a rich tradition of politicized avant garde conspiracies the Black Panthers being only the most impressive recent example to have caught the public eye To be honest anything in my own book was long tucked away in their laundry list already

Solution 168 185 America is the fourth book in the Solution series Opting for the United States of America still the most proficiently colonial place I know Zolghadr provides a compilation of highly entertaining solutions where the objective is not the education of America so much as the pleasure of a text that purports to be just that Tirdad Zolghadr is an independent writer curator based in Berlin He writes for frieze and other publications and is editor at large for Cabinet magazine Zolghadr most recently organized the national pavilion of the United Arab Emirates Venice Biennale 2009 and the long term project Lapdogs of the Bourgeoisie with Nav Haq He s a curatorial advisor to the Guggenheim Abu Dhabi Zolghadr currently teaches at the Center for Curatorial Studies Bard College

**Ireland's 1916 Rising** Mark McCarthy, 2016-05-06 In light of its upcoming centenary in 2016 the time seems ripe to ask why how and in what ways has memory of Ireland s 1916 Rising persisted over the decades In pursuing answers to these questions which are not only of historical concern but of contemporary political and cultural importance this book breaks new ground by offering a wide ranging exploration of the making and remembrance of the story of 1916 in modern times It draws together the interlocking dimensions of history making commemoration and heritage to reveal the Rising s undeniable influence upon modern Ireland s evolution both instantaneous and long term In addition to furnishing a history of the tumultuous events of Easter 1916 which rattled the British Empire s foundations and enthused independence movements elsewhere Ireland s 1916

Rising mainly concentrates on illuminating the evolving relationship between the Irish past and present In doing so it unearths the far reaching political impacts and deep seated cultural legacies of the actions taken by the rebels as evidenced by the most pivotal episodes in the Rising s commemoration and the myriad varieties of heritage associated with its memory This volume also presents a wider perspective on the ways in which conceptualisations of heritage culture and identity in Westernised societies are shaped by continuities and changes in politics society and economy In a topical conclusion the book examines the legacy of Queen Elizabeth II s visit to the Garden of Remembrance in 2011 and looks to the Rising s 100th anniversary by identifying the common ground that can be found in pluralist and reconciliatory approaches to remembrance
