Emotions In The Workplace

Rob B. Briner

Emotions In The Workplace:

Managing Emotions in the Workplace , This study is designed to advance the understanding of the causes and effects of emotions at work and extend existing theories to consider implications for the management of emotions *Managing Emotions in the Workplace* Neal M. Ashkanasy, Wilfred J. Zerbe, Charmine E. J. Hartel, 2016-09-16 The modern workplace is often thought of as cold and rational as no place for the experience and expression of emotions Yet it is no more emotionless than any other aspect of life Individuals bring their affective states and emotional buttons to work leaders try to engender feelings of passion and enthusiasm for the organization and its mission and consultants seek to increase job satisfaction commitment and trust This book advances the understanding of the causes and effects of emotions at work and extends existing theories to consider implications for the management of emotions The international cast of authors examines the practical issues raised when organizations are studied as places where emotions are aroused suppressed used and avoided This book also joins the debate on how organizations and individuals ought to manage emotions in the workplace *Managing Emotions in the Workplace* is designed for use in graduate level courses in Organizational Behavior Human Resource Management or Organizational Development any course in which the role of emotions in the workplace is a central concern Scholars and consultants will also find this book to be an essential resource on the latest theory and practice in this emerging field *Experiencing and Managing Emotions in the Workplace* Neal M. Ashkanasy, Charmine E. J. Härtel, Wilfred J. Zerbe, 2012-06-20 This volume contains a further selection of the best papers presented at the Seventh Emonet conference Montreal Canada August 2010 following on from Volume 7 and is augmented with invited chapters by leading scholars in the field It focuses on the experience dynamics and regulation of emotion and the emotionally intelligent organization

Emotions in the Workplace: Advances in Research for the Well-being María del Carmen Pérez-Fuentes, José Jesús Gázquez, María del Mar Molero, Mahia Saracosti, 2022-02-11 **Toxic Emotions at Work and what You Can Do about Them** Peter J. Frost, 2007 Human interaction is never flawless Even the best relationships produce tension and at times unpleasant emotions Since organizations are comprised of people all organizations generate emotional pain as part of the process of doing business producing new products on tight deadlines setting benchmarks for performance creating budgets crafting company policies and so on Getting the job done is rarely painless But when emotional pain goes unmanaged or is poorly handled it can negatively affect both employees and the bottom line in essence it becomes toxic In *Toxic Emotions at Work and What to Do About Them* Peter J Frost argues that the way an organization responds to pain determines whether it remains toxic or becomes generative whether it endures as a debilitating poison or is transformed into a force for healthy organizations According to Frost when ignored toxic emotions betray employees hopes bruise their egos reduce their enthusiasm for work and diminish their sense of connectedness to their company s community and goals Compassionate responses to pain on the other hand encourage those who are suffering to effect constructive changes in their work lives

Despite their powerful role in employee performance toxic emotions are rarely addressed by organizations. Instead most companies respond to pain informally and unconsciously through self selected individuals whom Frost calls toxin handlers. Typically a senior manager or someone with a high emotional intelligence capacity toxin handlers soften the blow of emotional pain for others but over the course of time absorb much of the pain they handle to their own detriment. They are often unrecognized, unrewarded and poorly supported by their organizations. And while they often provide a temporary relief from the symptoms of toxic organizational pain toxin handlers alone are unable to eradicate toxic emotions for the long term. Toxic Emotions at Work and What to Do About Them suggests that handling toxic emotions effectively is an important though unrecognized set of competencies that must be understood and embraced not only by toxin handlers but by leaders, managers and the organization as a whole. Through rich examples of how individuals and organizations have managed emotional pain successfully Frost describes the key skills necessary to cope with emotional pain and to manage it effectively and offers concrete courses of action for organizations to institutionalize compassion in the face of emotional pain.

