**Peter C. Little**

## **From Enlightenment To Risk Social Theory And Contemporary Society:**

**From Enlightenment to Risk** Simon Clarke, 2005-10-17 This original new book offers a comprehensive introduction to social theories and how they are applied to contemporary social problems It charts a critical path from Max Weber the early Frankfurt School through to the work of Michel Foucault the concept of Postmodernism and current debates surrounding globalization risk and network society Exploring all the key ideas and thinkers in addition to the most recent debates in the field this book will be an engaging and lucid read for all those seeking to understand contemporary social theory today

**Social Work and Sociology: Historical and Contemporary Perspectives** Irene Levin, Marit Haldar, Aurélie Picot, 2018-02-05 Discussing the relationship between social work and sociology this book explores how the two have become more and more divided moving from one single discipline to two separate but related fields Both sociology and social work focus on social problems social structure social integration and how individuals respond to and live within cultural and structural constraints Today both disciplines face the possibility of losing some of their most important characteristics to individualising trends the disappearance of the importance of the social and pressure towards solely evidence based knowledge In addition to casting light on areas that have been in the shadows of the mainstream narrative the contributions to this book will raise new questions contributing to continuing discussions between and within each discipline This book was originally published as a special issue of Nordic Social Work Research [Thinking about the Lifecourse](#) Elizabeth

Frost, Stuart McClean, 2013-11-25 How we change over time who we love what work we do how we die is shaped both by internal and external influences This book explores the important subject of human growth and development by combining the social context of how people live with their personal ways of thinking and being The result is a greater understanding of why people are who they are Taking a psychosocial approach to exploring human growth and development this book Provides an insightful exploration of the human life course by looking at significant life stages and key themes such as parenting ill health and violence Draws on both contemporary and classic research in the fields of psychology and sociology to deliver an in depth analysis of issues about self and society Moves beyond traditional limiting approaches to understanding people's lives toward an interdisciplinary psychosocial approach Whether you are studying on a Social Work Nursing or related Health or Social Care degree or taking a course in the newly emerging field of Psychosocial Studies this book is a clear and ground breaking contribution to the understanding of human growth and development **The SAGE Handbook of**

**Cultural Analysis** Tony Bennett, John Frow, 2008-03-26 A genuine one stop reference point for the many many differing strands of cultural analysis This isn't just one contender among many for the title of best multidisciplinary overview this is a true heavyweight Matt Hills Cardiff University An achievement and a delight both compelling and useful Beverley Skeggs Goldsmiths University of London With the cultural turn the concept of culture has assumed enormous importance in our understanding of the interrelations between social political and economic structures patterns of everyday interaction and

systems of meaning making In The SAGE Handbook of Cultural Analysis the leading figures in their fields explore the implications of this paradigm shift Part I looks at the major disciplines of knowledge in the humanities and social sciences asking how they have been reshaped by the cultural turn and how they have elaborated distinctive new objects of knowledge Parts II and III examine the questions arising from a practice of analysis in which the researcher is drawn reflexively into the object of study and in which methodological frameworks are rarely given in advance Addressed to academics and advanced students in all fields of the social sciences and humanities The SAGE Handbook of Cultural Analysis is at once a synthesis of advances in the field with a comprehensive coverage of the scholarly literature and a collection of original and provocative essays by some of the brightest intellectuals of our time **Emotion, Politics and Society** Simon Thompson, 2006-04-12 This timely book critically addresses the intersection between power politics and emotions Challenging traditional dichotomies which counterpose rationalist to non rationalist epistemologies it offers a sustained argument for a more complete and integrated rationalism and helps us understand emotions in contemporary social and political life

