Emerging Professional Counselor Student Dreams To Professional Realities:

The Emerging Professional Counselor Richard J. Hazler, Jeffrey A. Kottler, 2005 Resources in Education, 2001-10

Introduction to the Counseling Profession David Capuzzi, 2013-06-07 Introduction to the Counseling Profession is a comprehensive overview of the history and foundational concepts of counseling offering the most current and relevant breadth of coverage available. Students will gain insight into the myriad issues that surround not only the process of counseling and its many populations but also the personal dynamics that have an impact on this process. The contributed author format provides state of the art information from experts in their respective fields while maintaining a consistent structure and message. This edition has been brought in line with the 2009 Council for the Accreditation of Counseling and Related Educational Programs CACREP standards and includes chapters on each of the CACREP specializations. Topics rarely treated in other introductory texts are addressed such as research and writing in counseling technology and counseling and self care and growth. This edition includes new pedagogical features such as sidebars and more case studies to expand on key topics as well as new chapters on Cross Cultural Counseling Self Care and Self Growth Individual Counseling Diagnosis and Treatment Planning Addictions Counseling Student Affairs and College Counseling. A collection of supplemental resources are available online to benefit both instructors and students. Instructors will find PowerPoint slides and test banks to aid in conducting their courses and students can access chapter summaries exercises and other tools to supplement their review of the material in the text. These materials can be accessed at <http://www.routledge-mentalhealth.com/cw/Capuzzi> Counseling and Psychotherapy David Capuzzi, Mark D. Stauffer, 2016-03-24 Featuring important theories and trends not covered in other foundational texts, this book is designed to equip the next generation of counselors with the tools they need for understanding the core dimensions of the helping relationship. Topical experts provide contemporary information and insight on the following theories: psychoanalytic, Jungian, Adlerian, existential, person-centered, Gestalt, cognitive behavior, dialectical behavior, rational emotive behavior, reality therapy, choice theory, family, feminist, transpersonal, and new to this edition, solution-focused and narrative therapies, as well as creative approaches to counseling. Each theory is discussed from the perspective of historical background, human nature, major constructs, applications, the change process, traditional and brief intervention strategies, cross-cultural considerations, and limitations. The use of a consistent case study across chapters reinforces the differences between theories. Requests for digital versions from the ACA can be found on wiley.com.