Emotions in the Workplace Robert G. Lord, 2002-04-15 Table of contents <http://www.loc.gov/catdir/toc/wiley021/2001007830.html> **The Cost of Emotions in the Workplace** Vali Hawkins Mitchell, 2014-05-30 Finally a people management guide that goes way beyond the typical problem employee books to help you understand and manage the entire emotional culture of your organization. Many of us have witnessed sometimes in helpless horror how a simple problem can spin into a corporate crisis as people take sides, outside professionals are brought in and company reputations suffer as this description illustrates. Everything was exposed and raw as if a common energy had stripped away the veneer of civilized behaviors. People took sides, hid, ran, quit, overworked, underworked, ate too much, drank more, complained more, went silent, changed jobs, exited. They reacted as if all their system had been tossed into the air and was never going to land again. This wasn't the scene of a criminal act, earthquake or terrorist attack. Rather it was the disruptive and costly outcome of months of escalating workplace tension in the wake of changed management policies. Like a tornado, two violent co-workers had left 600 others in emotional rubble. That company could have been prepared with corporate policies and procedures to defuse such emotionally charged situations long before alarming human and financial costs hit its bottom line. Managers could have learned to recognize and stop emotional spinning from gathering destructive force. The old paradigm of separating humans from humanity during work hours is not only antiquated thinking it's high risk corporate behavior. Dr. Vali calls her ground breaking solution Emotional Continuity Management. She provides tools you can use right now to avoid costs in decreased productivity, injured goodwill, employee turnover, plummeting employee engagement and severed business relationships. In this practical book Dr. Vali gives you Real life case studies that show you how to calculate bottom line dollars and cents costs of disruptive employees and managers and emotionally charged incidents. Proven techniques to help you identify variations in behavior that are early warning signs of trouble. She compares them to tornado warnings and provides a 5 point scale. An

understanding of the psychology driving emotional terrorists who stage themselves as victims and gather an army of acolytes to assist in their campaigns of emotional disruption and a game plan for managing such attacks before during and after an event Practical tools for managing workplace emotions before during and after an emergency based on the author s extensive on the ground experience in counseling first responders and victims during major national and international disasters Policies and procedures for working with military veterans returning to the workplace and the need to deal with PTSD Techniques for containing and mitigating the damage created by workplace bullies and when to decide if an amputation is required or a less extreme strategy is needed Sample policies and plans and detailed instructions for company wide training programs up and down the organization

Emotion at Work Rob B. Briner,1999 [The Power of Emotions at Work](#) Karla McLaren,2021-08-17 An in depth guide for all workers employees managers and CEOs on how to engage our emotions in the workplace to create a productive creative and truly workable environment We ve all been taught that we must suppress or avoid emotions at work but this inevitably leads to a loss in productivity diminished creativity and crushing job dissatisfaction Research shows 85 percent of us avoid communicating crucial workplace problems upward and many of us who are employed are actively looking for a different job What s going on The foundational problem is that we threw emotions out of the workplace when in fact emotions contain the information we need to make our workplaces work says Karla McLaren Now this renowned researcher shares her insights on the skills we most need and are most often absent in the business world for healthy functional and sustainable workplaces With *The Power of Emotions at Work* McLaren teaches communication and empathy skills to workers at all levels including How to co create a healthy and well balanced social environment that benefits all workers in any type of organization How to recognize your primary emotional role and the roles of others How to support people in your organization who perform the most emotional labor Where to find authentic motivation and engagement in your job How to go from an unintentional community to a place of genuine belonging and much more We all yearn to be our authentic selves at work where we feel supported and can communicate our feelings and frustrations in a constructive way Workplaces are unintentional communities says Karla McLaren because without access to our emotions at work we are left without the tools we need to do our best work in a functional community This is your resource to help you understand and engage intelligently with emotions at work so you can help to create healthy and intentional communities where people and projects thrive

Emotions at Work Roy L. Payne,Cary L. Cooper,2003-01-31 In this book the authors provide up to date thinking and research on the broad range of emotional experience in working environments with particular attention to the causes of emotional change the consequences of emotional experience for individuals and their organisations and the implications for effective strategies for managing individuals including oneself and organisations Offers systematic coverage of the latest concepts of emotion and methods for research in organisations Includes scientific understanding and critique of the field as well as implications for organisational practice