*Introduction to Contemporary Social Theory* Anthony Elliott, Charles Lemert, 2022-04-24 In this comprehensive and clear introduction to contemporary social theory Anthony Elliott and Charles Lemert explore the major theoretical traditions from the Frankfurt School to the digital revolution and beyond Fully revised and updated this second edition has been expanded to consider the most recent developments in social theory including a new chapter on the digital revolution and the increasingly significant impact of technological developments such as artificial intelligence machine learning and robotics on society culture and politics Introduction to Contemporary Social Theory provides the reader with a superb overview of key developments in social theory including the Frankfurt School American pragmatism structuralism post structuralism feminism globalization and world systems theory In doing so the textbook explores the ideas of a wide range of social theorists including Theodor Adorno Herbert Marcuse Talcott Parsons Erving Goffman Harold Garfinkel Michel Foucault Jacques Lacan Jacques Derrida C Wright Mills Anthony Giddens Pierre Bourdieu Julia Kristeva J rgen Habermas Judith Butler Slavoj i ek Manuel Castells Cornel West Immanuel Wallerstein and Zygmunt Bauman This textbook provides stylish exposition with powerful social critique and original insights It will be indispensable to students and academics alike

*Being a Systems Psychodynamic Scholar* Frans Cilliers, 2019-12-17 This Festschrift has been compiled by Sanchen Henning in honour of the work of Professor Frans Cilliers On behalf of colleagues and friends in South Africa and abroad she illustrates their appreciation and respect for his role as scholar in Systems Psychodynamics He produced various pioneering research projects in Organisational Psychology as his field of study through the Systems Psychodynamic lens A specific feature and contribution of the book is the application of Systems Psychodynamics to organisational matters and leadership consulting as well as to the lived experiences of postgraduate students and academics The chapters include themes relevant on individual group and organisational levels and are intended to contribute to the body of knowledge in the field **Object**

**Relations and Social Relations** Simon Clarke, Herbert Hahn, Paul Hoggett, 2018-03-26 This book has two essential aims First to introduce some of the key assumptions behind relational psychoanalysis to an international audience and to outline the points where this approach counters complements or extends existing object relations Kleinian and Independent traditions Second to consider some of the implications of the relational turn for the application of psychoanalytic concepts and methods beyond the consulting room The emergence of what has become known as the relational turn in psychoanalysis has interesting implications not just for clinical practice but for other psychoanalytically informed practices such as group relations the human service professions and social research Relational forms of psychoanalysis have emerged primarily in the USA and as a result their core concepts and methods are less well known in other countries including the UK Moreover even within the USA few attempts have so far been made to consider the wider implications of this development for social and political theory intervention in groups and organizations and the practice of social research

**The Routledge Handbook of Critical Social Work** Stephen A. Webb, 2019-01-03 The Routledge Handbook of Critical Social Work brings together the world's leading scholars in the field to provide a cutting edge overview of classic and current research and future trends in the subject Comprised of 48 chapters divided into six parts Historical social and political influences Mapping the theoretical and conceptual terrain Methods of engagement and modes of analysis Critical contexts for practice and policy Professional education and socialisation Future challenges directions and transformations it provides an authoritative guide to theory and method and the primary debates of today in social work from a critical perspective This handbook is a major reference work and the first book to comprehensively map the wide ranging territory of critical social work It does so by addressing its conceptual developments its methodological advances its value based front line practice and as an influence on the policy field By offering a definitive survey of current academic knowledge as it relates to professional practice it provides the first comprehensive up to date definitive work of reference while at the same time identifying emerging innovative and cutting edge areas

**Contemporary Social Theory** Anthony Elliott, 2014-02-10 In this comprehensive stylish and accessible introduction to contemporary social theory Anthony Elliott examines the major social theoretical traditions The first edition set new standards for introductory textbooks such was the far reaching sweep of social theorists discussed including Theodor Adorno Herbert Marcuse Michel Foucault Jacques Lacan Jacques Derrida Anthony Giddens Pierre Bourdieu Julia Kristeva Jurgen Habermas Judith Butler Slavoj Zizek Manuel Castells Ulrich Beck Zygmunt Bauman Giorgio Agamben and Manuel De Landa From the Frankfurt School to globalization from feminism to the network society this new edition has been fully revised and updated taking into account the most recent developments in social theory The second edition also contains a completely new chapter on classical social theory allowing students to contextualise the modern debates Like its predecessor the second edition of Contemporary Social Theory combines stylish exposition with reflective social critique and original insights This new edition will prove a superb textbook with which to navigate the twists and turns of contemporary social

theory as taught in the disciplines of sociology politics history cultural studies and many more

