**Empowering Leadership** Michael Fletcher, 2018-01-23 A major problem in the local church today is lack of leadership Simply put we have more needs than we have leaders to meet those needs So how do we train better leaders faster The truth is very few churches really have a well thought out leadership development plan Growth requires continually adding healthy new leaders who carry the church culture forward and embody its core values Everyone knows it but how do we achieve it In Empowering Leadership author and leadership consultant Michael Fletcher says leaders like this can't simply be bought nor can they be hired from someone else's leadership assembly line Developing leaders at every level to create an environment that attracts potential leaders and to build better leaders faster an organization needs more than a pipeline It needs a culture that develops leaders organically Finding the right kind of leaders to guide your church on a path of continual growth comes out of keeping the right focus and that focus is not just on the leaders In fact as Fletcher says It isn't about the leader It never was about the leader It will never be about the leader It will always and only be about Jesus and his people It's about the people True leadership development includes the often messy but necessary interaction of life upon life So hiring pastors and key staff roles from within the church is the very best policy people who breathe the culture of the church and who have helped create the culture you want to maintain If your church or organization needs a good leadership development structure then you're holding the right book Empowering Leadership details Michael's greatest insights on how to build better leaders faster by creating a leadership development culture in your church or organization naturally organically continually

George, Warren Bird, 2017-04-04 Some churches grow rapidly only to hit a ceiling Other churches have experienced declining or static attendance many of them for decades Frustrated pastors and church leaders want growth methods that work but without adding to pastoral fatigue How to Break Growth Barriers argues that growth comes when effective leadership and lay empowerment skills work hand in hand This requires a shift of focus from the shepherd as the

primary caregiver to shepherd as developer and coach of many caregivers The authors show pastors how to communicate a vision for the future and then how to lead the congregation into the paradigms necessary for potentially limitless growth The strategies found in this book are not only tried and true and taken from a biblical perspective of a harvest vision They re also newly updated to reflect our changing culture including helpful charts and checklists for self evaluation Counseling for Spiritually Empowered Wholeness William M Clements,Howard Clinebell,2013-11-26 Counseling for Spiritually Empowered Wholeness is an introduction to Wholeness Counseling also called Growth Counseling a whole person approach to pastoral counseling psychotherapy and education as developed by Howard Clinebell He begins the book by emphasizing how the role of healthy spirituality and reality based hope is crucial to facilitate healing and growth in all dimensions of life He encourages readers to apply the principles and methods in the book to their own growth and to develop their own growth centered approaches approaches that reflect their particular styles and personalities to counseling therapy and education This newly revised edition of Growth Counseling makes readily available an understanding of the Wholeness Counseling approach and its methods for both pastoral and secular counselors and professional and nonprofessional readers Dr Clinebell has a psychological understanding of the universal human need for healthy spirituality and as he writes from this perspective he opens doors for readers to distinguish healthy from unhealthy religion and provides them with methods to enhance their own spiritual health Readers who desire to explore the Wholeness Counseling approach will find that Counseling for Spiritually Empowered Wholeness guides them through insights and methods they can use to accelerate their personal and professional growth in each of the seven dimensions of life the roots in the Hebrew and Christian scriptures of this approach which helps readers grow and be healed the importance of playfulness to balance work in a healthy lifestyleThe primary target audience is theological seminary teachers and students clergy in all denominations members of congregations who work in the healing and helping professions and laypersons interested in learning ways to enhance their own wholeness or being trained to serve on lay pastoral care teams Others who will benefit from Counseling for Spiritually Empowered Wholeness include those in the counseling healing and teaching professions who wish to know more about a growth oriented approach which includes a robust emphasis on the role of healthy spirituality for total well being **Hosting the Holy Spirit** Richard B.