Social Functions of Emotion

and Talking About Emotion at Work Dirk Lindebaum, Deanna Geddes, Peter J. Jordan, 2018-10-26 Despite how much we know about emotion Social Functions of Emotion and Talking About Emotion at Work uniquely examines the utility of emotion in organizations against the ways in which both individuals and groups talk about them Drawing on psychological and sociological research this book provides groundbreaking insights for understanding how emotions are used in the workplace Bringing together contributions from leading emotion researchers this book features chapters focusing on 10 emotions ranging from awe to shame Through its exploration of the ways each emotion functions in relation to how we talk about them this book injects fresh theoretical and practical momentum into how our discussions of workplace emotion can affect how emotional events are appraised over time and place This in turn influences the causes expressions and consequences of emotions in the workplace With its novel approach this book will be an invaluable tool for academics researching emotion as well as postgraduate students working in the social sciences seeking reference material on emotion HR managers and general readers seeking greater insight into emotions at work will also find this book to be a useful tool Contributors include N M Ashkanasy R A Baron S Connelly M Dasborough C D Fisher D Geddes P Harvey M L A Hayward P J Jordan S Kiffin Petersen H C Lench D Lindebaum K E Moura K A Perez R H Smith R K Smith P N Stearns A C Troth M R Turner K L Tyrann T S H Wingenbach *Communicating Emotion at Work* Vincent R. Waldron, 2013-08-22 Communicating Emotion at Work chronicles the rich emotional experiences of employees drawn from a broad cross section of industries and occupations It takes a decidedly positive approach recognizing that emotional communication is a vital and creative response to the challenges of life in complex organizations The text introduces readers to the engaging and cross disciplinary body of research that has emerged around organizational emotion At the same time each chapter is steeped in real life emotional narratives concrete examples and the contemporary trends that are changing the emotional tenor of work Group Management of Stress-related Emotions in the Workplace Zdenka Šadl, Jerca Pavlič, Dana Mesner-Andolšek, 2023-05-25 This book spotlights the communities of coping that develop in everyday routines at work like socialising taking group breaks telling stories and jokes or drinking coffee and smoking together Such practices help employees improve their well being as they try to deal with the stress and emotions created by their demanding jobs Effective solutions for how work groups can better manage work related stress by building strong emotional cultures with a strong group mindset trust and connection are described The research points to communication patterns that encourage co workers to openly discuss work problems painful experiences and therefore better deal with stress These communal practices nourish the camaraderie that sustains them and ensures the work is done What is also highlighted is the way individuals become both involved in the system of power at play in the organisation by expressing suppressing their stress caused feelings and entangled in the struggles against this system **Emotion Management in the Workplace** Sharon C. Bolton, 2005-03-16 The work explores the management of emotion in organizations and the emotion management skills organizational actors need to possess in order

to achieve organizational objectives while also acknowledging the subjective experiences of its members The key strength of this text lies in its critical approach and labor process orientation It will appeal to students of organizational studies gender studies sociology and human resource management at the undergraduate and postgraduate levels

Handbook of the Sociology of Emotions Jan E. Stets, Jonathan H. Turner, 2007-10-10 Since the 1970s the study of emotions moved to the forefront of sociological analysis This book brings the reader up to date on the theory and research that have proliferated in the analysis of human emotions The first section of the book addresses the classification the neurological underpinnings and the effect of gender on emotions The second reviews sociological theories of emotion Section three covers theory and research on specific emotions love envy empathy anger grief etc The final section shows how the study of emotions adds new insight into other subfields of sociology the workplace health and more

It's Always Personal Anne Kreamer, 2011-03-29 An innovative study of gender emotion and power It's Always Personal is an essential companion for everyone navigating the challenges of the contemporary workplace How often have we heard It's nothing against you it's not personal it's just business But in fact at work it's never just business it's always personal In this groundbreaking book journalist and former corporate executive Anne Kreamer shows us how to get rational about our emotions and provides the necessary new tools to flourish in an emotionally charged workplace Combining the latest information on the intricacies of the human brain candid stories from employees and the surprising results of two national surveys It's Always Personal offers a step by step guide for identifying your emotional type Spouter Acceptor Believer or Solver Emotion Management Toolkits that outline strategies to cope with specific emotionally challenging situations vital facts that will help you understand and handle the six main emotional flashpoints anger fear anxiety empathy joy and crying an exploration of how men and women deal with emotions differently A stimulating read bolstered by snippets of some of the best recent work on emotional intelligence and the science of happiness The Wall Street Journal So what should be the rules and boundaries for showing how you feel while you work That's a question asked and answered in Anne Kreamer's fascinating book a look at an issue that rarely gets discussed The Washington Post Finally someone is willing to unpack the morass of anger anxiety sadness and joy that drives the workday Kreamer has hit the It's about time button Elle A lively well researched exploration of emotions on the job Oprah.com Explores how to be true to your emotional flashpoints anger fear anxiety empathy happiness and crying without sabotaging your career The New York Times Book Review