**Theories of Race and Ethnicity** Karim Murji, John Solomos, 2015-01-08 An authoritative and cutting edge collection of theoretically grounded and empirically informed essays exploring the contemporary terrain of race and racism

**Toxic Town** Peter C. Little, 2014-03-14 Shows the risks of high tech pollution through a study of an IBM plant's effects on a New York town In 1924 IBM built its first plant in Endicott New York Now Endicott is a contested toxic waste site With its landscape thoroughly contaminated by carcinogens Endicott is the subject of one of the nation's largest corporate state mitigation efforts Yet despite the efforts of IBM and the U S government Endicott residents remain skeptical that the mitigation systems employed were designed with their best interests at heart In Toxic Town Peter C Little tracks and critically diagnoses the experiences of Endicott residents as they learn to live with high tech pollution community transformation scientific expertise corporate state power and risk mitigation technologies By weaving together the insights of anthropology political ecology disaster studies and science and technology studies the book explores questions of theoretical and practical import for understanding the politics of risk and the ironies of technological disaster response in a time when IBM's stated mission is to build a Smarter Planet Little critically reflects on IBM's new corporate tagline arguing for a political ecology of corporate social and environmental responsibility and accountability that places the social and environmental politics of risk mitigation front and center Ultimately Little argues that we will need much more than hollow corporate taglines claims of corporate responsibility and attempts to mitigate high tech disasters to truly build a smarter planet

**Identity, Ethnic Diversity and Community Cohesion** Margaret Wetherell, Michelynn Lafleche, Robert Berkeley, 2007-06-04 What is meant by community Is there a balance between equality integration and diversity Does the idea of identity undermine community cohesion Identity Ethnic Diversity and Community Cohesion considers these questions and explores the concept of identity and how its different meanings and interpretations impact upon community policy The book brings together the ideas and perspectives of leading academics policymakers think tank representatives and community workers offering a cutting edge and interprofessional approach to the key debates Other key features include strong links between theory practice and policy up to date analysis of contemporary policy issues author commentaries reflections on key themes and case studies that illustrate the relevance of research to real life a leading group of editors and authors the ESRC Identities Programme and the Runnymede Trust represent a wealth of research and policymaking experience This original and innovative book makes a distinctive contribution to debates about identity ethnicity and community cohesion It is of interest to those studying social policy community studies politics and sociology as well as being relevant for policymakers researchers and those working in the public sector Margaret Wetherell is Professor of Social Psychology at the Open University and Director of the ESRC Identities and Social Action Programme Michelynn Laflche Director of the Runnymede Trust has headed the Trust's work programme and strategic policy direction since 2001 Robert Berkeley a sociologist with a PhD from Trinity College Oxford is

