EMILY CLIMBS

By L. M. MONTGOMERY

*Author of
"Emily of New Moon," "Anne of Green Gables," etc.*

Anne of Green Gables will have to give way to Emily of New Moon; for Emily, now at the golden days of girl-life, fourteen to seventeen, has determined to climb. And she does, too—straight into the reader's heart. These are high-school days, filled with thrilling and delightful, and often amusing, happenings. Wifful, lovable Iles, Emily's dearest chum, thinks of such outlandish things to do. And even love comes tripping in. Freckle-faced Perry, of Stoverpipe Town, decides to marry Emily, of the luring smile; the priggish book-clerk is sure he will marry her; and Teddy—Emily drifts off into a world of beautiful dreams when she thinks of Teddy. And then comes the great moment when Emily is offered a glorious career in New York such as she had always dreamed of, and she must choose between it and life, and love, at New Moon.

With great poetic beauty in her descriptions, with the dramatic instinct of the storyteller, and with keen and delicious humor, L. M. Montgomery presents a tale that will delight either old or young.