Emotion and Proactivity at Work Kelly Z. Peng, Chia-Huei Wu, 2021-04-16 EPDF and EPUB available Open Access under CC BY NC ND licence Individuals' behaviours at work are known to be shaped by cold or cognitive motivational processes as well as hot or affect motivational processes To date employee proactivity research has mainly focused on the cold side But emotion has been proposed to energize employees proactivity especially in interdependent and uncertain work environments In this pioneering work expert scholars offer new thinking on the process by examining how emotion can drive employees proactivity in the workplace and how in turn that

proactivity can shape one's emotional experiences Emotions in the Workplace Neal M. Ashkanasy, Charmine E. J. H{uml}artel, W. J. Zerbe, 2000 No Hard Feelings Liz Fosslien, Mollie West Duffy, 2019-02-05 Wall Street Journal Bestseller Next Big Idea Club selection chosen by Malcolm Gladwell Susan Cain Dan Pink and Adam Grant as one of the two most groundbreaking new nonfiction reads of the season A must read that topples the idea that emotions don't belong in the workplace Susan Cain author of *Quiet* A hilarious guide to effectively expressing your emotions at the office finding fulfillment and defining work life balance on your own terms How do you stop the office grouch from ruining your day How do you enjoy a vacation without obsessing about the unanswered emails in your inbox If you're a boss what should you do when your new eager hire wants to follow you on Instagram The modern workplace can be an emotional minefield filled with confusing power structures and unwritten rules We're expected to be authentic but not too authentic Professional but not stiff Friendly but not an oversharer Easier said than done As both organizational consultants and regular people we know what it's like to experience uncomfortable emotions at work everything from mild jealousy and insecurity to panic and rage Ignoring or suppressing what you feel hurts your health and productivity but so does letting your emotions run wild Our goal in this book is to teach you how to figure out which emotions to toss which to keep to yourself and which to express in order to be both happier and more effective We'll share some surprising new strategies such as Be selectively vulnerable Be honest about how you feel but don't burden others with your deepest problems Remember that your feelings aren't facts What we say isn't always what we mean In times of conflict and miscommunication try to talk about your emotions without getting emotional Be less passionate about your job Taking a chill pill can actually make you healthier and more focused Drawing on what we've learned from behavioral economics psychology and our own experiences at countless organizations we'll show you how to bring your best self and your whole self to work every day Creating Emotionally Intelligent Workspaces Edward Finch, Guillermo Aranda-Mena, 2019-10-02 Emotions in the workplace have until recently been seen simply as a distraction We often think of work as rational logical and non emotional But organisations are waking up to the key role of emotions and affect at work Emotions influence how we make decisions how we relate with one another and how we make sense of our surroundings Whilst organisations are slowly embracing the pivotal role of emotions designers and managers of workplaces have been struggling to keep up New insights from hard sciences such as neuropsychology are presenting a radically different interpretation of emotions Yet workplace designers and facilities managers still rely on measuring non specific states such as satisfaction and stress In this book we attempt to capture modern day interpretations of emotion looking at emotion in terms of transactions and processes rather than simple cause and effect We entertain the idea of an emotionally intelligent building as an alternative to the much hyped intelligent building The assertion is that we should create environments that are emotionally intelligent Rather than focusing on the aptitudes or shortcomings of individuals at work we should place closer attention on the office environment It's not that we are emotionally disabled it's the environment

that disables us The ability of you and me to interpret control and express emotions may not simply be a result of our own make up A radically different outlook considers how our workspace and workplace debilitates or enables our emotional understanding In the modern workplace there are many innovations that can undermine our emotional intelligence such poorly implemented hot desking or lean environments Contrariwise there are key innovations such as Activity Based Working ABW that have the potential to enhance our emotional state Through a series of unique case studies from around the world we investigate key concepts that can be used by designers and facilities managers alike No longer should designers be asked to incorporate emotional elements as intangible un costed add ons This book provides a shot in the arm for workplace design professionals pointing to a new way of thinking based on the emotional intelligence of the workplace