Deputy Director of the Runnymede Trust      **Researching Beneath the Surface** Simon Clarke, Paul Hoggett, 2019-06-06  
 This book offers an overview of the rapidly expanding field of Psycho Social research Drawing on aspects of discourse psychology continental philosophy and anthropological and neuro scientific understandings of the emotions psycho social studies has emerged as an embryonic new paradigm in the human sciences Psycho social studies uses psychoanalytic concepts and principles to illuminate core issues within the social sciences The present volume contributes to the development of the new research methodologies in a number of ways It is written largely from the point of view of practitioners who are also researchers Although contributors draw largely upon object relations traditions in psychoanalysis other influences are also present particularly from continental philosophy and the sociology of the emotions It develops an approach to epistemology how we know what we know which is strongly informed by a living approach to psychoanalysis not just as a theory but as a way of being in the world that is as a stance      **History of Philosophy and the Reflective Society** Riccardo Pozzo, 2021-10-25 This book is about innovation reflection and inclusion Cultural innovation is something real that tops up social and technological innovation by providing the reflective society with spaces of exchange in which citizens engage in the process of sharing their experiences while appropriating common goods content We are talking of public spaces such as universities academies libraries museums science centres but also of any place in which co creation activities may occur The argument starts with the need for new narratives in the history of philosophy which can be established through co creation the motor of cultural innovation The result is redefining the history of philosophy in terms of a dialogical civilization by ensuring continuous translations individual processes of reflection and collective processes of inclusion Readers will grasp the effectiveness of the history of philosophy in societies that are inclusive innovative and reflective      **Oxford Handbook of Sociology, Social Theory and Organization Studies** Paul S. Adler, Paul du Gay, Glenn Morgan, Michael Reed, 2014-10-16 Sociology and social theory has always been a major source of new perspectives for organization studies Access to a series of authoritative accounts of theorists and research themes in sociology and social theory which have influenced developments in organization studies is essential for those wishing to deepen and extend their knowledge of the intersection of sociology and organization studies This goal is achieved by drawing on a group of internationally renowned scholars committed in their own work to strengthening these links and asking them to provide critical accounts of particular theorists and research themes which have straddled this divide This volume aims to strengthen ties between organization studies and contemporary sociological work at a time when there are increasing institutional barriers to such cooperation potentially generating a myopia that constricts new developments Used in conjunction with its companion volume The Oxford Handbook of Sociology and Organization Studies Classical foundations the reader is provided with a comprehensive account of the productive and critical interaction between sociology and organization studies over many decades Highly international in scope theorists and themes are drawn from both the USA and Europe in equal measure

Similarly the authors of the chapters are drawn from both sides of the Atlantic The result is a series of chapters on individuals and key research themes and debates which will provide faculty and post graduate researchers with appreciative authoritative and critical accounts that can be drawn on to design courses or provided guided reading to the field

**Social Policy** John Baldock,Nick Manning,Sarah Vickerstaff,2007-03 Designed for use by undergraduates on social policy social work and sociology courses and by students on vocational training courses including postgraduate this textbook covers all the main topics of social policy

*Emotion* Shelley Day Sclater,D. Jones,H. Price,C. Yates,2009-08-28 This unique collection provides a psychosocial approach to emotion exploring the emotional undercurrents of everyday phenomena as diverse as war reporting advertising education criminality public policy and motherhood and including contributors from sociology psychology cultural and media studies and psychoanalytical studies

**Alternative Salvations** Hannah Bacon,Wendy Dossett,Steve Knowles,2015-12-17 By considering transformative ideas and experiences which are explicitly articulated or implicitly structured in languages of religion and spirituality Alternative Salvations probes concepts including religious secular spiritual post Christian and post secular providing a series of studies which question the functionality of these broad categories Part one draws on contemporary salvation narratives showing how current cultural forms social practices and secular discourses are influenced by or are interpreted through the lens of religious and theological accounts of salvation Examples include twelve step recovery programs drug culture and public policy surrounding HIV AIDs in Kenya Although outside traditional religious contexts the contributors show ways in which they are not free from religious symbolism Part two explores alternative accounts of salvation rooted in religious traditions Established orthodoxies are confronted by contemporary critical questions for example about gender the status of animals and the political dimensions of salvation By contributing new perspectives and unique case studies Alternative Salvations provides a deliberate challenge to easy binaries which often underpin contemporary and traditional discourses of salvation

**White Identities** Simon Clarke,Steve Garner,2009-11-06 This book guides students as they explore how white identities are forged using both sociological and psycho social ideas Whiteness has traditionally been seen as ethnically transparent the marker against which other ethnicities are measured Only recently have scholars moved away from focusing on ethnic minorities and instead oriented their studies around the construction of white identities Including an excellent survey of the existing literature and original research from the UK this book will be an invaluable guide for sociology students taking modules in race and ethnicity
