From a NEST and Maggie award winner, these stories are perfect for readers of Kristan Higgins, Robyn Carr, or Jill Shalvis. **From Scratch** Michael Ruhlman, 2019-10-15

From the James Beard Award winning New York Times bestselling author, through the recipes for 10 classic meals, he covers how to cook almost anything. Ina Garten, the Barefoot Contessa, *From Scratch* looks at ten favorite meals including roast chicken, the perfect omelet, and paella, and then through 175 recipes explores myriad alternate pathways that the kitchen invites. A delicious lasagna can be ready in about an hour, or you could turn it into a project, trying making and adding some homemade sausage. Explore the limits of from scratch cooking: make your own pasta, grow your own tomatoes, and make your own homemade mozzarella and ricotta. Ruhlman tells you how. There are easy and more complex versions for most dishes, vegetarian options, side dishes, sub dishes, and strategies for leftovers. Ruhlman reflects on the ways that cooking from scratch brings people together, how it can calm the nerves and focus the mind, and how it nourishes us, body and soul. Like a master chef clarifying a murky stock into a crystal clear consommé, Ruhlman detangles the complex web of technique, myth, and folklore that is cooking. The lessons are set up in such a way that you can decide exactly how deep a dive you want to take, though with a guide like Ruhlman at your side, that's most likely a mouth-first leap straight into the deep end. J. Kenji Lopez Alt, New York Times bestselling author of *The Wok*. He's like a good friend joining you in the kitchen, and this book will certainly become the home cook's trusted companion. Thomas Keller, chef proprietor, The French Laundry. *The Civil Rights Movement Through the Eyes of Lucius Holloway Sr.* Charlene Holloway Bishop, Lucius Holloway, 2008. **Test Talk** Amy H. Greene, Glennon Doyle Melton, 2007. Under No Child Left Behind, nearly every teacher faces a high-stakes balancing act: managing the often incompatible responsibilities of teaching students meaningfully or preparing them for standardized tests. Through their experiences teaching at a school that struggled to meet state test standards driven by NCLB, authors Amy Greene and Glennon Melton discovered a way to raise scores without compromising their strong beliefs about good teaching and learning. In *Test Talk*, Amy and Glennon share their story and their proven approach. This compelling book shows that teachers don't have to choose between best practice teaching and test preparation; effective test-taking strategies can be integrated into authentic reading instruction. The authors demonstrate how to improve performance on tests without resorting to teaching to the test, mnemonic devices, or other gimmicks. Instead, they focus on encouraging student readers to explore tests as a specific genre containing unique language, format, and cues. Concise and easy to use, *Test Talk* includes lesson plans and practice passages as well as sample questions and suggested language to use during lessons. Throughout the book, classroom vignettes show how seamlessly one can weave the test genre into reading workshop and connect those specialized skills to more general reading strategies. It is an invaluable resource for any teacher who struggles with how to

prepare kids for tests without sacrificing real teaching and learning **TV Family Values** Alice Leppert,2019-03-15 During the 1980s U S television experienced a reinvigoration of the family sitcom genre Drawing on Foucauldian and feminist theories Alice Leppert examines the nature of sitcoms against the backdrop of a time period generally remembered as socially conservative and obsessed with traditional family values **The Liar** Nora Roberts,2016-03 Returning to the hometown a newly widowed woman discovers her old life isn't over _ because her husband was a man she never really knew
