The Soul's Religion Thomas Moore, 2009-03-17 In this companion volume to his worldwide bestseller *Care of the Soul*, Thomas Moore offers a way of living in this new and confusing century. Drawing on faith's front all over the world as well as from his own vast well of knowledge and personal experience, Moore shows its low religion can be used to embrace others rather than exclude them. He helps it become comfortable with our doubts and reveals a liberating truth: it is in the dark corners of the soul. Chat, trite faith is born. Intimate and provocative, Moore writes with the compassion of a parent and the wisdom of a trite teacher.

The Concise New Partridge Dictionary of Slang and Unconventional English Tom Dalzell, Terry Victor, 2014-11-27 The Concise New Partridge Dictionary of Slang and Unconventional English presents all the slang terms from The New Partridge Dictionary of Slang and Unconventional English in a single volume. Containing over 60,000 entries, this concise new edition of the authoritative work details the slang and unconventional English of from around the English-speaking world since 1945 and through the first decade of the new millennium with the same thorough, intense, and lively scholarship that characterized Partridge's own work. Unique, exciting, and at times hilariously shocking, key features include unprecedented coverage of World English with equal prominence given to American and British English slang, and entries included from Australia, New Zealand, Canada, India, South Africa, Ireland, and the Caribbean, emphasis on post-World War II slang, and unconventional English dating information for each headword in the tradition of Partridge commentary on the term's origins and meaning. New to this second edition: a new preface noting slang trends of the last eight years; over 1,000 new entries from the US, UK, and Australia reflecting important developments in language and culture; new terms from the language of social networking from a range of digital communities including texting, blogs, Facebook, Twitter, and online forums; many entries now revised to include new dating and new glosses ensuring maximum accuracy of content. The Concise New Partridge Dictionary of Slang and Unconventional English is a spectacular resource infused with humour and learning: it's rude, it's delightful, and it's a prize for anyone with a love of language.

Picnic Comma Lightning: The Experience of Reality in the Twenty-First Century Laurence Scott, 2019-05-28 A stylish, playful exploration of what digital life is doing to the way we find meaning in the world. Guardian In Vladimir Nabokov's *Lolita*, Humbert Humbert offers a memorably brief account of his parents' death picnic. *Picnic Comma Lightning* too opens with death: that of Laurence Scott's mother. Because for a philosopher, death raises a profound existential question: How do we know what is real, especially when we have come to question the reality of

so many of our day to day experiences Writing from the intersection of philosophy politics and memoir Scott transforms his personal meditation on loss into a beguiling exploration of what it means to exist in the world today It used to be that our lives were rooted in reasonably solid things to people places and memories Now in an age of online personas alternative truths constant surveillance and an increasingly hysterical news cycle our realities are becoming flimsier and more vulnerable than ever before Scott's far ranging examination charts the ways our traditional mental models of the world have started to fray He ponders how ubiquitous cameras reframe our private lives an event only exists once someone posts the video how mysterious algorithms undermine our attempts at self definition through their own data driven portraits and what happens in those moments when our illusions about reality are ruptured by incontrovertible facts like the death of a parent or a bolt of lightning A report from the front line of the online generation Sunday Times Picnic Comma Lightning is an essential account of how we've started to make sense of our strange new world

The Philosophy of Documentary Film David LaRocca, 2016-12-20 The spirit that founded the volume and guided its development is radically inter and transdisciplinary Dispatches have arrived from anthropology communications English film studies including theory history criticism literary studies including theory history criticism media and screen studies cognitive cultural studies narratology philosophy poetics politics and political theory and as a special aspect of the volume theorist filmmakers make their thoughts known as well Consequently the critical reflections gathered here are decidedly pluralistic and heterogeneous inviting not bracketing or partitioning the dynamism and diversity of the arts humanities social sciences and even natural sciences in so far as we are biological beings who are trying to track our cognitive and perceptual understanding of a nonbiological thing namely film whether celluloid based or in digital form these disciplines so habitually cordoned off from one another are brought together into a shared conversation about a common object and domain of investigation This book will be of interest to theorists and practitioners of nonfiction film to emerging and established scholars contributing to the secondary literature and to those who are intrigued by the kinds of questions and claims that seem native to nonfiction film and who may wish to explore some critical responses to them written in engaging language
