of blacks and whites Moving beyond the usual black white dichotomy historian Fay A Yarbrough places American Indian voices firmly at the center of the story as well as contrasting African American conceptions and perspectives on interracial sex with those of Cherokee Indians For American Indians nineteenth century relationships produced offspring that pushed racial and citizenship boundaries Those boundaries continue to have an impact on the way individuals identify themselves and what legal rights they can claim today *Kinfolks* Lisa Alther,2012-03 The author looks for her father s family in Virginia They may have belonged to a mysterious group known as the Melungeons Turkism in Eurasia Galina M. Yemelianova,2025-06-26 Turkism as an idea which emphasizes the Turkic ethnic component in national identity is widely associated with Turks and Turkey However many millions of Turkic peoples with distinctive histories cultures social and political traditions live outside Turkey This book discusses the origins and ethno cultural and political evolution of Tatars Bashkirs Azerbaijanis Uzbeks Kazakhs and other Turkic peoples of post Soviet Turkic Eurasia examining the views of their national leaders and their attitudes towards Anatolian Turks and Turkey It addresses the geopolitical implications of the increased role of Turkic and Muslim states in the international system and argues that from the 2000s Turkism became integrated into the national discourses of the new Turkic states and polities while at the international level it facilitated rather than shaped Turkey s cooperation with these states as well as inter state relations within the Turkic world Based on both primary and secondary sources in Russian Turkish English and French the book uses semi structured interviews with relevant policy makers academics and proponents of Turkism ethnographic observation archival documents and contemporary political analysis from Turkic Eurasia and Turkey to provide the first history based integrated study of the cultural ideological and political role of Turkism in Eurasia

Encyclopedia of Local History Amy H. Wilson,2017-02-06 The Encyclopedia of Local History addresses nearly every aspect of local history including everyday issues theoretical approaches and trends in the field This encyclopedia provides both the casual browser and the dedicated historian with adept commentary by bringing the voices of over one hundred experts together in one place Entries include Terms specifically related to the everyday practice of interpreting local history in the United States such as African American History City Directories and Latter Day Saints Historical and documentary terms applied to local history such as Abstract Culinary History and Diaries Detailed entries for major associations and institutions that specifically focus on their usage in local history projects such as Library of Congress and Society of American Archivists Entries for every state and Canadian province covering major informational sources critical to
